**CONFIRMATORY TRADEMARK ASSIGNMENT**  
**(NUNC PRO TUNC)**

This Confirmatory Trademark Assignment is entered into *nunc pro tunc*, effective as of **March 28, 2021** (“Effective Date”), by and between **Univa Corporation**, a Delaware corporation, on behalf of itself and its affiliates (“Assignor”), and **Altair Engineering Inc.**, a Delaware corporation (“Assignee”). Assignor and Assignee may be referred to collectively as the “Parties” and individually as “Party.”

**RECITALS**

WHEREAS, Assignor and Assignee previously entered into the Intellectual Property Assignment, dated March 28, 2021 (“IP Assignment”), which is hereby incorporated by reference.

WHEREAS, IP Assignment includes an assignment of “any and all intellectual property of Assignor” to Assignee, as well as non-limiting examples of such intellectual property, such as “any and all trademarks and service marks of Assignor.”

WHEREAS, Assignor and Assignee desire to enter into this Confirmatory Trademark Assignment to leave no doubt that any and all trademarks and service marks, including any and all goodwill thereof, of Assignor are assigned, if not through the IP Assignment, then through this Confirmatory Trademark Assignment, to Assignee.

WHEREAS, additionally, for avoidance of doubt and recordation purposes, the Parties wish to enter into this Confirmatory Trademark Assignment to memorialize the understanding of the Parties.

NOW THEREFORE, to effect the intentions of the Parties and for good and valuable consideration, which the Parties acknowledge through their signatures herein, the Parties do hereby agree as follows:

**TERMS**

Through this Confirmatory Trademark Assignment, as of the Effective Date, Assignor confirms the assignment in the IP Assignment to Assignee of “all right, title, and interest in any and all intellectual property rights of Assignor ... including, but not limited to, ... any and all trademarks and service marks of Assignor.”

For avoidance of doubt, in case of any defect or other ineffectiveness of the IP Assignment in regard to trademarks or service marks, Assignor, through this Confirmatory Trademark Assignment, as of the Effective Date, does hereby assign to Assignee all right, title, and interest in (i) the registrations and underlying marks listed in **Schedule 1** together with any and all goodwill thereof, including, but not limited to, goodwill of the business in which such marks are used and goodwill of the business connected with the use of and symbolized by such marks (“Registered Marks”), (ii) any and all unregistered marks together with any and all goodwill thereof, including, but not limited to, goodwill of the business in which such marks are used and goodwill of the business connected with the use of and symbolized by such marks (“Unregistered Marks”), (iii)

any and all registration applications, renewals, and extensions, throughout the world, for the Registered Marks together with any and all goodwill thereof, including, but not limited to, goodwill of the business in which such Registered Marks are used and goodwill of the business connected with the use of and symbolized by such Registered Marks, and (iv) any and all registration applications, renewals, and extensions, throughout the world, for the Unregistered Marks together with any and all goodwill thereof, including, but not limited to, goodwill of the business in which such Unregistered Marks are used and goodwill of the business connected with the use of and symbolized by such Unregistered Marks (collectively referred to herein as "Marks").

The Parties acknowledge that Assignee's rights in the Marks assigned hereunder include, but are not limited to, the following:

- a. all rights to pursue, maintain, renew, and extend registration of the Marks;
- b. all rights to defend the validity of the Marks;
- c. all rights to bring causes of action, in law and equity, to enforce the Marks;
- d. all rights to recover damages and receive injunctive relief for past, current, and future infringement or other violation of the Marks;
- e. all rights to collect royalties and other payments on the Marks;
- f. all rights to any and all goodwill of the Marks; and
- g. all benefits, privileges, causes of action, and remedies relating to any of the foregoing, whether before or hereafter accrued.

Further, Assignor does hereby give consent to Assignee to take solely in Assignee's name all necessary procedures for recording this Confirmatory Trademark Assignment for the Marks at the trademark offices of the United States and other jurisdictions elsewhere in the world. Assignor hereby authorizes trademark offices and other governmental agencies to grant and issue any and all registrations upon the Marks in the name of Assignee as the assignee of the entire interest therein.

All terms and conditions of this Confirmatory Trademark Assignment shall be binding upon and inure to the benefit of the Parties hereto and their respective successors and assigns.
