TRADEMARK ASSIGNMENT

This Trademark Assignment (this “*Assignment*”) is made on October 6, 2021 between Abatron, Inc., an Illinois corporation (“*Assignor*”), and U.C Coatings, LLC, a Delaware limited liability company (“*Assignee*”), pursuant to an Asset Purchase Agreement, dated as of the date hereof (the “*Purchase Agreement*”), by and among Assignor, Assignee, Abatron International, Inc., a Wisconsin corporation, and the Shareholders (as defined in the Purchase Agreement). Capitalized terms used and not defined herein shall have the respective meanings ascribed thereto in the Purchase Agreement.

RECITALS:

WHEREAS, Assignor is the owner of the entire right, title and interest in and to the United States trademark registrations listed on **Schedule A** hereto or that otherwise constitute a “Purchased Asset” under the Purchase Agreement (collectively, the “*Marks*”), and the goodwill associated with the Marks;

WHEREAS, pursuant to the Purchase Agreement, the Marks and their associated goodwill are to be assigned to Assignee; and

WHEREAS, Assignor desires to assign and convey, and Assignee desires to acquire, all of Assignor’s right, title and interest in and to the Marks, together with all goodwill and all other rights associated with the Marks.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and pursuant to the terms and conditions of the Purchase Agreement, the parties hereto agree as follows:

1. The above recitals are incorporated herein as if set forth at length below.
2. Assignor hereby assigns, sets over and transfers to Assignee all of Assignor’s right, title and interest in and to the following:
 - a. the Marks;
 - b. all common law rights and goodwill associated with the Marks; and
 - c. the right to sue and collect damages for any and all past, present or future infringement, misappropriation or violation of any rights in the Marks.
3. Assignor agrees, upon reasonable request and without further compensation, that Assignee and its legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing said registrations in the United States and throughout the world for such Marks, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to such Marks and any registrations issued for such Marks.
4. Assignor authorizes and requests the United States Commissioner of Patents and Trademarks and any other similar government authority to record Assignee as the assignee and owner of the Marks, and to issue any and all registrations thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee and its successors, assigns or other legal representatives.

5. Assignee hereby accepts the assignment and conveyance of the Marks and their associated goodwill.

6. This Assignment may be executed in two or more counterparts (including by facsimile or electronic transmission), each of which will be deemed an original, but all of which together will constitute one and the same instrument.

7. This Assignment is executed and delivered pursuant to the Purchase Agreement. This Assignment shall not be deemed to defeat, alter, impair, enhance or enlarge any right, obligations, claim or remedy created by the Purchase Agreement, and in the event of any conflict between the Purchase Agreement and this Assignment, the Purchase Agreement shall govern.
