TRADEMARK ASSIGNMENT AGREEMENT

This Trademark Assignment Agreement (this “Trademark Assignment”) is made and entered into as of this 30th day of July, 2021 by and between Warn Industries, Inc., a Delaware corporation (the “Purchaser”), and Fab Fours, Inc., a Texas corporation (the “Company”).

WHEREAS, the parties hereto have entered into that certain Asset Purchase Agreement, dated as of the date hereof (the “Purchase Agreement”), pursuant to which, among other things, the Company has agreed to sell, convey, transfer, assign, and deliver to the Purchaser, and the Purchaser has agreed to assume, the Purchased Proprietary Rights (as defined in the Purchase Agreement).

NOW, THEREFORE, in consideration of the mutual covenants, terms, and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Definitions.** All capitalized terms used in this Trademark Assignment but not otherwise defined herein shall have the respective meanings ascribed to such terms in the Purchase Agreement.

2. **Assignment.** The Company hereby sells, conveys, transfers, assigns, and delivers to the Purchaser and its successors and assigns, and the Purchaser hereby accepts, all of the Company’s right, title, and interest in and to the following:

(a) the trademarks covered by the trademark registrations and trademark applications set forth in Schedule A, including all common law rights relating thereto, along with all other trademarks, service marks, trade names, trade dress, logos, business and product names and slogans included in the Purchased Proprietary Rights, together with the goodwill connected with the use of and symbolized by the foregoing, and registrations and applications for registration thereof (collectively, the “Trademarks”);

(b) all rights of any kind whatsoever of the Company accruing under any of the foregoing provided by applicable Law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(d) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

3. **Recordation and Further Actions.** The Company authorizes the Commissioner for Trademarks in the U.S. Patent and Trademark Office, and any other governmental officials, to record and register this Trademark Assignment upon request by the Purchaser. Upon the reasonable request of the Purchaser, the Company shall take such steps and actions following the date hereof, at no cost to the Company, including the execution and delivery of any documents, files, registrations, or other similar items, as may be reasonably necessary to effect, evidence, or perfect the assignment of the Trademarks to the Purchaser, or any assignee or successor thereto.

4. **Terms of the Purchase Agreement.** The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements, and indemnities contained in the Purchase Agreement

shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

5. **Governing Law.** This Trademark Assignment shall be governed by and construed in accordance with the Laws of the State of Delaware applicable to contracts made and to be performed wholly therein.

6. **Severability.** If any term or provision of this Trademark Assignment is determined to be invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Trademark Assignment or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal, or unenforceable, the parties hereto shall negotiate in good faith to modify this Trademark Assignment so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.

7. **Counterparts.** This Trademark Assignment may be executed in any number of counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Trademark Assignment delivered by e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Trademark Assignment.

8. **No Third Party Beneficiaries.** This Trademark Assignment is for the sole benefit of the parties hereto and their respective successors and permitted assigns, and nothing herein, express or implied, is intended to or shall confer upon any other Person any legal or equitable right, benefit, or remedy of any nature whatsoever under or by reason of this Trademark Assignment.
