ASSIGNMENT OF PATENT AND TRADEMARK RIGHTS

THIS ASSIGNMENT OF PATENT AND TRADEMARK RIGHTS (this "*Assignment*") is made as of May 2, 2022.

WHEREAS, Semtech Corporation ("*Assignor*") is the owner of the patents (including issued and applications therefor) ("*Patents*") and trademarks ("*Trademarks*") described on Schedule 1 hereto (collectively, the "*Registered IP*"), and Semtech Corpus Christi Corporation ("*Assignee*") desires to acquire the Registered IP and the registrations thereof and registration applications therefor.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby acknowledges that it has sold, assigned, and transferred, and by these presents does hereby sell, assign, and transfer, unto Assignee, its successors and assigns, the entire, irrevocable, and unconditional right, title, and interest of Assignor in, to, and under the Registered IP, including but not limited to: (a) with respect to the Patents, all inventions described or claimed therein, and such other patents as may issue on the applications included within such Patents or claim priority to such Patents under United States law or international convention, including but not limited to non-provisionals, continuations, continuations-in-part, divisionals, reissues, reexaminations, reviews, renewals, substitutions and extensions, (b) with respect to the Trademarks, any common law rights that may exist and are associated therewith, together with the goodwill of the business symbolized thereby and appurtenant thereto, (c) any and all royalties, fees, income, payments, and other proceeds hereafter due or payable with respect to any and all of the Registered IP, and (d) any and all rights to sue for and collect damages and/or profits for past, present, and future infringements, dilution or other violation of the Registered IP.

Assignor does hereby authorize the Director of the United States Patent and Trademark Office and the empowered officials of all other governments and authorities to record the Registered IP and title thereto as the property of Assignee, its successors, assigns, or legal representatives in accordance with the terms of this instrument, and to issue or register to Assignee such patents, trademarks, and other registrations as shall be granted thereon to Assignee, its successors, assigns, or legal representatives.

Assignor agrees to provide cooperation and assistance to Assignee and its successors, assigns and legal representatives and perform upon request any and all lawful acts (including timely executing, or causing those under its direct or indirect control to execute, any and all documents) that may be reasonably necessary to effectuate the assignment, transfer, prosecution, registration, maintenance, renewal or enforcement of the Registered IP, in each case upon Assignee's reasonable request and at Assignee's expense.
