**TRADEMARK ASSIGNMENT**

This Trademark Assignment (the "Assignment") is by and between Cognigen Corporation, a Delaware corporation ("Assignor"), and Simulations Plus, Inc., a California corporation ("Assignee").

**RECITALS**

WHEREAS, prior to the assignment to Assignee as described below, Assignor is owner of the entire right, title and interest in, to and under certain U.S. and foreign trademarks and services marks, both registered and unregistered, and applications for trademark and service mark registrations filed with the United States Trademark Office and foreign trademark applications, as listed in attached Exhibit A of this Assignment (collectively, the "Trademarks"), together with the goodwill of the business connected with and symbolized by the Trademarks;

WHEREAS, Assignor is a wholly owned subsidiary of and Assignee;

WHEREAS, Assignor and Assignee consummated a merger ("Merger") effective September 1, 2021, pursuant to which Assignor merged with and into Assignee; and

WHEREAS, in connection with the Merger, Assignor assigned to Assignee all of Assignor's rights, title and interest in and to the Trademarks, together with the goodwill associated therewith, and agreed to execute any documents necessary to evidence assignment of such rights.

NOW, THEREFORE, for good and valuable consideration paid by Assignee to Assignor, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee do hereby agree as follows.

Assigned to Assignee is Assignor's entire right, title and interest in and to the Trademarks, together with the goodwill of the Trademarks, for the United States and for all foreign countries, including any renewals or extensions thereof that are or may be secured under the laws of the United States or foreign countries now or hereafter in effect and including the subject matter of all claims which may be obtained therefrom for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made.

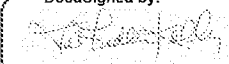

Assignor authorizes the Commissioner of Trademarks of the United States and other empowered officials of the United States Patent and Trademark Office, as well as empowered officials in any applicable jurisdictions outside the United States for Trademarks registered in jurisdictions outside the United States, to record the transfer of the registrations and/or applications for registration set forth on Exhibit A to Assignee as assignee of Assignor's entire right, title and interest therein. Assignor agrees to further execute any documents reasonably necessary to effect this assignment or to confirm Assignee's ownership of the Trademarks.

This Assignment may be executed by the parties hereto in separate counterparts, each of which when so executed and delivered shall be an original, but all such counterparts taken together shall constitute one and the same instrument. Each counterpart may be delivered by electronic transmission, including as a pdf, which transmission shall be deemed delivery of an originally executed document.
