TRADEMARK SALE, PURCHASE AND ASSIGNMENT AGREEMENT

Made as of 31.03.2022

by and between

Ingram Macrotron GmbH, Heisenbergbogen 3, 85609 Aschheim, Germany (hereinafter referred to as „Assignor“)

and

Ingram Micro Inc., 3351 Michelson Drive, Suite 100, Irvine, CA 92612, USA (hereinafter referred to as “Assignee”)

Whereas

- Assignor is the registered owner of the trademarks listed in Schedule P1 to this Agreement (hereinafter referred to as the “Trademarks”);
- Assignor is interested in selling the Trademarks and Assignee is interested in acquiring them;

Now and therefore, the parties agree as follows:

1. Sale and Assignment

- 1.1. Assignor sells and assigns to Assignee all rights in and to the Trademarks. Assignee accepts the assignment.
- 1.2. Assignor further assigns to Assignee all rights which may have accrued or will accrue from the use of the Trademarks by Assignor. Assignee herewith accepts the assignment.

2. Recording of the Assignment

Assignee will without undue delay arrange for the recording of the change in ownership with the respective Trademark Offices at its own expense. At Assignee’s request, Assignor will provide Assignee with any declarations of assignment or other documents and assistance necessary for having the change in ownership recorded with the respective Trademark Offices free of charge (except for external costs such as notarization, legalization or translation, which shall be borne by the Assignee).

3. Consideration

- 3.1. In consideration for the sale and assignment of the Trademarks, Assignee pays to Assignor EUR 10 (ten) plus all applicable value added taxes (VAT). The aforementioned aggregate purchase price is allocated to the respective Trademarks as set out in Schedule P1.
- 3.2. Payment of the amount specified in section 3.1 above will be due 10 (ten) calendar days from receipt by Assignee of a corresponding invoice and shall be made by Assignee at no cost for Assignor and free of any charges or deductions to a bank account to be determined by Assignor.

4. Cooperation

- 4.1. Assignee acknowledges that Assignor has provided Assignee with all documents in its possession that relate to the Trademarks, including but not limited to the written correspondence with the respective Trademark Offices, trademark agents and third parties, as far as the application, registration and/or maintenance of the Trademarks is concerned.
- 4.2. Assignor will immediately forward to Assignee any communications and official notices concerning the Trademarks which it receives after the conclusion of this Agreement from Trademark Offices, trademark agents and/or third parties.
- 4.3. Assignor shall provide upon Assignee's written request and at Assignee's cost all reasonable support to Assignee in the event that the registration or use of any of the Trademarks is attacked by any third party.
- 4.4. Assignor undertakes not to challenge the good legal standing of the Trademarks or corresponding new applications and/or to induce or support such challenge.
- 4.5. In the event that any non-resident taxes are levied against the Assignor, Assignee shall upon Assignor's written request provide any reasonably required assistance to the Assignor. Any cost incurred by the Assignee in this respect, shall be borne by the Assignee.

5. Warranties and Representations

- 5.1. Assignee is aware of the status of the register and use of the Trademarks.
- 5.2. Assignor is not aware of any third party rights that may adversely affect the registration and/or use of the Trademarks. In particular, Assignor is not aware of any impending or pending proceedings directed against the registration and/or use of the Trademarks, including, but not limited to applications for cancellation or revocation or infringement proceedings.
- 5.3. Assignor is not aware of any contractual undertakings with third parties in respect of the contractual Trademarks, in particular no license agreements, security agreements,

and/or delimitation agreements (Abgrenzungsvereinbarungen), or coexistence agreements, except for the license granted to Ingram Micro Distribution GmbH concluded in 2007. Ingram Micro Distribution GmbH, Assignor and Assignee have concluded a tripartite agreement a copy of which is attached as Schedule 5.3 according to which the Assignee assumes the position of licensor with debt discharging effect for the Assignor.

- 5.4. Assignee accepts that any guarantee, warranty and/or liability of Assignor is hereby excluded to the extent permitted by the applicable law, except for wilful acts or acts of fraudulent intent by Assignor. In particular, Assignor does not warrant that there are no earlier rights of third parties, which could be in conflict with the validity or the use of the Trademarks.

6. Use of the Trademarks

- 6.1. Assignor undertakes to cease and desist from using the Trademarks and any sign similar to the Trademarks for goods and services that are identical or similar to goods and services for which the Trademarks are registered respectively.
- 6.2. Assignor undertakes not to use any of the Trademarks or a sign similar to any of the Trademarks as or as part of its company name, trade name or any other business identifier as of the date on which the ownership of the shares in Assignor has been transferred outside of the Ingram Micro Group.

7. Miscellaneous

- 7.1. This Agreement is in all respects governed by and construed in accordance with the laws of the Federal Republic of Germany.
- 7.2. Place of performance for any obligation arising under this Agreement is Munich. Any dispute arising from or in any way connected with this Agreement shall be brought before the District Court of Munich I, Germany (Landgericht München I).
- 7.3. The rights and obligations arising from the aforementioned terms and conditions shall also be binding to the legal successors of both Parties. Consequently, the Parties undertake to impose the duties arising from this agreement upon their legal successors.
- 7.4. If any provision of this Agreement is found to be invalid or unenforceable, that part will be amended so as to best accomplish the objectives of such invalid or unenforceable provision within the limits of applicable law and the remaining provisions will remain in full force and effect.
