ASSIGNMENT OF SECURITY INTEREST IN PATENTS AND TRADEMARKS

THIS ASSIGNMENT OF SECURITY INTEREST IN PATENTS AND TRADEMARKS (this “*Assignment*”) dated as of April 21, 2022, is made by Sonavation, Inc., a Delaware corporation (the “*Grantor*”) in favor of Healthcare Investments, LLC (“*Healthcare Investments*”), Locke Lord LLP (“*Locke Lord*”), Board Of Regents Of The University Of Texas System On Behalf Of The University Of Texas M.D. Anderson Cancer Center (“*MD Anderson*”), Soninvest LLC (“*Soninvest*”), and Karl F. Weintz (“*Mr. Weintz*.” and together with Healthcare Investments, Locke Lord, MD Anderson, and Soninvest, the “*Grantees*”).

WHEREAS, the Grantees each previously purchased a secured convertible promissory note (as amended, restated, supplemented or otherwise modified from time to time, the “*Notes*”); and

WHEREAS, pursuant to the Notes, the Grantor has executed and delivered that certain Second Lien Security Agreement, dated as of July 15, 2020 by and between the Grantor and the Grantees (as amended, restated, supplemented or otherwise modified from time to time, the “*Security Agreement*”) pursuant to which the Grantor has granted to the Grantees a junior security interest in the IP Collateral (as defined in Section 1 below) of the Grantor and has agreed as a condition thereof to execute this Assignment for recording with the United States Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

SECTION 1. Grant of Security. The Grantor hereby grants to the Grantees a junior security interest in all of such Grantor’s right, title and interest in and to the following (the “*IP Collateral*”):

(i) the patents and patent applications set forth in Schedule A hereto (the “*Patents*”);

(ii) the trademark and service mark registrations and applications set forth in Schedule B hereto (provided that no security interest shall be granted in United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark applications under applicable federal law), together with the goodwill symbolized thereby (the “*Trademarks*”);

(iii) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;

(iv) all any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of

the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(v) any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the foregoing or arising from any of the foregoing.

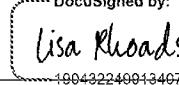

SECTION 2. Security for Obligations; Assignment of Interests. The grant of a junior security interest in the IP Collateral by the Grantor under this Assignment secures the payment of all Obligations (as defined in the Security Agreement) now or hereafter existing under or in respect of the Note, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. For the avoidance of doubt, the security interests granted herein to the Junior Grantees are subordinate and subject to a first priority security interest granted pursuant to certain Security Agreements of varying dates in favor of Cross Match Technologies, Inc., a Delaware Corporation (“**Cross Match**”), whether recorded or not with the United States Patent and Trademark Office. It is acknowledged and agreed the interests of Cross Match in a \$2,000,000 note due from Grantor to Cross Match (“Cross Match Note”), the security agreement securing the Cross Match Note, and an assignment filed with the U.S.P.T.O. securing the Cross Match Note, have been assigned by Cross Match to Donald E. Nickelson, in his capacity as representative of the former holders of stock and options to purchase stock of Cross Match.

SECTION 3. Recordation. The Grantor authorizes and requests that the Commissioner for Patents, the Commissioner for Trademarks and any other applicable government officer to record this Assignment.

SECTION 4. Grants, Rights and Remedies. This Assignment has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Grantees with respect to the IP Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 5. Governing Law. This Assignment shall be governed by, and construed in accordance with, the laws of the State of Delaware.

IN WITNESS WHEREOF, the Grantor has caused this Assignment to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.

By 
Name: Lisa M. Rhoads
Title: Chairman

IN2011KN04139		3/23/2009	IMPROVED MULTIPLEXER FOR A PIEZOELECTRIC IDENTIFICATION DEVICE	IN
IN349542		19/06/2009	METHOD FOR MANUFACTURING A PIEZOELECTRIC CERAMIC BODY	IN
JP2014504162		10/19/2010	An electric system, a method, and a device of the fingerprint sensor which uses sound in ^音 _{ノイズ} ^{オーディオ} _{アラート}	JP
JP2018192266		2/6/2013	BIOMETRIC SENSING DEVICE FOR THREE-DIMENSIONAL IMAGING OF SUBCUTANEOUS STRUCTURES EMBEDDED WITHIN FINGER TISSUE	JP
JP5653910		5/8/2008	The method and system for a multi-mode mechanical resonance machine	JP
JP5759444		3/23/2009	An improvement piezo-electricity discernment device and its use	JP

JP5781677		5/8/2008	Method and system for a multimode mechanical resonator	JP
JP5899342		3/23/2009	An improvement piezo-electricity discernment device and its use	JP
KR101634821		5/8/2008	METHOD AND SYSTEM FOR MULTI-MODE MECHANICAL RESONATOR	KR
KR101805676		3/23/2009	IMPROVED MULTIPLEXER FOR A PIEZO CERAMIC IDENTIFICATION DEVICE	KR
KR101812498		3/23/2009	IMPROVED PIEZOELECTRIC IDENTIFICATION DEVICE AND APPLICATIONS THEREOF	KR
TWI505196		3/23/2009	Improved piezoelectric identification device and applications thereof	TW
TWI515664		3/23/2009	Improved multiplexer for a piezo ceramic identification device	TW

SCHEDULE B

Schedule of Trademarks

Serial Number	Registration Number	Word Mark	Class(es)
86764386	5101577	SONIC TOUCH	009
86764313	5101576	SONICTOUCH	009
86393929	4978789	IDKEY	009
86393915	4978788	IDKEY	009
77444927	4139337		009
77421828	4139334	SONAVATION	009
