This Intellectual Property Security Agreement (this “Agreement”) is entered into as of August 27, 2021 by and among **DRONE RACING LEAGUE, INC.**, a Delaware corporation (“Grantor”), the investors listed on Schedule A hereto and **RSE VENTURES, LLC**, as collateral agent for such investors (in such capacity, the “Collateral Agent” and collectively with such investors, the “Secured Parties” and each of which is herein referred to as a “Secured Party.”)

RECITALS

A. Grantor has become obligated to pay certain amounts to the Secured Parties pursuant to one or more Subordinated Secured Convertible Promissory Notes (as amended, modified, supplemented or restated, each, a “Note” and collectively, the “Notes”) issued by Grantor pursuant to the Note and Warrant Purchase Agreement, dated as of even date with this Agreement, by and among Grantor and the Secured Parties (as amended, modified, supplemented or restated from time to time, the “Purchase Agreement”);

B. In connection with the Purchase Agreement, Grantor’s obligations to repay the Notes are secured with a security interest in certain assets of Grantor, pursuant to the Security Agreement, dated as of even date with this Agreement, by and among Grantor and the Secured Parties (as amended, modified, supplemented or restated from time to time, the “Security Agreement”), which security interest, to the extent required under the Subordination Agreement, dated as of even date with this Agreement, by and among the Secured Parties and Silicon Valley Bank (“Bank”), as amended, modified, supplemented or restated from time to time (the “Subordination Agreement”), shall be junior to the security interest of Bank (the “Senior Position Security Interest”) under that certain Loan and Security Agreement, dated as of July 30, 2020, by and among Grantor, Performance Drone Works, LLC and Bank and the other transaction documents entered into by Grantor and Bank in connection therewith, in each case as amended, modified, supplemented or restated from time to time.

C. Pursuant to the Security Agreement, Grantor and the Secured Parties have agreed to execute and deliver to the Collateral Agent this Agreement, pursuant to which Grantor shall grant to Collateral Agent (for the ratable benefit of the Secured Parties) a security interest in certain Copyrights, Trademarks, Patents, and Mask Works (as each term is defined below) in order to record the security interest in the Intellectual Property Collateral (as defined below) with the United States Patent and Trademark Office and the United States Copyright Office.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Purchase Agreement, Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

1. Grant of Security Interest. (a) Any and all copyright rights, copyright applications, copyright registrations and like protections in each work or authorship and derivative work thereof, whether published or unpublished and

(b) Any and all trade secrets, and any and all Intellectual Property rights in computer software and computer software products now or hereafter existing, created, acquired or held;

(c) Any and all design rights that may be available to Grantor now or hereafter existing, created, acquired or held;

(d) All patents, patent applications and like protections including, without limitation, improvements, divisions, continuations, renewals, reissues, extensions and continuations-in-part of the same, including without limitation the patents and patent applications set forth on Exhibit B attached hereto (collectively, the "Patents");

(e) Any trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks, including without limitation those set forth on Exhibit C attached hereto (collectively, the "Trademarks");

(g) Any and all claims for damages by way of past, present and future infringements of any of the rights included above, with the right, but not the obligation, to sue for and collect such damages for said use or infringement of the intellectual property rights identified above;

(h) All licenses or other rights to use any of the Copyrights, Patents, Trademarks, or Mask Works and all license fees and royalties arising from such use to the extent permitted by such license or rights;

(i) All amendments, renewals and extensions of any of the Copyrights, Trademarks, Patents, or Mask Works; and

(j) All proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing.
