## **ASSIGNMENT OF INTELLECTUAL PROPERTY**

This Assignment of Intellectual Property (this "Assignment of IP Agreement") is made and entered into effective as of August 6, 2021, (the "Effective Date") by and between Griffin Technology, LLC ("Assignor"), and Armor Acquisition LLC (the "Assignee").

WHEREAS, Monroe Capital Management Advisors, LLC, in its capacity as secured party lender and as collateral and administrative agent for itself and any other lender secured parties (as such, the "Secured Party"), extended loans and provided financial accommodations to the Assignor and certain of its affiliates pursuant to and in accordance with the terms and conditions of that certain Amended and Restated Credit and Security Agreement, dated as of May 21, 2019, among the Assignor, Incipio, LLC, Incase Designs Corporation, Incipio Technologies, Inc., and the Secured Party (as amended, and as the same may be further amended, restated or otherwise modified, in accordance with its terms, the "Credit Agreement") and other Financing Documents (as defined in the Credit Agreement) (the "Financing Documents");

WHEREAS, as of the date hereof, the Secured Party holds valid and enforceable security interests and liens on the Purchased Secured Assets (as defined below) to secure payment and satisfaction of the Secured Party's claims against the Assignor under the Credit Agreement and the Financing Documents;

WHEREAS, the Assignor is in default of their Term Loan Obligations (as defined in the Financing Documents) and, as a result of such defaults, the Secured Party exercised its remedies under the Credit Agreement and the Financing Documents and applicable law, to foreclose its security interest upon and sell the Purchased Secured Assets to Assignee under the Purchase Agreement (as such terms are defined below);

WHEREAS, the Secured Party, the Assignee and the Assignor are parties to that certain Sale Agreement Pursuant to Article 9 of the Uniform Commercial Code, dated effective as of August 6, 2021 (the "Purchase Agreement"), pursuant to which, among other things, the Secured Party sold to the Assignee, free and clear of the Secured Party's and all and any junior pledge, lien, security interest or other encumbrance in a private sale conducted under Sections 9-609 through 9-619 of the Uniform Commercial Code as in effect on the date of such sale in the State of New York (the "Secured Party Sale"), the Assignor's right, title, and interest in the Purchased Secured Assets (as defined in the Purchase Agreement), which includes all Intellectual Property Rights (as defined below) owned by the respective Assignor (collectively, the "IP"), including, but not limited to all of Assignor's right, title, and interest in and to (i) the U.S. trademarks, trademark registrations, and trademark applications set forth in Schedule A attached hereto, along with all associated goodwill and the portions of the Assignor's business to which such marks pertain, (ii) the non-U.S. trademarks, trademark registrations, and trademark applications set forth in Schedule B attached hereto, along with all associated goodwill and the portions of the Assignor's business to which such marks pertain, (iii) the U.S. patents, patent applications, and patent rights set forth in Schedule C attached hereto, (iv) the non-U.S. patents, patent applications, and patent rights set forth in Schedule D attached hereto, (v) the U.S. copyright registrations set forth in Schedule E hereto; (vi) the non-U.S. copyright registrations set forth in Schedule F hereto; and (vii) the domain

names (collectively, "Domain Names") and social media identifiers (collectively, "Social Media Identifiers") set forth in Schedule G hereto, together with all of Assignor's copyright rights in and to the content uploaded or posted to the websites accessible via the Domain Names and all of Assignor's copyright rights in and to the content uploaded or posted to the social media sites, channels, pages, groups, blogs, and lists associated with the Social Media Identifiers, and all associated follower, subscriber, and contact lists;

WHEREAS, for purposes of this Assignment of IP Agreement, "Intellectual Property Rights" means any and intellectual property rights in any jurisdiction throughout the world, by whatever name or terms known or designated, whether arising by operation of Law, Contract, or otherwise, including: (i) patents, patent applications, and patent rights; (ii) trademarks (registered, unregistered, and at common law), trademark registrations, and applications, trade names, logos, trade dress, brand names, service marks (registered and at common law), service mark registrations and applications, websites, domain names, proprietary social media identifiers for any social media accounts (along with associated account and profile information and all administrator rights) and other indicia of source and all goodwill associated therewith, whether owned or licensed; (iii) works of authorship, copyrights, copyright registrations and applications for registration, and moral rights; (iv) know-how, trade secrets, customer lists, confidential information, proprietary information, proprietary processes and formulae, recipes, databases; (v) all source and object code, software, algorithms, architecture, structure, display screens, layouts, inventions, development tools; (vi) rights of privacy and publicity; (vii) all causes of action (resulting from past and future infringement thereof), damages, and remedies relating to any and all of the foregoing; and (viii) all documentation and media constituting, describing or relating to the above, including manuals, memoranda, and records; and

WHEREAS, consistent with the Secured Party Sale and pursuant to the Purchase Agreement, the Assignor has agreed to deliver this Assignment of IP Agreement to the Assignee, assigning to the Assignee all of the Assignor's rights, title, and interest in and to the IP.

NOW, THEREFORE, pursuant to the Purchase Agreement and in consideration of the promises and the mutual covenants contained herein, and for other good and valuable consideration, the receipt, adequacy and legal sufficiency of which are hereby acknowledged, the parties do hereby agree as follows:

1. Capitalized Terms. Unless expressly noted otherwise, capitalized terms used but not defined herein shall have the meanings for such terms that are set forth in the Purchase Agreement. The foregoing recitals are incorporated herein as representations and warranties and made a part of this Assignment of IP Agreement.

2. Assignment. Assignor hereby irrevocably sells, transfers, assigns, conveys, and delivers to Assignee all right, title and interest in and to the IP, including all other corresponding rights related to the IP that are or may be hereafter secured under the laws of any country, now or hereafter in effect, and all rights of action and remedies for past, present, and future infringements of the IP, the same to be held and fully enjoyed by Assignee, its successors, assigns, and other legal representatives.

3. Recordation and Further Actions. The Assignor hereby authorizes the Commissioner for Patents, the Commissioner for Trademarks in the United States Patent and Trademark Office and the Register of Copyrights in the United States Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Assignment of IP Agreement upon request by the Assignee. Following the date hereof, upon the Assignee's reasonable request, and at the Assignee's sole cost and expense, the Assignor shall take such steps and actions, and provide such cooperation and assistance to the Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be reasonably necessary to effect, evidence, or perfect the assignment of the IP assets to the Assignee, or any assignee or successor thereto. Such assistance shall include, but not be limited to, effectuating the transfer of the possession and control of the Domain Names and Social Media Identifiers to Assignee with the registrars of the applicable Domain Names and the owners of the applicable social media platforms, and taking any steps and completing any documents, forms, or information requests that may be required by each such registrar or platform owner.

4. Terms of the Purchase Agreement. The express terms of the Purchase Agreement are incorporated herein by this reference. The Assignor and the Assignee acknowledge and agree that the express representations, warranties, covenants, and agreements contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.

5. Assignor Representations and Warranties. Except to the extent as set forth in the Purchase Agreement, the Assignor specifically disclaims (and Assignee expressly agrees that the Assignor is not making or giving) any covenant, undertaking, representation or warranty, express or implied, in connection with the Assignor's sale and assignment of the IP, or any other matter relating thereto, and that such sale and assignment is without recourse to the Assignor, is made on an "AS IS, WHERE IS" basis, and is made without any representations or warranties, express or implied, as to ownership, title, condition or any other matters whatsoever.

6. Counterparts. This Assignment of IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this Assignment of IP Agreement delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Assignment of IP Agreement.
