THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“IP Assignment Agreement”) is made and entered into effective as of August 13, 2021, by and between Finkell American Manufacturing Enterprises, Inc., a Delaware corporation with an address at 1438 Highway 96, Burns, TN 37029 (“FAME”), Cumberland Products Group, LLC, a Tennessee limited liability company with an address at 1438 Highway 96, Burns, TN 37029 (“CPG”), and Dovella Design, LLC, a Delaware limited liability company with an address at 1438 Highway 96, Burns, TN 37029 (“Dovella Design,” and each of FAME, CPG, and Dovella Design, an “Assignor”) and AHF, LLC, a Delaware limited liability company, (“Assignee”).

NOW, THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Assignment. Assignor hereby absolutely, irrevocably and unconditionally conveys, assigns, transfers and agrees to assign and deliver to Assignee and its successors and assigns forever, without any restrictions, limitations or reservations, and Assignee hereby accepts all of Assignor’s right, title and interest in and to the Assigned IP, together with the goodwill of the business connected with the use of, and symbolized by, the Assigned IP, as fully and entirely as the same would have been held and enjoyed by Assignor had this IP Assignment Agreement not been made, including the following:

- a) all applications for patents and patents set forth on Annex A (including all issuances, divisions, continuations, provisionals, substitutes, continuations-in-part, reissues, extensions, reexaminations and renewals thereof and the inventions described, claimed or disclosed therein);

c) all (i) copyright registrations, applications for copyright registration, and exclusive copyright licenses set forth on Annex A, (ii) copyrights in the works of authorship underlying the copyright registrations, applications and licenses set forth on Annex A, (iii) issuances, extensions and renewals of any such registrations, applications, and licenses, and (iv) all of Assignor's right, title and interest in and to all copies and other tangible embodiments of the works of authorship underlying the copyright registrations, applications and licenses set forth on Annex A in all languages and in any form or medium now known or hereafter developed;

d) all domain name(s), websites, and any associated content set forth on Annex A;

e) any and all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

f) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

g) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, and the Register for Copyrights in the United States Copyright Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment upon request by Assignee. Following the date hereof, upon Assignee's reasonable request, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence or perfect the assignment of the Assigned IP to Assignee, or any assignee or successor thereto. These actions may include, but are not limited to, promptly (i) unlocking the domain name(s) and providing the authorization code for the domain name(s) to Assignee; (ii) executing and/or completing such other additional documents or forms as are delivered to Assignor by Assignee or the applicable registrar; and (iii) taking the necessary steps required by the applicable registrar to transfer the domain name(s) to Assignee.

3. Assignor Representations. Each Assignor represents and warrants to Assignee:

b) The intellectual property set forth on Annex A is valid, enforceable, and subsisting.

c) The Assigned IP, together with any intellectual property used under licenses transferred under the Purchase Agreement includes all of the intellectual property rights that are used in or necessary for the conduct of the Business as currently conducted.

4. Successors and Assigns. This IP Assignment Agreement will bind and inure to the benefit of Assignor and Assignees and their respective successors and permitted assigns.

5. Counterparts. This IP Assignment Agreement may be executed in multiple counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each of the parties delivered to the other party, it being understood that all parties need not sign the same counterpart. Copies with signatures transmitted electronically shall be deemed to be original signed versions.

6. Severability. If any term or provision of this IP Assignment Agreement is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect the enforceability of any other term or provision of this IP Assignment Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction.

7. Controlling Terms. Assignor and Assignee hereby agree and acknowledge that this IP Assignment Agreement is being entered into pursuant to and subject to the terms and conditions set forth in the Purchase Agreement. In the event of any irreconcilable inconsistency between this IP Assignment Agreement and the Purchase Agreement, the Purchase Agreement shall control.

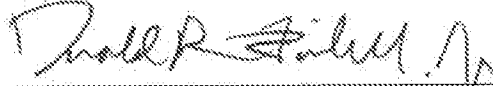

8. Governing Law. This IP Assignment Agreement and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this IP Assignment Agreement and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction). The parties irrevocably submit to the jurisdiction of the courts of the State of Delaware and the United States District Court located in Delaware in any action arising out of or relating to this IP Assignment Agreement, and hereby irrevocably agree that all claims in respect of such action shall be heard and determined in such state or federal court.
