INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of March 30, 2022 (this “Agreement”), is made by each of the signatories hereto indicated as a “Grantor” (each a “Grantor” and collectively, the “Grantors”) in favor of BANK OF AMERICA, N.A., as Administrative Agent for the Secured Parties (in such capacity and together with its successors and assigns in such capacity, the “Administrative Agent”).

WHEREAS, pursuant to that certain Credit Agreement, dated as of the date hereof, by and among Otter Products, LLC, a Colorado limited liability company (the “Borrower”), and OtterBox Holdings, Inc., a Colorado corporation, as a guarantor, Administrative Agent, the lenders party thereto (the “Lenders”), Swing Line Lender and L/C Issuer and other financial institutions party thereto (as the same may hereafter be amended, restated, supplemented or otherwise modified from time to time, the “Credit Agreement”), the Lenders have severally agreed to make extensions of credit to the Borrower upon the terms and subject to the conditions set forth therein;

WHEREAS, as a condition precedent to the obligation of the Lenders to make their respective extensions of credit to the Borrower under the Credit Agreement, the Grantors entered into a Pledge and Security Agreement, dated as of the date hereof (as amended, restated, supplemented or otherwise modified from time to time, the “Pledge and Security Agreement”), by and among each of the Grantors, the Administrative Agent and the other parties party thereto, pursuant to which each of the Grantors assigned, transferred and granted to the Administrative Agent, for the benefit of the Secured Parties, a security interest in the IP Collateral (as defined below); and

WHEREAS, pursuant to the Pledge and Security Agreement, each Grantor agreed to execute this Agreement, in order to record the security interest granted to the Administrative Agent for the benefit of the Secured Parties with the United States Copyright Office and the United States Patent and Trademark Office.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Grantors hereby agree with the Administrative Agent as follows:

SECTION 1. Defined Terms

(a) Capitalized terms used but not defined herein shall have the respective meanings given thereto in the Pledge and Security Agreement, and if not defined therein, shall have the respective meanings given thereto in the Credit Agreement.

(b) The following terms shall have the following meanings:

“Copyright Collateral” shall mean all works of authorship and all intellectual property rights therein, all United States and foreign copyrights (whether or not the underlying works of authorship have been published), including but not limited to copyrights in software and databases, all designs (including but not limited to all industrial designs, and “Protected Designs” within the meaning of 17 U.S.C. 1301 et. Seq. and Community designs), and all “Mask Works” (as defined in 17 U.S.C. 901 of the U.S. Copyright Act), whether registered or unregistered, and with respect to any and all of the foregoing: (1) all registrations and applications for registration thereof including the registrations and applications listed in Schedule A attached hereto, (2) all extensions, renewals, and restorations thereof, (3) all rights

to sue or otherwise recover for any past, present and future infringement or other violation thereof, (4) all Proceeds of the foregoing, including license fees, royalties, income, payments, claims, damages and proceeds of suit now or hereafter due and/or payable with respect thereto, and (5) all other rights of any kind accruing thereunder or pertaining thereto throughout the world (collectively “Copyrights”).

“Patent Collateral” shall mean all patentable inventions and designs, all United States, foreign, and multinational patents, certificates of invention, and similar industrial property rights, and applications for any of the foregoing, including:

- (i) each patent and patent application listed in Schedule B attached hereto;
- (ii) all reissues, substitutes, divisions, continuations, continuations-in-part, extensions, renewals, and reexaminations thereof;
- (iii) all inventions and improvements described and claimed therein;
- (iv) all rights to sue or otherwise recover for any past, present and future infringement or other violation thereof;
- (v) all Proceeds of the foregoing, including license fees, royalties, income, payments, claims, damages, and proceeds of suit now or hereafter due and/or payable with respect thereto; and
- (vi) all other rights of any kind accruing thereunder or pertaining thereto throughout the world.

