As set forth in the Loan Agreement, the Security Interest is coupled with a security interest in substantially all of the personal property of the Debtor. This Agreement grants only the Security Interest herein described, is not intended to and does not affect any present transfer of title of any trademark registration or application and makes no assignment and grants no right to assign or perform any other action with respect to any intent to use trademark application, unless such action is permitted under 15 U.S.C. § 1060.

3. Representations, Warranties and Agreements. The Debtor represents, warrants and agrees as follows:

- a) **Existence; Authority**. The Debtor is a limited liability company duly organized, validly existing and in good standing under the laws of its state of formation, and this Agreement has been duly and validly authorized by all necessary organizational action on the part of the Debtor.
- b) **Copyrights**. Exhibit A accurately lists all registered or applied for Copyrights owned or controlled by the Debtor as of the date hereof and accurately reflects the existence and status of Copyrights and all applications and registrations pertaining thereto as of the date hereof. If after the date hereof, the Debtor owns or controls any registered or applied for Copyrights not listed on Exhibit A, then the Debtor shall within 60 days provide written notice to the Secured Party with a replacement Exhibit A, which upon acceptance by the Secured Party shall become part of this Agreement.

- c) **Patents.** Exhibit B accurately lists all Patents owned or controlled by the Debtor as of the date hereof, or to which the Debtor has a right as of the date hereof to have assigned to it, and accurately reflects the existence and status of applications and letters patent pertaining to the Patents as of the date hereof. - e) **Affiliates.** As of the date hereof, no affiliate of the Debtor owns any Intellectual Property Collateral used in the Debtor's business.
- f) **Title.** The Debtor has absolute title to each Intellectual Property Collateral listed on Exhibits A, B and C, free and clear of all Liens except Permitted Liens. The Debtor (i) will have, at the time the Debtor acquires any rights in Intellectual Property Collateral hereafter arising, absolute title to each such Intellectual Property Collateral free and clear of all Liens except Permitted Liens, and (ii) will keep all Intellectual Property Collateral free and clear of all Liens except Permitted Liens.
- g) **No Sale.** Except as permitted in the Loan Agreement, the Debtor will not assign, transfer, encumber or otherwise dispose of the Intellectual Property Collateral, or any interest therein, without the Secured Party's prior written consent.
- h) **Defense.** The Debtor will at its own expense and using commercially reasonable efforts, protect and defend the Intellectual Property Collateral material to Debtor's business against all claims or demands of all Persons other than those holding Permitted Liens.
- i) **Maintenance.** The Debtor will at its own expense use reasonable efforts to maintain the Intellectual Property Collateral to the extent reasonably advisable in its business including, but not limited to, filing all applications to obtain letters patent, trademark registrations and copyrights and all affidavits, maintenance fees, annuities, and renewals possible with respect to letters patent, trademark registrations and copyrights and applications therefor. The Debtor covenants that it will not abandon nor fail to pay any maintenance fee or annuity due and payable on any Intellectual Property Collateral material to its business, nor fail to file any required affidavit or renewal in support thereof, without first providing the Secured Party: (i) sufficient written notice, of at least 30 days, to allow the Secured Party to timely pay any such maintenance fees or annuities which may become due on any Intellectual Property Collateral, or to file any affidavit or renewal with respect thereto, and (ii) a separate written power of attorney or other authorization to pay such maintenance fees or annuities, or to file such affidavit or renewal, should such be necessary or desirable.
- j) **Secured Party's Right to Take Action.** If the Debtor fails to perform or observe any of its covenants or agreements set forth in this Section 3, and if such failure continues for a period of ten (10) calendar days after the Secured Party gives the Debtor written notice thereof (or, in the case

of the agreements contained in subsection (i), immediately upon the occurrence of such failure, without notice or lapse of time), or if the Debtor notifies the Secured Party that it intends to abandon any Intellectual Property Collateral material to Debtor's business, the Secured Party may (but need not) perform or observe such covenant or agreement or take steps to prevent such intended abandonment on behalf and in the name, place and stead of the Debtor (or, at the Secured Party's option, in the Secured Party's own name) and may (but need not) take any and all other actions which the Secured Party may reasonably deem necessary to cure or correct such failure or prevent such intended abandonment.

