WHEREAS, the Parties have entered into a Secured Venture Term Loan and Warrant Agreement on or about Jul 13, 2021 as may be amended, modified, extended or renewed from time to time (the "Loan Agreement"). NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

1. **Grant of Security.** Company hereby grants to the Secured Party an exclusive fixed charge security interest in all of such Company's (including, without limitation, Company's subsidiaries, related or affiliated companies', now existing and/or hereinafter formed) right, title and interest in and to the following (the "Collateral"):
  - 1.1. the trademark set forth in Schedule A hereto, whether registered, pending or otherwise (the "Trademark") and any right derived therefrom;
  - 1.2. the patent(s) and patent application(s) set forth in Schedule B hereto, whether registered, pending, expired or otherwise (the "Patents");
  - 1.3. all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing Collateral, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Company accruing thereunder or pertaining thereto;
  - 1.4. any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing Collateral, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
  - 1.5. any and all proceeds of, collateral for, income, royalties and other payments now or hereinafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of, or arising from, any of the foregoing.
2. **Security for Obligations.** The grant of a first ranking, exclusive fixed charge and security interest in the Collateral by the Company under this IP Security Agreement secures the payment of all obligations of the Company now or hereafter existing under or in respect of the Loan Agreement, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, including, without limitation, attorney's fees on a full indemnity basis, any other indemnifications available at law or in equity, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to the Company, the payment of all amounts that constitute part of the secured obligations and that would be owed by the Company to the Secured Party under the Loan Agreement. All security interests that have been or may be created in favor of the Secured Party for payment and performance of the secured liabilities under Section 3 of the Loan Agreement shall be independent of one another.

  - 4.5. All authorisations, consents and approvals, including any government approvals to the extent required, in connection with the entry into, performance, validity and enforceability of this IP Security Agreement and the transactions contemplated hereby have been obtained or effected and are in full force and effect and no steps have been taken (or will be taken during the term of the Loan Agreement until repaid in full in accordance thereof) to revoke or cancel any authorisation obtained or effected.
  - 4.6. The security interest created hereby constitutes a legal valid and binding, first ranking security and lien over the presently existing Collateral and will constitute a legal valid and binding, first ranking security and lien over the Collateral acquired after the date hereof, enforceable in accordance with the terms hereof.   - 5.2. The Company shall not create, or permit to exist, any liens, restrictions, claims and encumbrances of any kind whatsoever on any of the Collateral (whether ranking in priority to or after the security interests created hereby), nor shall it enter into any other agreement or financing arrangement in which a negative pledge in any of its Collateral, is granted to any other party.
  - 5.3. The Company shall defend the Collateral or cause the Collateral to be defended against, and shall take, at its expense, any action necessary to remove any security interest over the Collateral, and shall defend the right, title and interest of the Secured Party in and to any Collateral against the claims and demands of all other persons, entities or other third parties.
  - 5.4. The Company will not take any action which could expected to prejudice or damage the enforceability of the security interest created hereunder.
  - 5.5. The Company will allow the Secured Party or the Secured Party's representatives during normal business hours to inspect the Company's documentation with respect to the Collateral wherever

the same may be.

5.6. Without derogating from the rights of the Secured Party, the Company shall notify the Secured Party of any default under this IP Security Agreement (and the steps, if any, being taken to remedy it) promptly (but in any event within 3 days) upon it becoming aware of the occurrence thereof. In particular, the Company shall:

5.6.2. notify the Secured Party immediately of the imposition of any attachment or the issue of any execution proceedings or of any application for the appointment of a receiver or special manager (whether interim or permanent) over or with respect to the Collateral or any part thereof and shall immediately notify the authorities which levied such attachment or issued such execution proceedings or received the application for the appointment of such receiver or manager and any third party who initiated or applied for such action, of this IP Security Agreement in favor of the Secured Party, and forthwith to take, at the expense of the Company, all steps necessary for the discharge of such attachment, execution proceedings or appointment of receiver, as the case may be.

6. Miscellaneous

6.1. Assignment. This IP Security Agreement shall be binding upon and inure to the benefit of each party hereto and its permitted successors and assigns. The Company may not assign or transfer all or any part of its rights and/or obligations under this IP Security Agreement. The Secured Party shall be entitled, at all times, to assign to others its rights under this IP Security Agreement, without the necessity of obtaining the Company's consent thereto.

