**TRADEMARK ASSIGNMENT AGREEMENT**

This TRADEMARK ASSIGNMENT AGREEMENT (this “Trademark Assignment”) is made as of June 1, 2021 (the “Effective Date”), by and between Kingston Technology Corporation, a California corporation (“Assignor”), and Hewlett-Packard Development Company, L.P., a Texas limited partnership (“Assignee”). All capitalized terms not otherwise defined herein shall have the respective meanings set forth in the Purchase Agreement (as defined below).

**WHEREAS**, pursuant to that certain Asset Purchase Agreement, dated as of February 22, 2021, by and between Assignor and HP Inc., a Delaware corporation (“Purchaser”) (as amended, restated, supplemented or otherwise modified from time to time, the “Purchase Agreement”), Assignor has agreed to sell and assign to Assignee, and Assignee has agreed to purchase and assume from Assignor, the Trademarks set forth on Schedule A (the “Assigned Trademarks”); and

**WHEREAS**, Assignee wishes to acquire from Assignor and its Affiliates, and Assignor and its Affiliates wishes to assign to Assignee, all right, title and interest in and to the Assigned Trademarks.

**NOW, THEREFORE**, for and in consideration of the mutual covenants contained herein, the payments by Purchaser as set out in the Purchase Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and subject to the Purchase Agreement, the parties hereto agree as follows:

1. Assignment. Assignor and its Affiliates hereby assign to Assignee all rights, title and interests in and to the Assigned Trademarks, together with the goodwill and common law rights associated therewith, all other corresponding rights secured under the laws of the United States and any foreign country and all claims and rights to bring, make, oppose, defend and appeal proceedings, claims or actions and obtain relief (and to retain any damages recovered) in respect of past, present or future infringement, unauthorized use or other violation of the Assigned Trademarks, including the right to sue for injunctive relief and collect all proceeds and damages therefrom (whether before or after the date hereof), and the right (where applicable) to file applications under the Paris Convention corresponding to or based on any of the applications for the Assigned Trademarks and to claim priority from such applications.

2. Recordation. Assignor and its Affiliates hereby authorize and request the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Assigned Trademarks registered in the corresponding jurisdiction.

3. Severability. Any term or provision of this Trademark Assignment that is invalid or unenforceable in any situation will not affect the validity or enforceability of the remaining terms and provisions hereof or the validity or enforceability of the offending term or provision in any other situation.

4. Governing Law. All matters arising out of, relating to or based upon this Trademark Assignment shall be deemed to be made and in all respects shall be interpreted, construed and governed by and in accordance with the Laws of the State of Delaware, without giving effect to any choice of law or conflict of law provision or rule that would cause the application of the Laws of any other jurisdiction.

5. Counterparts. This Trademark Assignment may be executed in one or more counterparts, each of which shall be deemed to be an original, but all of which shall constitute one and the same instrument. Delivery of an executed counterpart of a signature page to this Trademark Assignment by facsimile or scanned pages shall be effective as delivery of a manually executed counterpart to this Trademark Assignment.

6. Relation to Purchase Agreement. In the event of a conflict between the provisions herein and the Purchase Agreement, the Purchase Agreement shall govern.
