INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment ("Assignment"), dated as of December 31, 2021 (the "Effective Date"), is entered into by and between Anne Holland Ventures Inc., a Rhode Island corporation ("Seller") and Emerald X, LLC, a Delaware limited liability company ("Buyer").

WHEREAS, pursuant to that certain Asset Purchase Agreement, dated as of the Effective Date, by and among Seller, Buyer, and the other parties signatory thereto (as amended, restated, modified or supplemented from time to time, the "Purchase Agreement"), Seller has agreed to sell, assign, transfer, convey and deliver to Buyer the Assets (the "Acquisition"); and

WHEREAS, in connection with the Acquisition, Seller has agreed to assign to Buyer, and Buyer has agreed to acquire from Seller, all of Seller's right, title, and interest in and to (i) those certain trademark registrations and applications identified on Schedule A attached hereto (the "Assigned Trademarks"), and (ii) those certain internet domain name registrations identified on Schedule B attached hereto (the "Assigned Domain Names").

NOW, THEREFORE, in consideration of the representations, warranties, covenants and agreements contained in the Purchase Agreement and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and pursuant to the Purchase Agreement, Buyer and Seller hereby agree as follows:

1. Definitions. Capitalized terms not defined in this Assignment shall have the meanings ascribed to them in the Purchase Agreement.

2. Conveyance and Acceptance of Assigned Trademarks. Seller hereby sells, conveys, transfers, and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title, and interest in and to the Assigned Trademarks, the goodwill of the business connected with the use of and symbolized by the Assigned Trademarks, the right to sue and recover for past, present, and future infringement thereof, the right to secure registration of the Assigned Trademarks and of this Assignment, and the right to initiate other proceedings before all Governmental Entities with respect to the Assigned Trademarks.

3. Conveyance and Acceptance of Assigned Domain Names. Seller hereby sells, conveys, transfers, and assigns to Buyer, and Buyer hereby accepts, all of Seller's right, title, and interest in and to the Assigned Domain Names, the goodwill of the business connected with the use of and symbolized by the Assigned Domain Names, the right to sue and recover for past, present, and future infringement thereof, the right to secure registration of the Assigned Domain Names and of this Assignment, and the right to initiate other proceedings before all Governmental Entities and Registering Authorities (defined below) with respect to such Assigned Domain Names.

4. Recordation and Authorization.

- a. Seller hereby authorizes and requests that the Commissioner for Trademarks record this Assignment. Seller shall take any and all reasonable actions, including without limitation, the execution, acknowledgment, and delivery of

any and all documents that Buyer may reasonably request to record and perfect Buyer's interest in and to the Assigned Trademarks and Assigned Domain Names.

- b. Seller hereby acknowledges that each Internet domain name registrar (the "Registering Authority") of the Assigned Domain Names is authorized to transfer and record in the name of Buyer ownership of and administrative contact for all of the Assigned Domain Names.
- c. Seller represents that it maintains all usernames and passwords for the Assigned Domain Names through the password protection and cybersecurity platform Keeper (<https://www.keepersecurity.com/>). At the Closing, Seller will transfer to Buyer complete access to and control over its Keeper account, which will enable Buyer to assume control of the Assigned Domain Names.
- d. Without limiting Section 4(a), at Buyer's request, Seller will cooperate with Buyer to (i) complete any registrant name change agreement or other form required by any applicable Registering Authority to effect or record the assignment of the Assigned Domain Names contemplated by this Assignment; (ii) submit those registrant name change agreements or other forms to the Registering Authority in accordance with the Registering Authority's policies and rules; (iii) take reasonable actions and execute and deliver documents that Buyer may request to effect the terms of this Assignment and to assist Buyer in changing the technical and administrative contact information for the Assigned Domain Names with the Registering Authorities to such information of Buyer's choice; and (iv) take any further actions required by the Registering Authority's policies and rules to transfer the Assigned Domain Names to Buyer.

5. Purchase Agreement. If any conflict or inconsistency exists between the terms of this Assignment and the terms of the Purchase Agreement, the terms of the Purchase Agreement shall govern and control.

6. Assignment. This Assignment shall not be assigned by Seller without the prior written consent of Buyer.

7. Governing Law. This Assignment shall be governed by and construed in accordance with the Laws of the State of New York applicable to agreements made and to be performed entirely within such State, without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction).

8. Counterparts. This Assignment may be executed in any number of duplicate counterparts (including by means of .pdf format), each of which shall be deemed an original and all of which together shall constitute one and the same instrument.

9. Amendment. This Assignment may not be amended or altered except by a written instrument executed by the parties.

[remainder of page intentionally left blank]

IN WITNESS WHEREOF, Buyer and Seller have caused this Assignment to be executed by their duly authorized representatives as of the Effective Date.
