The preceding assignment further includes the right to any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any of the Assigned Protections as well as any and all claims and causes of action against third parties arising from or with respect to any of the Assigned Protections, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default throughout the world, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.
