United States Patent and Trademark Office

Ladies and Gentlemen:

Please be advised that pursuant to the Security and Pledge Agreement dated as of August 27, 2020 (as amended, modified, extended, restated, renewed, replaced, or supplemented from time to time, the “Agreement”) and among the Grantors party thereto (each a “Grantor” and collectively, the “Grantors”) and Carlyle Global Credit Investment Management L.L.C., as administrative agent (the “Administrative Agent”) for the Secured Parties referenced therein, the undersigned Grantor has granted, and hereby does grant, to the Administrative Agent for the ratable benefit of the Secured Parties, a continuing security interest in and a right to set off against (i) the trademarks, service marks, and the registrations and applications for the registration thereof shown on Schedule 1 attached hereto (ii) all counterparts, extensions and renewals of any of the foregoing, (iii) all income, royalties, damages and payments now or hereafter due and/or payable under any of the foregoing or with respect to any of the foregoing, including, without limitation, damages or payments for past, present or future infringements, violations, dilutions or misappropriations of any of the foregoing, (iv) the right to sue for past, present or future infringements, violations, dilutions or misappropriations of any of the foregoing and (v) all rights corresponding to any of the foregoing (including the goodwill) throughout the world (“Trademark Collateral”).

For the avoidance of doubt, no security interest has been granted in the Security Agreement, or is granted hereunder, in any United States intent-to-use trademark applications to the extent that, and solely during the period in which the grant of a security interest therein would impair the validity or enforceability of or render void or result in the cancellation of, any registration issued as a result of such intent-to-use trademark applications under applicable Law; provided that upon submission and acceptance by the USPTO of an amendment to allege pursuant to 15 U.S.C. Section 1060(a) or any successor provision), such intent-to-use trademark application shall be considered Trademark Collateral.

The undersigned Grantor and the Administrative Agent, on behalf of the Secured Parties, hereby acknowledge and agree that the security interest in the foregoing Trademark Collateral (a) may only be terminated in accordance with the terms of the Agreement and (b) is not to be construed as an assignment of any trademark or trademark application.

Very truly yours,
