AMENDED AND RESTATED INTELLECTUAL PROPERTY SECURITY AGREEMENT

This AMENDED AND RESTATED INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, restated, supplemented or otherwise modified from time to time, this “**IP Security Agreement**”) is made and effective as of October 15, 2021, by and among RUG DOCTOR, LLC, a Delaware limited liability company (f/k/a Rug Doctor, Inc.) (the “**Borrower**”), RD HOLDCO INC., a Delaware corporation (“**Holdings**” and, together with the Borrower, each a “**Grantor**” and collectively, “**Grantors**”), in favor of ACQUIOM AGENCY SERVICES LLC, as administrative agent and collateral agent for the Lenders and the other Secured Parties (each as defined in the Credit Agreement (as defined below)) (in such capacities, together with its successors in such capacities, the “**Administrative Agent**”). Capitalized terms used in this IP Security Agreement and not otherwise defined shall have the respective meanings ascribed to such terms in the Credit Agreement.

RECITALS

WHEREAS, (i) the Grantors party thereto, the other Persons from time to time party thereto as “**Obligors**”, the lenders from time to time party thereto (each a “**Lender**” and collectively, the “**Lenders**”), and the Administrative Agent are parties to that certain Term Loan Credit Agreement dated as of May 16, 2019 (as amended, restated, supplemented or otherwise modified prior to the Effective Date, the “**Existing Credit Agreement**” and, as amended and restated on the Effective Date and as further amended, restated, supplement or otherwise modified from time to time, the “**Credit Agreement**”) and (ii) the Grantors party thereto and the Administrative Agent are parties to that certain Term Loan Intellectual Property Security Agreement, dated as of May 16, 2019 (as amended, restated, supplemented or otherwise modified prior to the Effective Date, the “**Existing IP Security Agreement**”);

WHEREAS, the Lenders have agreed to amend and restate the Existing Credit Agreement on and subject to the terms and conditions set forth in the Credit Agreement;

WHEREAS, the Borrower and Holdings desire to continue to secure all of the Obligations under the Loan Documents by continuing to grant to Administrative Agent, for the benefit of the Secured Parties, a security interest in and lien upon substantially all of its assets, including the Equity Interests held by the Borrower and Holdings, and Holdings desires to continue to guaranty all of the Obligations;

WHEREAS, an express condition precedent to the obligation of the Lenders to amend and restate the Existing Credit Agreement and to make, and to continue to make, loans and other material accommodations (collectively, the “**Loans**”) to the Borrower is that the Grantors shall have amended and restated the Existing IP Security Agreement by executing and delivering to the Administrative Agent and the Lenders this IP Security Agreement; and

WHEREAS, each Grantor has determined that the execution, delivery and performance of this IP Security Agreement directly benefits, and is in the best interest of such Grantor;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants herein contained and for other good and valuable consideration, the receipt of which is hereby acknowledged, the parties hereto agree as follows:

AGREEMENT

1. **Grant of Security Interest.** To secure the Grantors' prompt, punctual and faithful payment of the Loans and the performance of all and each of the Grantors' Obligations under the Credit Agreement, each Grantor hereby grants to the Administrative Agent, for the ratable benefit of the Secured Parties, a continuing security interest in all of the right, title and legal and/or equitable interest of such Grantor in and to any and all of the following collateral, whether now owned or hereafter acquired and whether registered or unregistered (the "**IP Collateral**"):

(a) Any and all U.S. and foreign patents and patent applications, including without limitation the U.S. and foreign patents and patent applications set forth on Schedule A attached hereto (collectively, the "**Patents**");

(b) Any and all U.S., state and foreign trademark and service mark registrations, trademark and service mark applications, including without limitation the U.S., state and foreign trademark and service mark registrations, trademark and service mark applications set forth on Schedule B attached hereto, and all goodwill associated with the foregoing (*provided* that no security interest shall be granted in U.S. intent-to-use trademark applications that are Excluded Property) (collectively, the "**Trademarks**");

(c) Any and all copyrights, including without limitation the copyrights set forth on Schedule C attached hereto (collectively, the "**Copyrights**");

