TRADEMARK ASSIGNMENT – FOR RECORDATION PURPOSES

This Trademark Assignment Agreement (“Trademark Assignment”), dated as of March 31, 2022, is made by and among Eastman Chemical Company, a Delaware corporation (“Parent”), Eastman Chemical Resins, Inc., a Delaware corporation (the “Parent Affiliate” and together with Parent, “Assignors”), and Synthomer Adhesive Technologies LLC, a Delaware limited liability company (“Assignee”).

RECITALS

A. This Trademark Assignment is entered into pursuant to a certain Purchase Agreement, dated October 28, 2021, to which Assignors and Synthomer plc, a public limited company organized pursuant to the Laws of England and Wales (“Synthomer”) are parties (the “Purchase Agreement”), under which, among other things, Assignors have agreed, prior to Closing, to contribute, transfer and deliver to Assignee (which, after Closing, will be an affiliate of Synthomer) and Assignee has agreed to acquire and accept from Assignors, all of Assignors’ right, title and interest in, to and under the Purchased Intellectual Property, including but not limited to the Intellectual Property set forth on Annex A to this Trademark Assignment (such Intellectual Property set forth on Annex A, the “Purchased Trademarks”).

B. In order to give effect to the foregoing, Assignors desire to assign to Assignee all of Assignors’ right, title, and interest in and to the Purchased Trademarks, and Assignee desires to acquire all of Assignors’ right, title, and interest in and to the Purchased Trademarks.

C. This Trademark Assignment supplements the Purchase Agreement and other instruments of transfer delivered in connection with the Purchase Agreement. Capitalized terms used but not defined in this Trademark Assignment shall have the meaning set forth in the Purchase Agreement.

In consideration of the sum of Ten Dollars (\$10), the covenants, agreements, representations and warranties contained in the Purchase Agreement and this Trademark Assignment, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignors and Assignee hereby agree as follows:

1. Assignment. Assignors hereby sell, transfer, assign, convey and deliver to Assignee, and Assignee hereby accepts, all of Assignors’ right, title and interest in and to the Purchased Trademarks, all goodwill associated with the business related to the Purchased Trademarks together with all rights to use, license and otherwise exploit the Purchased Trademarks, all income, royalties, damages, and payments as of the date hereof or hereafter due or payable to Assignors with respect to the Purchased Trademarks, including unpaid damages and payments for past, present, and future infringements of any Purchased Trademark, all rights in and under the Purchased Trademarks to the fullest extent allowed by Law as fully as Assignors would have held the same in the absence of this Trademark Assignment, all rights to sue and recover damages and payments for past, present, and future infringements or dilution of any of the Purchased Trademarks, including the right to replace Assignors in all related matters, and any and all corresponding rights or interests that, now or hereafter, may be secured throughout the world.

2. Further Assurances. Assignors shall timely execute and deliver any additional documents and perform such additional acts that may be reasonably requested by Assignee (or its successors, assigns or legal representatives) to assist in the implementation, recordation or perfection of this Trademark Assignment and Assignee's interest in and to the Purchased Trademarks.

3. Due Authorization. Assignors hereby authorizes and requests that the Office of the Commissioner for Trademarks of the United States Patent and Trademark Office and any other official of any applicable governmental authority to issue any and all registrations from any and all applications for registration included in the Purchased Trademarks to and in the name of Assignee or its designee.

4. Successors and Assigns. This Trademark Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

5. Governing Law. This Trademark Assignment shall be governed by, enforced and construed in accordance with the laws of the state of Delaware without regard to the Laws of the State of Delaware or any other jurisdiction that would call for the application of the substantive Laws of any jurisdiction other than Delaware.

6. Counterparts. This Trademark Assignment may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Trademark Assignment and all of which, when taken together, will be deemed to constitute one and the same agreement. A signature delivered by facsimile or other electronic transmission (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, e.g., www.docuSign.com) will be considered an original signature of such party for all purposes.
