INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This **Intellectual Property Assignment Agreement** ("**IP Assignment**"), effective as of this 28th day of January, 2022 ("Effective Date"), is made by and between:

GLOBAL PAYMENTS INC. ("**Assignor**"), a Georgia corporation, located at 3550 Lenox Road, Suite 3000, Atlanta, Georgia 30326, in favor of **GLOBAL PAYMENTS GAMING SERVICES, INC.** ("**Assignee**"), an Illinois corporation, located at 6215 W. Howard St., Niles, Illinois 60714. Assignee and Assignor are referred to individually as a "Party" and together as the "Parties."

WHEREAS, Assignor desires to convey, transfer, and assign to Assignee, among other assets, certain intellectual property of Assignor, and has agreed to execute and deliver this IP Assignment, for recording with the United States Patent and Trademark Office ("US PTO") and corresponding entities or agencies in any applicable jurisdictions;

NOW THEREFORE, the Parties agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably conveys, transfers, and assigns to Assignee, and Assignee hereby accepts, all of Assignor's right, title, and interest in and to the following (the "**Assigned IP**"):

(a) the patents and patent applications set forth on Schedule 1 hereto, all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof, and the right to claim the full benefit and priority rights thereto, such rights to be held and enjoyed by said Assignee to the full end of the term or terms for which any and all such patents may be granted as fully and entirely as would have been held and enjoyed by Assignor had this IP Assignment not been made (the "**Patents and Patent Applications**");

(b) the trademark registrations and applications set forth on Schedule 2 hereto and all issuances, extensions, and renewals thereof (the "**Trademarks**"), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks;

(c) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions, and otherwise throughout the world;

(d) any and all royalties, fees, income, payments, and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(e) any and all claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach, or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Assignor hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the US PTO and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment upon request by Assignee. Following the date hereof, upon Assignee's reasonable request, Assignor shall take such steps and actions, and provide such cooperation and assistance to Assignee and its successors, assigns, and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney, or other documents, as may be necessary to effect, evidence, or perfect the assignment of the Assigned IP to Assignee, or any assignee or successor thereto.

3. Counterparts. This IP Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed one and the same agreement. A signed copy of this IP Assignment delivered by e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this IP Assignment. Each party agrees that this IP Assignment and any other documents to be delivered in connection herewith may be electronically signed, and that any electronic signatures appearing on this IP Assignment or such other documents are the same as handwritten signatures for the purposes of validity, enforceability, and admissibility.

4. Successors and Assigns. This IP Assignment shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

5. Governing Law. This IP Assignment and any claim, controversy, dispute, or cause of action (whether in contract, tort, or otherwise) based upon, arising out of, or relating to this IP Assignment and the transactions contemplated hereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Georgia, without giving effect to any choice or conflict of law provision or rule (whether of the State of Georgia or any other jurisdiction).
