INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“**IP Assignment**”), is entered into as of December 3, 2021 (the “**Effective Date**”), between Appvion Operations, Inc., a Delaware corporation, located at 825 East Wisconsin Avenue, Appleton, Wisconsin 54912 (“**Assignor**”), in favor of WC APV Opco, LLC, a Delaware limited liability company, located at 825 East Wisconsin Avenue, Appleton, Wisconsin 54912 (“**Assignee**”), the purchaser of certain assets of Assignor pursuant to the Asset Purchase Agreement by and among Assignee, Assignor, Appvion Holding Corp., a Delaware corporation, and APVN Farmhouse LLC, a Delaware limited liability company, dated as of December 3, 2021 (the “**Purchase Agreement**”).

WHEREAS, under the terms of the Purchase Agreement, Assignor has conveyed, transferred, and assigned to Assignee, among other assets, certain intellectual property of Assignor, and has agreed to execute and deliver this IP Assignment, for recording with the United States Patent and Trademark Office, the United States Copyright Office, and corresponding entities or agencies in any applicable jurisdictions;

NOW THEREFORE, the parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably conveys, transfers, and assigns to Assignee, and Assignee hereby accepts, all of Assignor’s right, title, and interest in and to the following (the “**Assigned IP**”):

(a) those certain patents and patent applications set forth on Schedule 1 hereto, all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof, and any other patents or patent applications in any jurisdiction claiming priority to or the benefit of the foregoing (the “**Patents**”);

(b) those certain trademark registrations and trademark applications set forth on Schedule 2 hereto and all issuances, extensions, and renewals thereof (the “**Trademarks**”), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks; provided that, with respect to any United States intent-to-use trademark applications set forth on Schedule 2 hereto, the transfer of such applications accompanies, pursuant to the Purchase Agreement, the transfer of Assignor’s business, or that portion of the business to which the trademark pertains, and that business is ongoing and existing;

(c) those certain copyright registrations and copyright applications set forth on Schedule 3 hereto and all issuances, extensions, and renewals thereof (the “**Copyrights**”);

(d) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(e) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(f) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office, the Register of Copyrights in the United States Copyright Office, and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment upon request by Assignee. Following the date hereof, upon Assignee's reasonable request and at Assignee's sole cost, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary to effect, evidence, or perfect the assignment of the Assigned IP to Assignee, or any assignee or successor thereto.

3. Terms of the Purchase Agreement. A signed copy of this IP Assignment delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment.
