WHEREAS, in order to induce the Lenders to extend the loans evidenced by the Loan Agreement, Debtor has agreed to execute and deliver to Secured Party that certain Security Agreement dated as of the date hereof (as amended, extended, amended and restated or replaced from time to time, the “Security Agreement”), in favor of Secured Party to grant Secured Party, on behalf of the Lenders, a security interest in certain property of Debtor to secure the prompt payment, performance and discharge in full of all of Debtor’s obligations under the Loan Agreement and the other Loan Documents (as defined in the Loan Agreement); and

WHEREAS, under the terms of the Security Agreement, Debtor has granted a security interest to Secured Party, in, among other property, certain intellectual property of Debtor, and agreed to execute and deliver this IP Security Agreement, for recording with national, federal and state government authorities, including, but not limited to, the United States Patent and Trademark Office and the United States Copyright Office.

NOW, THEREFORE, in consideration of the agreements herein contained and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Debtor and Secured Party hereby agree as follows:

1. Grant of Security. Debtor hereby pledges and grants to Secured Party a security interest in and to all of the right, title and interest of Debtor in, to and under the following, wherever located, and whether now existing or hereafter arising or acquired from time to time (the “IP Collateral”):

(a) all patents and patent applications and all reissues, divisions, continuations, continuations-in-part, renewals, extensions and re-examinations thereof and amendments thereto (the “Patents”), including the Patents set forth in Schedule 1 hereto;

(b) all trademark registrations and applications, together with the goodwill connected with the use of and symbolized thereby and all extensions and renewals thereof (the “Trademarks”), including the Trademarks set forth in Schedule 2 hereto, excluding only United States of America intent-to-use trademark applications to the extent that and solely during the period in which the grant of a security

interest therein would impair, under applicable federal law, the registrability of such applications or the validity or enforceability of registrations issuing from such applications;

(c) all internet domain name registrations and social media accounts or user names (including “handles”) incorporating the Trademarks or owned by each Debtor (“**Domain Name Registrations**”), including the Domain Name Registrations set forth on Schedule 3 hereto;

(d) the copyright registrations and applications, and all extensions and renewals thereof (the “**Copyrights**”), including the Copyrights set forth in Schedule 4 hereto;

(e) all rights of any kind whatsoever of Debtor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(h) any and all claims and causes of action, with respect to any of the foregoing, whether occurring before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. **Recordation.** Debtor authorizes the Commissioner for Patents, the Commissioner for Trademarks and the Register of Copyrights and any other government officials in any jurisdiction to record and register this IP Security Agreement upon request by Secured Party.

The provisions of the Security Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of Secured Party with respect to the IP Collateral are as provided by the Security Agreement and the other Loan Documents, and nothing in this IP Security Agreement shall be deemed to limit such rights and remedies.

5. **Successors and Assigns.** This IP Security Agreement shall be binding upon Debtor and each direct or indirect legal representative, successor and assignee of Debtor and shall inure to the benefit of and be enforceable by Secured Party and each direct or indirect successor and assignee of Secured Party.

Except to the extent mandatorily governed by the jurisdiction or situs where the IP Collateral is located, each party hereto hereby irrevocably submits to the exclusive jurisdiction of the New York Courts for the adjudication of any dispute hereunder or in connection herewith or with any transaction contemplated hereby or discussed herein, and hereby irrevocably waives, and agrees not to assert in any proceeding, any claim that it is not personally subject to the jurisdiction of any such court, that such proceeding is improper. Each party hereto hereby irrevocably waives personal service of process and consents to process being served in any such proceeding by mailing a copy thereof via registered or certified mail or overnight delivery (with evidence of delivery) to such party at the address in effect for notices to it under the Loan Agreement and agrees that such service shall constitute good and sufficient service of process and notice thereof. Nothing contained herein shall be deemed to limit in any way any right to serve process in any manner permitted by law.
