(a) The Assignor hereby assigns, transfers and delivers to the Assignee, all of the Assignor’s rights, title and interest in and to any data, databases, know-how, materials, documentation, software, software code, computer programs, inventions (whether or not patentable), designs, and/or works of authorship, including but not limited to, discoveries, ideas, concepts, properties, formulas, compositions, methods, programs, procedures, systems, techniques, products, improvements, innovations, writings, pictures, audio, video, images, and artistic works, or any subject matter protected or protectable under patent, copyright, proprietary database, trademark, trade secret, rights of publicity, confidential information, or other property rights, including all worldwide rights therein;

(b) The Assignor hereby assigns, transfers and delivers to the Assignee, all of the Assignor’s right, title and interest in and to any and all trademark rights related to the Assigned IP, including but not limited to the trademarks and trademark registrations listed in Schedule A, and including all state and common law rights and rights in foreign jurisdictions, together with the goodwill of the business symbolized by the trademark rights related to the Assigned IP, and the registrations and applications therefor, including all damages and profits, due or accrued, arising out of past infringements of said trademark rights, and the right to sue for and recover the same, free and clear of all liens, claims, security interests and other encumbrances; and

The Assignor hereby waives any claim that the Assignor has or may have under any theory of moral or natural rights or any rights of attribution under the copyright laws of any jurisdiction with respect to said Assigned IP to the extent such waiver is recognizable under the law of the controlling jurisdiction.

2. Cooperation and Recordation. 4. Miscellaneous.

(a) This Assignment, and all claims relating to or arising out of the relationship of the Parties hereto with respect to the subject matter hereof, shall be governed by, construed under and interpreted in accordance with the laws of the State of Delaware, without giving effect to the principles of conflict of laws thereof that would require the application of any other law.

(b) This Assignment shall be binding upon and inure solely to the benefit of each Party hereto and their respective successors and permitted assigns, and nothing in this Assignment, express or implied, is intended to confer upon any other person any rights or remedies of any nature whatsoever under or by reason of this Assignment.

(c) This Assignment may be executed in counterparts, each of which when so executed and delivered shall be deemed an original, but all of which together shall constitute one and the same instrument.

(d) No amendment of any provision of this Assignment shall be effective, unless the same shall be in writing and signed by the Assignor, on the one hand, and the Assignee, on the other hand. Any failure of any Party to comply with any obligation, agreement or condition hereunder may only be waived in writing by the other Party, but such waiver shall not operate as a waiver of, or estoppel with respect to, any subsequent or other failure. No failure by any Party to take any action with respect to any breach of this Assignment or default by another Party shall constitute a waiver of such Party's right to enforce any provision hereof or to take any such action.

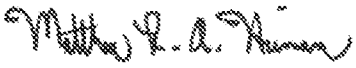

(e) In case any term, provision, covenant or restriction contained in this Assignment is held to be invalid, illegal or unenforceable in any jurisdiction, the validity, legality and enforceability of the remaining terms, provisions, covenants or restrictions contained herein, and of such term, provision, covenant or restriction in any other jurisdiction, shall not in any way be affected or impaired thereby.
