NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is acknowledged, Assignor and Assignee each agree as follows:

1. Assignment. Assignor assigns, transfers, conveys and delivers to Assignee and its successors and assigns, and Assignee accepts from Assignor, all of Assignor’s rights, title and interest in, to, and under the Assigned Trademarks, including, without limitation, all common law trademarks for which no applications or registrations exist, all applications to register any of the Assigned Trademarks, and all registrations that have been or may be granted for any of the Assigned Trademarks, all common law rights associated with the applications and registrations, and all goodwill associated with the Assigned Trademarks and symbolized thereby, along with that portion of the business which is ongoing and existing to which the trademarks pertain, together with the right to sue and recover damages for future, present, and past infringements of the Assigned Trademarks and to fully and entirely stand in the place of Assignor in all matters related to the Assigned Trademarks.

2. Further Assurances.

a. Assignor agrees to execute and deliver such other documents and to take all such other actions which Assignee, its successors and/or assigns may reasonably request to effect the terms of this Assignment, and to execute and deliver any and all affidavits, testimonies, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required to effect the terms of this Assignment and its recordation in relevant state and national trademark offices.

b. Assignor grants the attorney of record the power to insert on this Assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, or rules of other entities including but not limited to United States or foreign governments or trademark and patent offices, for recordation of this document.

c.