6.2. Notice. Except as otherwise provided herein, whenever it is provided herein that any notice, demand, request, consent, approval, declaration or other communication shall or may be given to or served upon any of the parties hereto by any other party, or whenever any of the parties hereto desires to give or serve upon any other a communication with respect to this IP Security Agreement, each such notice, demand, request, consent, approval, declaration or other communication shall be in writing and either shall be delivered in person or sent by registered or certified mail, return receipt requested, with proper postage prepaid, or by facsimile transmission and confirmed by delivery of a copy by personal delivery or mail as otherwise provided herein:

or at such other address as may be substituted by notice given as herein provided. The giving of any notice required hereunder may be waived in writing by the party entitled to receive such notice. Every notice, demand, request, consent, approval, declaration or other communication hereunder shall be deemed to have been duly served, given or delivered upon the earliest of (a) actual receipt, (b) upon transmission if sent during business hours at the place of receipt or, if not so sent, on the next opening of regular business hours following transmission when sent by email or facsimile transmission (with such email or facsimile promptly confirmed by delivery of a copy by personal delivery or courier as otherwise provided in this Section 6.2), and (c) three (3) business days after deposit with a reputable international express courier properly addressed with all charges prepaid. 6.3. Delays or Omissions: Waiver. The rights of the Secured Party may be waived only in writing and specifically; the conduct of the Secured Party shall not be deemed a waiver of any of its rights pursuant to this IP Security Agreement and/or as a waiver or consent on its part as to any breach

or failure to meet any of the terms of this IP Security Agreement or as an amendment hereto. A waiver by the Secured Party in respect of a breach by the Company of its obligations shall not be construed as a justification or excuse for a further breach of its obligations. No delay or omission to exercise any right, power, or remedy accruing to the Secured Party upon any breach or default by the Company shall impair any such right or remedy nor shall it be construed to be a waiver of any such breach or default, or any acquiescence therein or in any similar breach or default thereafter occurring. The rights of the Secured Party hereunder may be exercised as often as necessary and are cumulative and not exclusive of its rights under the general law.

- 6.4. Amendments. Any term of this IP Security Agreement may be amended or modified only by a written document signed by the Company and the Secured Party.
- 6.5. Entire Agreement. This IP Security Agreement contains the entire understanding of the parties hereto with respect to its subject matter and all prior negotiations, discussions, agreements, commitments and understandings between them with respect thereto not expressly contained herein shall be null and void in their entirety, effective immediately with no further action required.
- 6.6. Severability. If a provision of this IP Security Agreement is or becomes illegal, invalid or unenforceable in any jurisdiction, that shall not affect the validity or enforceability in that jurisdiction of any other provision hereof or the validity or enforceability in other jurisdictions of that or any other provision hereof. Where provisions of any applicable law resulting in such illegality, invalidity or unenforceability may be waived, they are hereby waived by each party to the full extent permitted so that this IP Security Agreement shall be deemed valid and binding agreements, in each case enforceable in accordance with its terms.
- 6.7. Counterparts, Facsimile Signatures. This IP Security Agreement may be executed in any number of counterparts, and this has the same effect as if the signatures on the counterparts were on a single copy of the IP Security Agreement. A signed IP Security Agreement received by a party hereto via facsimile or electronic e-mail will be deemed an original, and binding upon the party who signed it.
- 6.8. Governing Law and Venue. This IP Security Agreement shall be governed by and construed in accordance with the laws of the State of Israel, without giving effect to the principles thereof relating to conflict of laws. The competent courts of the city of Tel Aviv-Jaffa shall have exclusive jurisdiction to hear all disputes arising in connection with this IP Security Agreement and no other courts shall have any jurisdiction whatsoever in respect of such disputes.
- 6.9. Further Actions. Each of the Parties hereto shall perform such further acts and execute such further documents as may reasonably be necessary to carry out and give full effect to the provisions of this IP Security Agreement and the intentions of the Parties as reflected thereby.
- 6.10. No Third Party Beneficiaries. Nothing in this IP Security Agreement shall create or confer upon any person or entity, other than the parties hereto or their respective successors and permitted assigns, any rights, remedies, obligations or liabilities, except as expressly provided herein.

IN WITNESS WHEREOF, each of the Parties has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
