INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this “**Assignment Agreement**”) is made and entered into as of December 30, 2021 (the “**Effective Date**”) by and between Duncan Enterprises, a California corporation (the “**Assignor**”), on the one hand, and Paisley Crafts, LLC, a Delaware limited liability Company (the “**Assignee**”), on the other hand.

AND WHEREAS pursuant to the Purchase Agreement, Assignor and Assignee agreed to enter into this Assignment Agreement effective as a condition of Closing;

AND WHEREAS Assignor is the owner of certain Intellectual Property Rights (as defined in the Purchase Agreement), including the items set out in Schedule “A” hereto (the “**Scheduled Intellectual Property**”);

AND WHEREAS Assignee is desirous of acquiring the whole right, title and interest in and to such Intellectual Property Rights, together with the goodwill associated with such Intellectual Property Rights, and the goodwill of the business associated with such Intellectual Property Rights, including all rights to sue for past, present and future infringements or violations of such Intellectual Property Rights; and

AND WHEREAS capitalized terms not otherwise defined in this Assignment Agreement shall have the meanings ascribed to them in the Purchase Agreement,

NOW THEREFORE, in consideration of the premises and covenants set forth herein and in the Purchase Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor confirms that it has sold, assigned, transferred and set over, and does sell, assign, transfer and set over to Assignee, as of the Effective Date, all of Assignor’s right, title, property, interest and benefit in and to such Intellectual Property Rights, including the Scheduled Intellectual Property, together with the goodwill associated with such Intellectual Property Rights, and the goodwill of the Business associated with such Intellectual Property Rights, including all rights to sue for past, present and future infringements or violations of such Intellectual Property Rights;

Assignor waives all moral, attribution and integrity rights that it may have in the Intellectual Property Rights and further agrees that Assignee, its successors, assigns, or other legal representatives, and any of its direct or indirect licensees, shall not be obligated by Assignor to designate Assignor, or any predecessors in interest to Assignor, as an author of any works of authorship covered by the Intellectual Property Rights.

Assignor will, upon request of Assignee and without further consideration but at the expense of the Assignee, provide to Assignee, Assignee’s successors, assigns or other

legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation), reasonably requested by Assignee to more fully and effectively carry out the purposes of this Assignment, including, without limitation, with respect to the following: (1) the preparation and prosecution of any application for registration, or any application for renewal of a registration, relating to any of the rights assigned herein; (2) the prosecution or defense of any interference, opposition, infringement or other proceedings that may arise in connection with any of the rights assigned herein, including, without limitation, testifying as to any facts relating to the Scheduled Intellectual Property and this Assignment Agreement; (3) obtaining any protection or registration relating to rights assigned herein that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in any jurisdiction in the world; and (4) in the implementation or perfection of this Assignment Agreement.

This Assignment is governed by and will be interpreted and construed in accordance with the domestic Laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the State of Delaware. Notwithstanding anything to the contrary herein, in the event of any conflict or inconsistency between the terms of this Assignment and the terms of the Purchase Agreement, the terms of the Purchase Agreement will prevail, and nothing contained herein shall be deemed to alter, modify, expand or diminish the terms of the Purchase Agreement.
