INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (the "IP Security Agreement") dated May 11, 2022, is made by Pipl Search Ltd. (the "Grantor" or the "Company") in favor of Bank Leumi le-Israel B.M. (the "Secured Party" and together with the Grantor, the "Parties")

WHEREAS, the Parties have entered into a Loan and Security Agreement on or about May 11, 2022 as may be amended, modified, extended or renewed from time to time (the "Loan Agreement"). Terms defined in the Loan Agreement and not otherwise defined herein are used herein as defined in the Loan Agreement.

WHEREAS, as a condition precedent to the making of loan and credits under the Loan Agreement, the Grantor hereby grant to the Secured Party, a security interest in, among other property, certain intellectual property of the Grantor, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the relevant patent and/or trademark office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

1. **Grant of Security.** Grantor hereby grants to the Secured Party a security interest in all of such Grantor's (including, without limitations, Grantor's subsidiaries, related or affiliated companies') rights, title and interest in and to the following (the "Collateral"):
 - 1.1. the trademark set forth in Schedule A hereto (the "Trademark") and any right derived therefrom;
 - 1.2. the patent(s) and patent application(s) set forth in Schedule B hereto (the "Patents");
 - 1.3. all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto throughout the world and all other rights of any kind whatsoever of such Grantor accruing thereunder or pertaining thereto;
 - 1.4. any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and
 - 1.5. any and all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the Collateral of or arising from any of the foregoing.
2. **Security for Obligations.** The grant of a security interest in the Collateral by Grantor under this IP Security Agreement secures the payment of all obligations of the Grantor now or hereafter existing under or in respect of the Loan Agreement, whether direct or indirect, absolute or contingent, and whether for principal, reimbursement obligations, interest, premiums, penalties, fees, indemnifications, contract causes of action, costs, expenses or otherwise. Without limiting the generality of the foregoing, this IP Security Agreement secures, as to the Grantor, the payment of all amounts that constitute part of the secured obligations and that would be owed by the Grantor to the Secured Party under the Loan Agreement. All security interests that have been or may be created in favor of the Secured Party for payment and performance of the secured liabilities under Section 3 of the Loan Agreement shall be independent of one another.
3. **Recordation.** The Grantor authorizes and requests that the Commissioner or Registrar for Patents and/or Trademarks and any other applicable government officer record this IP Security Agreement.
4. **Representations and Warranties.** The Company hereby represents and warrants as follows:
 - 4.1. The Company is, and will remain during the term of the Loan Agreement, duly incorporated and validly registered under the laws of the State of Israel, with power and authority to own assets and to carry on its business as now being conducted, and is, and will remain, duly existing, qualified and licensed in every jurisdiction wherever necessary to carry on its business and operations.

Where provisions of any applicable law resulting in such illegality, invalidity or unenforceability may be waived, they are hereby waived by each party to the full extent permitted so that this IP Security Agreement shall be deemed valid and binding agreements, in each case enforceable in accordance with its terms.
