WHEREAS, pursuant to a certain Asset Purchase Agreement entered into by and among Assignor, Assignee and PUTL, Inc., a Delaware corporation and sole member of Seller, dated as of December 15, 2021 (the "Purchase Agreement"), Assignor agreed to sell, convey transfer and assign, and Assignee agreed to purchase and acquire certain assets of Assignor, including, all right, title, and interest, and all goodwill associated therewith, in and to certain trademarks, service marks, trade names, logos, slogans, designs, trade dress, and other indicia of origin included in the Purchased Assets, including, but not limited to, the marks identified in Exhibit A (the "Marks"), and all applications, registrations, and common law rights therein; and

WHEREAS, Assignor and Assignee confirm their agreement whereby Assignor assigns to Assignee all right, title and interest in and to the Marks, including any and all goodwill associated therewith.

NOW THEREFORE, in consideration of the foregoing recitals and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Assignor and Assignee hereto agree as follows:

1. Pursuant to the terms of the Purchase Agreement, and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby confirm that it has assigned, transferred, conveyed and contributed, and does hereby further assign, and transfer, to Assignee, its successors and assigns, all of its right, title, and interest, throughout the world, in, to and under said Marks, all applications and registrations therefor, together with any and all of the goodwill of the business symbolized by and associated with said Marks, and all income, royalties, fees, damages, payments and proceeds due or payable with respect thereto, and in and to any and all causes of action (either in law or in equity), and the right to enforce any rights and file any causes of action, including the right to recover damages, for any past, present, or future infringement or misappropriation of any said Marks, in each case free and clear of all Encumbrances.

2. Assignor hereby agrees, at any time or from time to time, at the reasonable written request of Assignee and at Assignees sole costs and expense, to execute, acknowledge and deliver such further instruments of sale, assignment, transfer, conveyance, delivery or assumption and to take such other actions as Assignee may reasonably request in order to more effectively consummate the transactions contemplated by this Assignment.

3. Assignee may record this Assignment with the United States Patent and Trademark Office and with comparable offices in other jurisdictions throughout the world, as well as with any other United States or foreign government office as may be necessary or appropriate. All costs associated with any such registrations or recordations shall be paid by Assignee.

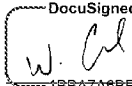

4. This Assignment and all disputes relating thereto shall be governed by and construed in accordance with the internal Laws of the State of Texas without giving effect to any choice or conflict of law provision or rule (whether of the State of Texas or any other jurisdiction) that would otherwise require the application of the Laws of any jurisdiction other than the State of Texas.

5. This Assignment may be executed simultaneously in multiple counterparts, and in separate counterparts (including via facsimile or portable document (PDF)), each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.