- k) **Costs and Expenses.** Except to the extent that the effect of such payment would be to render any loan or forbearance of money usurious or otherwise illegal under any applicable law, the Debtor shall pay the Secured Party on demand the amount of all reasonable documented out-of-pocket moneys expended and all reasonable documented out-of-pocket costs and expenses (including reasonable documented out-of-pocket attorneys' fees and disbursements) incurred by the Secured Party in connection with or as a result of the Secured Party's taking action under subsection (j) or exercising its rights under Section 6, together with interest thereon from the date expended or incurred by the Secured Party at the rate then applicable under the Loan Agreement .
- l) **Power of Attorney.** To facilitate the Secured Party's taking action under subsection (j) and exercising its rights under Section 6, the Debtor hereby irrevocably appoints (which appointment is coupled with an interest) the Secured Party, or its delegate, as the attorney-in-fact of the Debtor with the right (but not the duty) from time to time following the occurrence and during the continuance of an Event of Default, to create, prepare, complete, execute, deliver, endorse or file, in the name and on behalf of the Debtor, any and all instruments, documents, applications, financing statements, and other agreements and writings required to be obtained, executed, delivered or endorsed by the Debtor under this Section 3, or, necessary for the Secured Party, after an Event of Default, to enforce or use the Intellectual Property Collateral or to grant or issue any exclusive or non-exclusive license under the Intellectual Property Collateral to any third party, or to sell, assign, transfer, pledge, encumber or otherwise transfer title in or dispose of the Intellectual Property Collateral to any third party. The power of attorney granted herein shall terminate upon the termination of the Loan Agreement as provided therein and the payment and performance of all Obligations (other than inchoate indemnification or reimbursement obligations or other obligations which, by their terms, survive termination of the Loan Agreement).

4. Debtor's Use of the Intellectual Property Collateral. The Debtor shall be permitted to control and manage the Intellectual Property Collateral, including the right to exclude others from making, using or selling items covered by the Intellectual Property Collateral and any licenses thereunder, in the same manner and with the same effect as if this Agreement had not been entered into, so long as no Event of Default exists and the Secured Party has not delivered written notice to Debtor of its intention to suspend such rights.

5. Events of Default. Each of the following occurrences shall constitute an event of default under this Agreement (herein called "Event of Default"): an Event of Default, as defined in the Loan Agreement.

6. Remedies. While an Event of Default exists, the Secured Party may, at its option, take any or all of the following actions, in each case, subject to the terms of the Intercreditor Agreement referenced in the header to this Agreement:

- a) The Secured Party may exercise any or all remedies available under the Loan Agreement.

- b) The Secured Party may sell, assign, transfer, pledge, encumber or otherwise dispose of the Intellectual Property Collateral and apply, toward the Obligations, the consideration and/or proceeds received in connection therewith.
- c) The Secured Party may enforce the Intellectual Property Collateral and any licenses thereunder, and if Secured Party shall commence any suit for such enforcement, the Debtor shall, at the request of Secured Party, do any and all lawful acts and execute any and all proper documents required by Secured Party in aid of such enforcement.

7. Miscellaneous. This Agreement can be waived, modified, amended, terminated or discharged, and the Security Interest can be released, only explicitly in a writing signed by the Secured Party. A waiver signed by the Secured Party shall be effective only in the specific instance and for the specific purpose given. Mere delay or failure to act shall not preclude the exercise or enforcement of any of the Secured Party's rights or remedies. All rights and remedies of the Secured Party shall be cumulative and may be exercised singularly or concurrently, at the Secured Party's option, and the exercise or enforcement of any one such right or remedy shall neither be a condition to nor bar the exercise or enforcement of any other. All notices to be given to Debtor under this Agreement shall be given in the manner and with the effect provided in the Loan Agreement. The Secured Party shall not be obligated to preserve any rights the Debtor may have against prior parties, to realize on Intellectual Property Collateral, at all or in any particular manner or order, or to apply any cash proceeds of Intellectual Property Collateral in any particular order of application. This Agreement shall be binding upon and inure to the benefit of the Debtor and the Secured Party and their respective participants, successors and assigns and shall take effect when signed by the Debtor and delivered to the Secured Party, and the Debtor waives notice of the Secured Party's acceptance hereof. The Secured Party may execute this Agreement if appropriate for the purpose of filing, but the failure of the Secured Party to execute this Agreement shall not affect or impair the validity or effectiveness of this Agreement. This Agreement or any financing statement signed by the Debtor may be transmitted by facsimile machine or by electronic mail in portable document format ("pdf") and signatures appearing on faxed instruments and/or electronic mail instruments shall be treated as original signatures. Any party delivering an executed counterpart of this Agreement or any financing statement signed by the Debtor by telefacsimile or other electronic method of transmission also shall deliver an original executed counterpart of this Agreement, but the failure to deliver an original executed counterpart shall not affect the validity, enforceability or binding effect hereof. This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of New York. If any provision or application of this Agreement is held unlawful or unenforceable in any respect, such illegality or unenforceability shall not affect other provisions or applications which can be given effect and this Agreement shall be construed as if the unlawful or unenforceable provision or application had never been contained herein or prescribed hereby. All representations and warranties contained in this Agreement shall survive the execution, delivery and performance of this Agreement and the creation and payment of the Obligations.

**THE PARTIES WAIVE ANY RIGHT TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING BASED ON OR PERTAINING TO THIS AGREEMENT.**
