TRADEMARK SECURITY AGREEMENT

This **TRADEMARK SECURITY AGREEMENT** ("Trademark Security Agreement"), dated as of September 30, 2021, is made by **TRB ACQUISITIONS LLC**, a New York limited liability company (the "Grantor"), in favor of **ISRAEL DISCOUNT BANK OF NEW YORK** (the "Secured Party").

WHEREAS, the Grantor has entered into a Loan Agreement, dated as of the date hereof, between the Grantor and the Secured Party (as the same now exists and may hereafter be amended, modified, supplemented, extended, renewed, restated or replaced, the "Loan Agreement"; capitalized terms used but not defined herein shall have the meanings given to them in the Loan Agreement), and

WHEREAS, in order to secure the Obligations, the Grantor has granted to the Secured Party a security interest in, among other property, certain intellectual property of the Grantor, and has agreed to execute and deliver this Trademark Security Agreement, for recording with national, federal and state government authorities, including, but not limited to, the United States Patent and Trademark Office;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees with the Secured Party as follows:

1. Grant of Security Interest. To secure the payment and performance of the Obligations, the Grantor hereby reaffirms its prior grant pursuant to the Security Agreement of a continuing security interest in and Lien on all of the Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (collectively, the "Collateral"), with power of sale to the extent permitted by law:

(a) all of the Grantor's trademarks, trademark applications, service marks, trade names, mask works, which are registered in the United States Patent and Trademark Office (collectively, "Trademarks"), and all of the goodwill of the business connected with the use of, and symbolized by, each Trademark, including without limitation those referred to on Schedule 1 hereto; all rights of any kind whatsoever of the Grantor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(b) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(c) any and all claims and causes of action, with respect to any of the foregoing, whether occurring before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation. The Grantor authorizes the Commissioner for Trademarks and any other government officials to record and register this Trademark Security Agreement upon request by the Secured Party.

3. Loan Documents. This Trademark Security Agreement has been entered into pursuant to and in conjunction with the Security Agreement, which is hereby incorporated by reference. The provisions of the Security Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of the Secured Party with respect to the Collateral are as provided by the Security Agreement and related documents (including the Assignment of License Royalties), and nothing in this Trademark Security Agreement shall be deemed to limit such rights and remedies.

4. Execution in Counterparts. This Trademark Security Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Trademark Security Agreement by facsimile or in electronic (i.e., "pdf" or "tif") format shall be effective as delivery of a manually executed counterpart of this Trademark Security Agreement.

5. Successors and Assigns. This Trademark Security Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6. Governing Law. This Trademark Security Agreement and any claim, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Trademark Security Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the laws of the United States and the State of New York, without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction).
