## AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT

This AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT (this "Agreement"), dated as of August 27, 2021, is made and entered into by Avion Pharmaceuticals, LLC, Acella Pharmaceuticals, LLC, Sovereign Pharmaceuticals, LLC, Acella Holdings, LLC and Alliant Pharmaceutical Services, LLC (together, the "Grantors") and CIBC Bank USA in its capacity as administrative agent for each of the Lenders (the "Administrative Agent").

### RECITALS:

WHEREAS, pursuant to that certain Credit Agreement, dated as of December 27, 2018 (as amended by that certain First Omnibus Amendment Agreement to the Loan Documents, dated as of the date hereof, and as further amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement") by and among Alora Pharmaceuticals, LLC, a Delaware limited liability company (the "Borrower"), the other loan parties thereto (the "Loan Parties"), the Administrative Agent and the lenders party thereto (the "Lenders"), the Lenders have agreed to make certain loans, extensions of credit and other financial accommodations to the Borrower and the other loan parties;

WHEREAS, the Lenders are willing to make the loans, extensions of credit and other financial accommodations to the Borrower and the other Loan Parties provided for in the Credit Agreement only upon the condition, among others, that the Grantors shall have executed and delivered this Agreement in order to create, establish, reaffirm and perfect the liens, security interests and other encumbrances of the Administrative Agent, on behalf of the Lenders, securing the obligations of the Loan Parties under the Loan Documents pursuant to the terms and conditions of that certain Guaranty and Collateral Agreement, dated as of December 27, 2018 (as amended by that certain First Omnibus Amendment Agreement to the Loan Documents, dated as of the date hereof, and as further amended as amended, restated, supplemented or otherwise modified from time to time, the "Collateral Agreement"), by and among the Borrower, the other Loan Parties and the Administrative Agent;

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantors hereby agree as follows:

### ***Section 1. Defined Terms***

Unless otherwise defined herein, capitalized terms defined in the Credit Agreement or in the other Loan Documents and used herein have the meaning given to them in the Credit Agreement or in such other Loan Document, as applicable.

### ***Section 2. Grant of Security Interest in Trademarks***

In furtherance of the liens, security interests and other encumbrances granted to the Administrative Agent, on behalf of the other Lenders, pursuant to the Collateral Agreement, the

ratable benefit of the Lenders, a security interest in all of the Grantors' right, title and interest in, to and under the following personal property and other assets, in each case, whether now owned by or owing to, or hereafter acquired by or arising in favor of the Grantors (including under any trade name or derivations thereof), and whether owned or consigned by or to, or leased from or to, the Grantors, and regardless of where located (collectively, the "Trademark Collateral") including, without limitation, those identified on Schedule I attached hereto and made apart hereof, to secure the prompt and complete payment and performance of the Secured Obligations:

(a) all trademarks (including service marks), trade names, trade dress, trade styles, corporate names, company names, business names, fictitious business names, elements of package, internet domain names, logos and other source identifiers, on a world-wide basis, and the registrations and applications for registration thereof including, but not limited to, the registered trademarks and service marks and the U.S. trademarks and service marks applications set forth on Schedule I hereto and the goodwill of the business symbolized by the foregoing;

(b) all licenses of the foregoing, whether as licensee or licensor;

(c) all reissues, reexaminations, adjustment, divisions, continuations, renewals, extensions and continuations-in-part of the foregoing;

(d) all income, royalties, damages, claims and payments now or hereafter due or payable under and with respect to the foregoing, including, without limitation, damages and payments for past and future infringements of the foregoing;

(e) the right to sue for past, present and future infringements, misappropriation, dilution, violation or other impairment thereof and, in each case, all rights to obtain any other intellectual property right ancillary to any trademark of the foregoing;

(f) all rights corresponding to any of the foregoing throughout the world; and

(g) all accessions to, substitutions for and replacements, proceeds, insurance proceeds and products of the foregoing, together with all books and records, confidential or proprietary information, data, databases, data collections, customer lists, credit files, programs, printouts and other computer materials and records, trade secrets or trade secret rights, know-how, operating manuals, research in progress algorithms, data, databases, data collections, designs, processes, procedures, methods, protocols, materials, formulate, drawings, schematics, blueprints, flow charts, models, strategies, prototypes, techniques, regulatory filings, submissions and approvals related to any of the foregoing and the results of experimentation and testing.