(d) Any and all domain names and registrations, including without limitation the domain names and registrations set forth on Schedule D attached hereto, and all goodwill associated with the foregoing (collectively, the "**Domain Names**");

(e) Any and all database rights, design rights, moral rights, inventions, confidential information and/or know-how;

(f) Any and all claims and causes of action for past, present or future infringement of any of the IP Collateral, with the right, but not the obligation, to sue for and collect damages for infringement of the IP Collateral;

(g) Any and all licenses or rights granted under any of the IP Collateral (excluding those licenses in which a Grantor is prohibited from granting a security interest by contract, statute or otherwise), and all license fees and royalties arising from such licenses or rights;

(h) Any and all divisions, continuations, amendments, renewals, extensions, reissuances and replacements of any of the items listed in clauses (a) through (g) of this paragraph; and

(i) Any and all products and proceeds of any of the foregoing.

2. Requested Recordation. Each Grantor authorizes and requests that the Commissioner of Patents and Trademarks and the Register of Copyrights (and any state, foreign or other authority to which this IP Security Agreement is submitted) file and record this IP Security Agreement (and any corresponding or separate forms of such jurisdiction) in order to publicly reflect the interests of the Administrative Agent and the Secured Parties in the IP Collateral. Each Grantor appoints the Administrative Agent as its agent to apply for the interests of the Administrative Agent and the Secured Parties in such Grantor's IP Collateral to be recorded on (in the Administrative Agent's discretion): (a) the relevant Intellectual Property register of the UK Intellectual Property Office; (b) the relevant Intellectual Property register of the EU Office of Harmonization for the Internal Market; and (c) all other national, regional and international Intellectual Property registers, and each Grantor undertakes to promptly, if requested to do so by the Administrative Agent, sign or procure the signature of, and comply with all instructions of the Administrative Agent in respect of, any document required to make entries in any such register.

3. Assignment. Upon the request of the Administrative Agent, acting at the direction of the Required Lenders, after the occurrence and during the continuance of an Event of Default, each Grantor shall execute and deliver to the Administrative Agent an absolute assignment transferring its entire right, title, and interest in and to the IP Collateral to the Administrative Agent, for the ratable benefit of the Secured Parties.

4. Power of Attorney. Each Grantor hereby irrevocably grants to the Administrative Agent, for the ratable benefit of the Secured Parties, a power of attorney, to act as such Grantor's attorney-in-fact, with full authority in the name, place and stead of such Grantor, from time to time in the Administrative Agent's discretion at the direction of the Required Lenders, to take any action and to execute any instrument that the Administrative Agent may reasonably deem necessary or advisable at the direction of the Required Lenders to accomplish the purposes of this IP Security Agreement. This authority includes, without limitation, the following:

(a) To modify or amend (in the sole discretion of the Required Lenders and without first obtaining such Grantor's approval thereof or signature thereto) Schedule A, Schedule B, Schedule C and/or Schedule D hereof, as appropriate, to include references to any registered intellectual property (or application or license therefor) that is included in the IP Collateral or to delete any reference to any IP Collateral in which such Grantor no longer has or claims any right, title or interest;

(b) To execute, file and pursue (in the sole discretion of the Required Lenders and without first obtaining such Grantor's approval thereof or signature thereto, unless otherwise prohibited by applicable law) any application, form or other document in order to perfect, maintain, continue or otherwise protect the Administrative Agent's interest or such Grantor's rights in the IP Collateral, including, without limitation, executing and filing (i) any financing statement, any continuation statement or any amendment thereto, and (ii) any document in any proceeding before the United States Patent and Trademark Office, United States Copyright Office or the relevant office of any state or foreign jurisdiction (including, without limitation, the filing of applications for renewal, affidavits of use, affidavits of incontestability and opposition, interference and cancellation proceedings) and to pay any fees and taxes in connection therewith or otherwise;

(c) To execute any document required to acknowledge, register or perfect the interest of the Administrative Agent and the Secured Parties in any part of the IP Collateral without the signature of such Grantor unless prohibited by applicable law; and

(d) Upon the occurrence and during the continuation of an Event of Default, to (i) endorse the respective Grantor's name on all applications, documents, papers and instruments necessary or desirable for the Administrative Agent in the use of the IP Collateral, (ii) take any other actions with respect to the IP Collateral as the Administrative Agent at the direction of the Required Lenders deems in its discretion to be in the best interest of the Administrative Agent and the Lenders, (iii) grant or issue any exclusive or nonexclusive license (except where prohibited by statute, contract or otherwise) under the IP Collateral to anyone or (iv) assign, pledge, convey or otherwise transfer title in or dispose of the IP Collateral to anyone.

