TRADEMARK ASSIGNMENT AGREEMENT
(NUNC PRO TUNC)

WHEREAS, Bottom Line Process Technologies, Inc., a Florida Corporation located at 7040 Key Haven Road, Apartment 205, Seminole, Florida 33777, hereafter referred to as "Assignor," has adopted, owned, and used the following word mark

for which a Certificate of Registration was issued in the United States Patent and Trademark Office on September 15, 2015, and assigned Registration No. 4,811,248;

Whereas Specialty Process Engineering Company, LLC, an Illinois Limited Liability Company located at 25523 West Ruff Street, Plainfield, Illinois 60585, hereafter referred to as "Assignee", is desirous of acquiring said mark and the issued Certificate of Registration thereof;

Whereas, pursuant to and as set forth in the Asset Purchase Agreement between Assignor and Assignee dated March 20, 2020, wherein trademarks and other business assets were purchased and transferred, and this Trademark Assignment Agreement being entered for the purposes of establishing a clear chain of title between Assignor and Assignee, Assignor hereby assigns the mark, the registration thereof, and the goodwill associated therewith to Assignee;

Now, therefore, for good and valuable consideration, receipt of which is hereby acknowledged, said Assignor does hereby assign unto said Assignee *nunc pro tunc* effective as of March 20, 2020, all right, title and interest in and to said mark, together with the goodwill of the business symbolized by the mark, and the above identified registration number thereof.

AND, as a part of said consideration, Assignor hereby warrants that title to said mark is clear and unencumbered. Specifically, there are no outstanding assignments, grants, liens, encumbrances, or agreements either written, oral, or implied with respect to the above-identified mark and corresponding Certificate of Registration that will impair, diminish, limit, impact or abridge the interest herein conveyed at the time of the execution of this instrument by both parties.

Assignor further agrees to communicate to said Assignee, its representatives or agents, any facts relating to said mark, whenever requested; and to execute and deliver on request, all lawful papers required to make any of the foregoing provisions effective, and likewise to make these provisions binding upon my heirs, legal representatives, administrators, or assigns.

Assignor further agrees, and hereby grants the Assignee and its duly authorized representatives the power to insert on this agreement any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, and any equivalent foreign office, for the sole purpose of properly recording this document.

Assignor and Assignee further agree this Trademark Assignment Agreement shall be contingent upon full satisfaction of the payment of the Purchase Price agreed upon by way of the Asset Purchase Agreement dated March 20, 2020, between Assignor and Assignee.

The preamble and recitals set forth above are hereby ratified and incorporated herein and made a part of this Agreement by reference.

IN WITNESS WHEREOF, I have hereunto set my hand and seal on the date written below next to my name.
