PATENT AND TRADEMARK ASSIGNMENT AGREEMENT

This Patent and Trademark Assignment Agreement (the "Assignment"), dated as of December 21, 2017, is made by and between Neurvana Medical, LLC, a Delaware limited liability company ("Assignor"), and Balt USA, LLC, a Delaware limited liability company ("Assignee"). Assignor and Assignee are sometimes individually referred to herein as a "Party" and are sometimes collectively referred to herein as the "Parties".

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement dated as of even date herewith, by and between Assignor and Assignee (the "Purchase Agreement"). All capitalized terms used in this Assignment and not otherwise defined in this Assignment shall have the respective meanings provided to such terms in the Purchase Agreement.

WHEREAS, in connection with the Purchase Agreement dated as of the date hereof between Assignee and Assignor, Assignor desires to assign, and Assignee desires to acquire, all right, title and interest in and to the Assigned Patents (defined below) and the Assigned Trademarks (as defined below) and the Parties wish to record such acquisition in the United States Patent and Trademark Office.

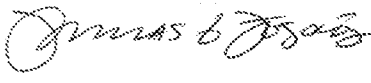

NOW, THEREFORE, for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor and Assignee hereby agree as follows:

1. Assignment of Patents. Effective as of date hereof, Assignor hereby sells, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to (i) the patents and patent applications set forth in Schedule A hereto; (ii) all inventions and improvements described and claimed therein, and patents which may be granted from parents, divisions, reissues, substitutions, continuations, continuations-in-part, reexaminations, foreign counterparts and extensions thereof claiming priority to the underlying said patent rights; (iii) all licenses for the use of the patents; (iv) all income, royalties, damages, claims, and payments now or hereafter due or payable under and with respect thereto, including, without limitation, damages, claims, and payments for past and future infringements thereof; (v) all rights to sue for past, present, and future infringements of the foregoing, including the right to settle suits involving claims and demands for royalties owing; (vi) all rights corresponding to any of the foregoing throughout the world; and (vii) the right to assign the rights conveyed herein, the same to be held and enjoyed by Assignee for its own use and benefit, and for the benefit of its successors, assigns, and legal representatives (the "Assigned Patents").
2. Assignment of Trademarks. Effective as of date hereof, Assignor hereby sells, conveys, assigns and delivers to Assignee and Assignee accepts all right, title and interest of Assignor in and to the trademarks and trademarks applications set forth in Schedule B hereto, together with all goodwill associated therewith, and all registrations, applications for registration, and renewals for any of the foregoing (the "Assigned Trademarks").
3. Successors. This Assignment shall inure to the benefit of and is binding upon the respective successors and assigns of Assignor and Assignee.
4. Governing Law. This Assignment shall be governed and controlled as to validity, enforcement, interpretation, construction, effect and in all other respects by the internal laws of the State of Delaware applicable to contracts made in that State (without giving effect to choice of law provisions that might apply the law of some other jurisdiction).
5. Counterparts. This Assignment may be executed in separate counterparts, each of which is deemed to be an original and all of which taken together constitute one and the same agreement.

IN WITNESS WHEREOF, Assignor and Assignee caused this AGREEMENT to be duly executed as of the date first written above.