The foregoing power of attorney is coupled with an interest and is irrevocable until the Obligations have been Paid in Full.

5. Release. Unless otherwise agreed in writing by the parties, the security interests granted herein will terminate (and all rights to the IP Collateral will revert to each of the Grantors) upon Payment in Full of the Obligations. Upon any such termination, the Administrative Agent (at the Grantors' request and sole expense) will promptly execute and deliver to the Grantors (with such customary representations and warranties from a secured lender releasing its lien as the Grantors may reasonably request) such documents as the Grantors may reasonably request and as are reasonably satisfactory to the Administrative Agent and the Required Lenders and provided to the Administrative Agent and the Lenders to evidence such termination.

6. Newly Registered Patents and Trademarks. Each Grantor hereby agrees to provide the Administrative Agent and the Lenders, every quarter, a schedule of newly registered Patents, Trademarks and Copyrights (if any).

7. Miscellaneous.

(a) This IP Security Agreement shall be governed by and construed in accordance with the internal laws (and not the laws of conflicts) of the State of New York, but giving effect to federal laws applicable to national banks.

(b) This IP Security Agreement has been entered into in conjunction with the provisions of and the security interest granted to the Administrative Agent, for the ratable benefit of the Secured Parties, under the Credit Agreement and the other Loan Documents. The rights and remedies of the Grantors, the Administrative Agent and the other Secured Parties with respect to the security interests granted herein are in addition and without prejudice to those set forth in the Credit Agreement and the other Loan Documents, all terms and provisions of which are hereby incorporated herein by reference. In the event that any provisions of this IP Security Agreement are deemed to conflict with the Credit Agreement or the other Loan Documents, the provisions of the Credit Agreement or the other Loan Documents shall govern.

(c) This IP Security Agreement may be executed in any number of counterparts with the same effect as if all the signatures on such counterparts appeared on one

document. Each such counterpart will be deemed to be an original, but all counterparts together will constitute one and the same instrument.

8. Conflict with UK Security Documents. To the extent there is any conflict between the terms of this IP Security Agreement and the terms of the UK Security Agreement in respect of, or relating to the perfection or maintenance of, any Collateral or other assets or rights which are located in England and Wales or consist of Equity Interests in a Person formed or incorporated in England and Wales, in each case subject to a security interest under both this IP Security Agreement and the UK Security Agreement, the UK Security Agreement shall prevail.

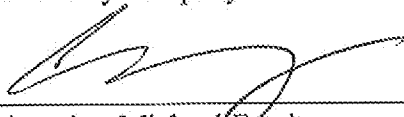

9. Amendment and Restatement. On the Effective Date, the Existing IP Security Agreement shall be amended and restated in its entirety by this IP Security Agreement. It is the intention of each of the parties hereto that the Existing IP Security Agreement be amended and restated hereunder so as to preserve all Obligations and guarantees thereof and the perfection and priority of all Liens securing the Obligations under the Loan Documents and that all Obligations of the Borrower and the other Obligors hereunder shall continue to be secured by Liens evidenced under the Collateral Documents, and that this IP Security Agreement does not constitute a novation or termination of the Indebtedness and obligations existing under the Existing IP Security Agreement or any other Loan Documents. The terms and conditions of this IP Security Agreement and the Administrative Agent's and the Lenders' rights and remedies under this IP Security Agreement and the other Loan Documents shall apply to all of the obligations incurred under the Existing IP Security Agreement. This amendment and restatement is limited as written and is not a consent to any other amendment, restatement or waiver, whether or not similar and, unless specifically amended hereby or by any other Loan Document, each of the Loan Documents shall continue in full force and effect and, from and after the Effective Date, all references to the "IP Security Agreement" contained therein shall be deemed to refer to this IP Security Agreement.
