WHEREAS, Think Research Corporation, as borrower, entered into that certain letter agreement, dated as of the date hereof (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Letter Agreement**”) with the Secured Party, as lender;

WHEREAS, as a condition precedent to the making of loans by the Secured Party pursuant to the Letter Agreement, each Grantor has executed and delivered that certain Security Agreement, dated as of the date hereof (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”); and

WHEREAS, under the terms of the Security Agreement, the Grantors have granted to the Secured Party a security interest in, among other property, certain intellectual property of the Grantors, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the United States Patent and Trademark Office;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor agrees as follows:

- (i) the patents and patent applications set forth in Schedule A hereto;
- (ii) the trademark and service mark registrations and applications set forth in Schedule B hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications or intent-to-use service mark applications filed pursuant to Section 1 (b) of the Lanham Act, to the extent that, the grant of a security interest therein would impair the validity or enforceability of, or render void or voidable or result in the cancellation of the applicable Grantor’s right, title or interest therein or any trademark or service mark issued as a result of such application under applicable federal law), together with the goodwill symbolized thereby;
- (iii) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing;
- (iv) any and all claims for damages and injunctive relief for past, present and future infringement of any of the foregoing; and