“Trademark Collateral” shall mean, subject to the provisions of Section 2.2 below, all domestic, foreign and multinational trademarks, service marks, trade names, corporate names, company names, business names, fictitious business names, trade dress, trade styles, logos, Internet domain names, other indicia of origin or source identification, and general intangibles of a like nature, whether registered or unregistered, and with respect to any and all of the foregoing:

- (i) all registrations and applications for registration thereof including the registrations and applications listed in Schedule C attached hereto;
- (ii) all extensions and renewals thereof;
- (iii) all of the goodwill of the business associated with the use of and symbolized by any of the foregoing;
- (iv) all rights to sue or otherwise recover for any past, present and future infringement, dilution, or other violation thereof;
- (v) all Proceeds of the foregoing, including license fees, royalties, income, payments, claims, damages and proceeds of suit now or hereafter due and/or payable with respect thereto; and
- (vi) all other rights of any kind accruing thereunder or pertaining thereto throughout the world.

(c) The words “hereof”, “herein”, “hereto” and “hereunder” and words of similar import when used in this Agreement shall refer to this Agreement as a whole and not to any particular provision of this Agreement, and Section, Schedule, Exhibit and Annex references, are to this Agreement unless otherwise specified. References to any Schedule, Exhibit or Annex shall mean such Schedule, Exhibit or Annex as amended or supplemented from time to time in accordance with this Agreement.

(d) The meanings given to terms defined herein shall be equally applicable to both the singular and plural forms of such terms.

(e) Where the context requires, terms relating to the Collateral or any part thereof, when used in relation to a Grantor, shall refer to such Grantor's Collateral or the relevant part thereof.

(f) The use herein of the word “include” or “including”, when following any general statement, term or matter, shall not be construed to limit such statement, term or matter to the specific items or matters set forth immediately following such word or to similar items or matters, whether or not non-limiting language (such as “without limitation” or “but not limited to” or words of similar import) is used with reference thereto, but rather shall be deemed to refer to all other items or matters that fall within the broadest possible scope of such general statement, term or matter.

(g) All references herein to provisions of the UCC shall include all successor provisions under any subsequent version or amendment to any Article of the UCC.

SECTION 2. Grant of Security Interest in IP Collateral

SECTION 2.1 Grant of Security Interest. Each Grantor hereby assigns and transfers to the Administrative Agent, and hereby grants to the Administrative Agent, for the benefit of the Secured Parties, a security interest in, all of the following property, in each case, wherever located and now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest (collectively, the “IP Collateral”) as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of the Obligations:

- (a) all Copyright Collateral;
- (b) all Patent Collateral;
- (c) all Trademark Collateral; and
- (d) all Proceeds of the foregoing.

For the avoidance of doubt, the grant of a security interest in IP Collateral shall not be deemed an absolute assignment thereof to the Administrative Agent.

SECTION 2.2 Certain Limited Exclusions. Notwithstanding anything herein to the contrary, in no event shall the IP Collateral include, or the security interest granted under Section 2.1 hereof attach to, any “intent-to-use” application for registration of a Trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the

Lanham Act with respect thereto, solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law.

SECTION 3. Security Agreement

The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Administrative Agent for the Secured Parties pursuant to the Pledge and Security Agreement, and the Grantors hereby acknowledge and affirm that the rights and remedies of the Administrative Agent with respect to the security interest in the IP Collateral made and granted hereby are more fully set forth in the Pledge and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the Pledge and Security Agreement, the provisions of the Pledge and Security Agreement shall control.

SECTION 4. Governing Law

THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICTS OF LAW RULES THAT WOULD RESULT IN THE APPLICATION OF A DIFFERENT GOVERNING LAW (OTHER THAN ANY MANDATORY PROVISIONS OF THE UCC RELATING TO THE LAW GOVERNING PERFECTION AND EFFECT OF PERFECTION OF THE SECURITY INTERESTS).

SECTION 5. Counterparts

This Agreement may be executed in one or more counterparts and by different parties hereto in separate counterparts, each of which when so executed and delivered shall be deemed an original, but all such counterparts together shall constitute but one and the same instrument. The words "execution," "signed," "signature," "delivery," and words of like import in this letter agreement shall be deemed to include Electronic Signatures, deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, each Grantor has caused this Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
