## TRADEMARK SECURITY AGREEMENT

This TRADEMARK SECURITY AGREEMENT (this "Agreement") dated as of May 14, 2021, is made by SENTINEL TECHNOLOGIES, INC., an Illinois corporation ("Grantor"), in favor of FIFTH THIRD BANK, NATIONAL ASSOCIATION ("Lender").

A. Grantor and Lender are parties to that certain Credit Agreement dated as of the date hereof (as amended, restated, supplemented, or otherwise modified from time to time, the "Credit Agreement"), and certain related collateral documents (together with the Credit Agreement, the "Loan Documents"), pursuant to which the Lender has agreed to extend loans and other financial accommodations to Grantor and Grantor has granted to the Lender a security interest in substantially all the assets of Grantor, including all right, title, and interest of Grantor in, to, and under all now owned and hereafter acquired trademarks, trademark applications, and trademark licenses, and all products and proceeds thereof, to secure the payment of all amounts owing by the Grantor under the Credit Agreement.

B. Pursuant to the Loan Documents, the Grantor is required to execute and deliver this Agreement to the Lender.

NOW, THEREFORE, in consideration of the mutual agreements set forth herein and in the Loan Documents, Grantor does hereby grant to the Lender a continuing security interest in all of Grantor's rights, titles, and interests in, to and under the following, whether presently existing or hereafter created or acquired:

- (1) each trademark and trademark application of Grantor, including, without limitation, each trademark and trademark application of Grantor referred to in *Schedule 1* annexed hereto, together with any reissues, continuations, or extensions thereof and all goodwill associated therewith (provided, however, that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use applications under applicable federal law; provided further, however, that upon submission and acceptance by the United States Patent and Trademark Office of an amendment to allege use pursuant to 15 U.S.C. Section 1060(a) (or any successor provision), such intent-to-use trademark application shall cease to be exempted from this Agreement);
- (2) each trademark license of Grantor, including, without limitation, each trademark license of Grantor listed on *Schedule 1* annexed hereto, together with all goodwill associated therewith; and
- (3) all products and proceeds of the foregoing, including, without limitation, any claim by Grantor against third parties for past, present or future infringement of any trademark, including, without limitation, any trademark referred to in *Schedule 1* annexed hereto, any trademark issued pursuant to a trademark application referred to in *Schedule 1* annexed hereto and any trademark licensed under any trademark license listed on *Schedule 1* annexed hereto (items (1) through (3) being herein collectively referred to as the "Trademark Collateral").

This security interest is granted in conjunction with the security interests granted to Lender pursuant to the Loan Documents and subject to limitations set forth therein. Grantor hereby acknowledges and affirms that the rights and remedies of Lender with respect to the security interest in the Trademark

Collateral made and granted hereby are more fully set forth in the Loan Documents, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. Capitalized terms used but not defined herein have the respective meanings ascribed to them in the Credit Agreement.

Grantor has caused this Trademark Security Agreement to be duly executed by its duly authorized officer thereunto as of the date first set forth above.
