## GRANT OF INTELLECTUAL PROPERTY SECURITY INTEREST

September 17, 2021

**WHEREAS, HYPER REALITY PARTNERS, LLC**, a Delaware limited liability company ("Grantor"), owns and uses in its business, and will in the future adopt and so use, various intangible assets, including the Intellectual Property Collateral (as defined below); and

**WHEREAS**, pursuant to that certain Deferred Purchase Price Payment and Security Agreement dated as of the date hereof (the "Security Agreement") among VR Exit LLC, as Seller thereunder thereunder (herein, the "Secured Party"), Grantor, as Buyer and an Obligor thereunder, and Hyper Reality Holdings Corp., a Delaware corporation which is the owner of 100% of the equity ownership interests of Buyer (herein, the "Buyer Parent"), as Buyer Parent and an Obligor thereunder, pursuant to which, among other things, the Secured Party has agreed, subject to the terms and conditions set forth in the Security Agreement, to provide credit to Grantor and Buyer Parent, jointly as Obligors under the Security Agreement, in the original principal amount of \$2,100,000. Each term used herein but not otherwise defined herein shall have the meaning assigned to such term in the Security Agreement; and

**WHEREAS**, pursuant to the terms of the Security Agreement, Grantor, as one of the Obligors in respect of the obligations under the Security Agreement, has created in favor of Secured Party a security interest in, and Secured Party has become a secured creditor with respect to, the Intellectual Property Collateral;

**NOW, THEREFORE**, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, subject to the terms and conditions of the Security Agreement, to evidence further the security interest granted by Grantor to Secured Party pursuant to the Security Agreement, Grantor hereby grants to Secured Party a security interest in all of Grantor's right, title and interest in and to the following, in each case whether now or hereafter existing or in which Grantor now has or hereafter acquires an interest and wherever the same may be located and any goodwill and all rights associated therewith (the "Intellectual Property Collateral"):

(i) all rights, title and interest (including rights acquired pursuant to a license or otherwise) in and to all patents and patent applications and rights and interests in patents and patent applications under any domestic or foreign law that are presently, or in the future may be, owned or held by such Grantor and all patents and patent applications and rights, title and interests in patents and patent applications under any domestic or foreign law that are presently, or in the future may be, owned by such Grantor in whole or in part (including, without limitation, the patents and patent applications set forth on Schedule A annexed hereto), all rights (but not obligations) corresponding thereto to sue for past, present and future infringements and all re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof;

(ii) all proceeds, products, rents and profits of or from any and all of the foregoing described in foregoing clause (i) and, to the extent not otherwise included, all payments under insurance (whether or not Secured Party is the loss payee thereof), or any indemnity, warranty or guaranty, payable by reason of loss or damage to or otherwise with respect to any of the foregoing described under foregoing clause (i) or this clause (ii). For purposes of this Grant of Intellectual Property Security Interest, the term "proceeds" includes whatever is receivable or received when Intellectual Property Collateral or proceeds are sold, licensed, exchanged, collected or otherwise disposed of, whether such disposition is voluntary or involuntary (the foregoing Intellectual Property Collateral described in this clause (ii) and foregoing clause (i) is sometimes referred to collectively as the "Patent Collateral");

(iii) all rights, title and interest (including rights acquired pursuant to a license or otherwise) in and to all trademarks service marks, designs, logos, indicia, tradenames, trade dress, corporate names, company names, business names, fictitious business names, trade styles and/or other source and/or business identifiers and applications pertaining thereto under any domestic or foreign law that are presently, or in the future may be, owned or held by such Grantor and all trademarks and trademark applications and rights, title and interests in trademarks and trademark applications under any domestic or foreign law that are presently, or in the future may be, owned by such Grantor in whole or in part (including, without limitation, the trademarks and trademark applications set forth on Schedule B annexed hereto), all rights (but not obligations and excluding any United States intent-to-use Trademark applications to the extent that, and solely during the period in which, the grant, attachment or enforcement of a security interest therein would, under applicable federal law, impair the registrability of such applications or the validity or enforceability of registrations issuing from such applications) corresponding thereto to sue for past, present and future infringements and all re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof;

(iv) all proceeds, products, rents and profits of or from any and all of the foregoing described in foregoing clause (iii) and, to the extent not otherwise included, all payments under insurance (whether or not Secured Party is the loss payee thereof), or any indemnity, warranty or guaranty, payable by reason of loss or damage to or otherwise with respect to any of the foregoing described under foregoing clause (iii) or this clause (iv) (the foregoing Intellectual Property Collateral described in this clause (iv) and foregoing clause (iii) is sometimes referred to collectively as the "Trademark Collateral");

(v) all rights, title and interest (including rights acquired pursuant to a copyright or otherwise) in and to all various published and unpublished works of authorship including, without limitation, computer programs, computer data bases, other computer software layouts, trade dress, drawings, designs, writings, and formulas pertaining thereto that are presently, or in the future may be, owned or held by such Grantor and all copyrights and copyright applications and rights, title and interests in copyright and copyright applications under any domestic or foreign law, including common law and other rights, that are presently, or in the future may be, owned by such Grantor in whole or in part (including, without limitation, the registered copyright and filed copyright applications set forth on Schedule C annexed hereto), all rights (but not obligations) corresponding thereto to sue for past, present and future infringements and all amendments, re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof; and

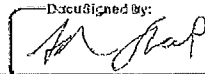

(vi) all proceeds, title and interest (including rights acquired pursuant to a copyright or otherwise) in and to all various published and unpublished works of authorship including, without limitation, computer programs, computer data bases, other computer software layouts, trade dress, drawings, designs, writings, and formulas pertaining thereto that are presently, or in the future may be, owned or held by such Grantor and all copyrights and copyright applications and rights, title and interests in copyright and copyright applications under any domestic or foreign law, including common law and other rights, that are presently, or in the future may be, owned by such Grantor in whole or in part (including, without limitation, the registered copyright and filed copyright applications set forth on Schedule C annexed hereto), all rights (but not obligations) corresponding thereto to sue for past, present and future infringements and all amendments, re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof (the foregoing Intellectual Property Collateral described in this clause (vi) and foregoing clause (v) is sometimes referred to collectively as the "Copyright Collateral").

Grantor does hereby further acknowledge and affirm that the rights and remedies of Secured Party with respect to the security interest in the Intellectual Property Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

**[The remainder of this page intentionally left blank.]**

IN WITNESS WHEREOF, Grantor has caused this Grant of Intellectual Property Security Interest to be duly executed and delivered by its officer thereunto duly authorized as of date set forth above.