Notwithstanding the foregoing, in no event shall the Trademark Collateral include United States intent-to-use trademark applications or service mark applications to the extent that, and solely during the period in which, the grant of security interest therein would impair the validity or enforceability of such intent-to-use trademark application or service mark application under applicable law; provided that upon submission and acceptance by the USPTO of an amendment to allege pursuant to 15 U.S.C. Section 1060(a) or any successor provision), such intent-to-use trademark application or service mark application shall be considered Trademark Collateral.

***Section 3. Security Agreement***

The security interests granted and reaffirmed pursuant to this Agreement are granted and reaffirmed in conjunction with the security interests granted to the Administrative Agent pursuant to the Collateral Agreement, and the Grantors hereby acknowledge and affirm that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral granted and reaffirmed hereby are more fully set forth in the Collateral Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event of any irreconcilable conflict between the terms of this Agreement and the terms of the Collateral Agreement, the Administrative Agent shall determine, in its discretion, which terms shall control.

***Section 4. GOVERNING LAW***

THIS AGREEMENT SHALL BE A CONTRACT MADE UNDER AND GOVERNED BY THE INTERNAL LAWS OF THE STATE OF GEORGIA APPLICABLE TO CONTRACTS MADE AND TO BE PERFORMED ENTIRELY WITHIN SUCH STATE, WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES.

***Section 5. Authorization to Supplement.***

If the Grantors shall obtain rights to any Trademark Collateral after the date hereof, the provisions of this Agreement shall automatically apply thereto. The Grantors shall give prompt notice in writing to the Administrative Agent with respect to any such new trademarks, trademark applications or related renewals or extensions of the same. Without limiting each Grantors obligations under this Section, each Grantor hereby authorizes the Administrative Agent unilaterally to modify this Agreement by amending Schedule I to include such new Trademark Collateral. Notwithstanding the foregoing, no failure to so modify this Agreement or amend Schedule I shall in any way affect, invalidate or detract from the Administrative Agent's continuing security interest in all Trademark Collateral, whether or not listed on Schedule I.

***Section 6. Counterparts***

This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement, and any of the parties hereto may execute this Agreement by signing any such counterpart. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or by other electronic image scan transmission (e.g., "pdf" or "tif") shall be effective as delivery of a manually executed counterpart of this Agreement. The Administrative Agent may also require that any such documents and signatures delivered by facsimile or by other electronic image scan transmission be confirmed by a manually signed original thereof; provided that the failure to request or deliver the same shall not limit the effectiveness of any document or signature delivered by facsimile or other electronic image scan transmission.

**Section 7. Amendment and Restatement; No Novation** This Agreement constitutes an amendment and restatement of (1) that certain Trademark Security Agreement (the “First Trademark Security Agreement”), dated as of December 27, 2018, by and among Avion Pharmaceuticals, LLC, Acella Pharmaceuticals, LLC and the Administrative Agent and (2) that certain Trademark Security Agreement (the “Second Trademark Security Agreement” together with the First Trademark Security Agreement, the “Existing Trademark Security Agreements”), dated as of January 2, 2020, by and between Sovereign Pharmaceuticals, LLC and the Administrative Agent, effective from and after the Effective Date. The execution and delivery of this Agreement shall not constitute a novation of any indebtedness, any security interest (or priority thereof) or other obligations owing to the Lenders, the Administrative Agent or any other Secured Party under the Credit Agreement or Collateral Agreement (or any other Loan Document) based on facts or events occurring or existing prior to the execution and delivery of this Agreement.
