## TRADEMARK SECURITY AGREEMENT

This Trademark Security Agreement (this "Agreement"), dated as of December 1, 2021, is entered into by each of the undersigned (each, a "Grantor") in favor of Wilmington Trust, National Association as Collateral Agent (together with its affiliates and successors, in such capacity, the "Collateral Agent") for the benefit of the Notes Secured Parties (as defined in the Indenture).

**WHEREAS**, each Grantor has executed and delivered that certain Pledge and Security Agreement, dated as of the date hereof, in favor of the Collateral Agent (as the same may be amended, restated, amended and restated or otherwise modified, the "Pledge and Security Agreement"), pursuant to which such Grantor has granted to the Collateral Agent, for the ratable benefit of the Notes Secured Parties, a security interest in all of such Grantor's right, title, and interest in and to the Trademark Collateral (as defined below).

**NOW, THEREFORE**, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, each Grantor and the Collateral Agent hereby agree as follows:

**SECTION 1. Defined Terms.** Capitalized terms not otherwise defined herein have the meanings set forth in the Pledge and Security Agreement or the Indenture referred to therein.

**SECTION 2. Grant of Security Interest.** Each Grantor hereby collaterally assigns, grants, mortgages and pledges to the Collateral Agent, for the benefit of the Notes Secured Parties, and hereby grants to the Collateral Agent, for the benefit of the Notes Secured Parties, a security interest in all of the following property now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title, or interest and wherever the same may be located (collectively, the "Trademark Collateral"), as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of such Grantor's Obligations (including, without limitation, any extensions, modifications, substitutions, amendments or renewals of any or all of such Obligations):

- (i) all U.S., State and foreign trademarks, trade names, trade dress corporate names, company names, business names, internet domain names, fictitious business names, trade styles, service marks, certification marks, collective marks, logos and other source or business identifiers, designs and general tangibles of a like nature, all registrations and recordings thereof, and all applications in connection therewith, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States, any State thereof or any other country or any political subdivision thereof, or otherwise, and all common-law rights related thereto, including, without limitation, any of the foregoing referred to on Schedule A, and all rights corresponding thereto throughout the world;
- (ii) all of the goodwill of the business connected with the use of and symbolized by the foregoing;
- (iii) all extensions and renewals of the foregoing;
- (iv) the right to sue or otherwise recover for any past, present and future infringement, dilution, or other violation of any of the foregoing or for any injury to goodwill;

(v) all Proceeds of the foregoing, including, without limitation, licenses, royalties, income, payments, claims, damages, and proceeds of suit now or hereafter due and/or payable with respect thereto; and

(vi) all other rights of any kind accruing thereunder or pertaining thereto throughout the world.

provided, however, that the foregoing shall not include any “intent-to-use” Trademark application prior to the filing of a “Statement of Use” or “Amendment to Allege Use” with respect thereto, to the extent, if any, that, and solely during the period, if any, in which the grant of a security interest therein would impair the validity or enforceability of such intent-to-use Trademark application under applicable federal law.

SECTION 3. Pledge and Security Agreement. The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Collateral Agent for the ratable benefit of the Notes Secured Parties pursuant to the Pledge and Security Agreement, and each Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Pledge and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the Pledge and Security Agreement, the provisions of the Pledge and Security Agreement shall control.

SECTION 4. Recordation. Each Grantor authorizes and requests that the Commissioner for Trademarks and any other applicable government officer record this Agreement.

SECTION 5. Governing Law. This agreement and the rights and obligations of the parties hereunder and any claim or controversy relating hereto shall be governed by, and construed and interpreted in accordance with, the laws of the State of New York, without regard to its conflicts of laws principles.

SECTION 6. Counterparts. This Agreement may be executed in any number of counterparts (including by telecopy or .pdf), each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.
