CONFIRMATORY TRADEMARK ASSIGNMENT AGREEMENT

This Confirmatory Trademark Assignment Agreement (the "Assignment") is dated April 12, 2022, by and between Harry Miller Corp., a Pennsylvania corporation (the "Assignor") and Quaker Chemical Corporation, a Delaware corporation (and, with its parent corporation, Quaker Chemical Corporation, a Pennsylvania corporation, the "Assignee"). Collectively, Assignor and Assignee shall be referred to as the "Parties."

A. The Parties entered into a Purchase Agreement, dated January 4, 2022 (the "Purchase Agreement"), pursuant to which Assignor has transferred to Assignee, among other assets, including certain international trademarks, all of Assignor's right, title, and interest in and to the trademarks set forth on Schedule A, attached hereto (collectively, "Assigned Marks"). The Assigned Marks include the registrations listed on Schedule A that are registered at the U.S. Patent and Trademark Office.

B. This Assignment is being executed to confirm the earlier assignment of the Assigned Marks to Assignee, and for recordation at the U.S. Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follows:

1. Assignor hereby confirms having assigned to Assignee all right, title, and interest in and to the Assigned Marks, together with the goodwill of the business symbolized by the Assigned Marks, common law rights, rights of priority and renewals to the extent associated therewith and all rights and remedies against past, present and future infringement, dilution, misappropriation or other violation thereof, including the right to enforce the foregoing and to sue for and recover profits and damages for any and all infringements, dilutions, misappropriations and other violations thereof, whether past, present or future, to the full end of the term or terms for which said trademarks may be granted, as fully and entirely as the same would have been held and enjoyed by Assignor without this assignment, pursuant to the Purchase Agreement. Notwithstanding the foregoing, and solely to the extent Assignor retained any right, title or interest in and to the Assigned Marks, Assignor does hereby convey, transfer, deliver and assign to Assignee, and Assignee does hereby accept, any and all rights, title, and interest that Assignor may own in and to the Assigned Marks, together with the goodwill of the business symbolized by the Assigned Marks.

2. Assignor authorizes and requests that the U.S. Patent and Trademark Office record Assignee as the owner of the entire right, title, and interest therein, or otherwise as Assignee may direct with regard to the registrations listed on Schedule A that are registered at the U.S. Patent and Trademark Office.

3. Assignor agrees to execute additional documents as reasonably necessary, for no additional consideration, to perfect Assignee's ownership in the Assigned Marks at the U.S. Patent

and Trademark Office, or which may be necessary to obtain, renew, issue, or enforce the Assigned Marks.

4. This Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Assignment delivered by facsimile, e-mail or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Assignment.

IN WITNESS WHEREOF, this Assignment has been executed by the Parties as of the date first written above.
