Worldwide Trademark Assignment

This Trademark Assignment is effective as of the 21 day of April, 2022 (the "Effective Date") by and between Compex, Inc., a California corporation having an address of 20653 Lycoming Street, Unit A7, Walnut, California 91789 USA ("Assignor"), and Powermatic Data Systems Ltd., a Singapore Limited Company, having an address at 9 Harrison Rd, #05-01, Singapore 369651, Republic of Singapore ("Assignee").

WHEREAS, Assignor is the owner of all right, title and interest in and to the trademarks and the corresponding registrations listed on Schedule A appended hereto (collectively, the "Trademarks"), together with the goodwill of the business connected with and symbolized by the Trademarks; and

WHEREAS, Assignee desires to acquire all right, title and interest in and to the Trademarks and the issued registrations corresponding thereto.

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereby agree as follows:

1. As of the Effective Date, Assignor hereby sells, assigns, transfers and conveys to Assignee the entire right, title, interest in and to the Trademarks in the United States and all jurisdictions outside the United States, together with all corresponding goodwill of the business connected with and symbolized by the Trademarks, and any and all other rights and privileges provided under the laws of all relevant jurisdictions, including without limitation the laws of the United States, of the various states, and of foreign (i.e., non-U.S.) jurisdictions with respect to the Trademarks (including, without limitation, the right to renew any registrations included in the Trademarks, the right to apply for trademark registrations within or outside the United States based in whole or in part upon the Trademarks, and any priority right that may arise from the Trademarks), the same to be held and enjoyed by Assignee as fully and entirely as said interest could have been held and enjoyed by Assignor had this sale, assignment, transfer and conveyance not been made.

2. Assignor authorizes the Commissioner of Trademarks of the United States and other empowered officials of the United States Patent and Trademark Office and in any applicable jurisdictions outside the United States to record the transfer of the registrations listed in Schedule A to Assignee as assignee of Assignor's entire right, title and interest therein. Assignor agrees to further execute any documents reasonably necessary to effect this assignment or to confirm Assignee's ownership of the Trademarks.

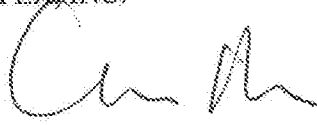

3. As of the Effective Date, Assignor further grants, conveys and assigns to Assignee all its right, title and interest in and to any and all proceeds, causes of action, claims, injunctive and other legal or equitable relief, and rights of recovery for past, current and future infringement or misappropriation of any of the Trademarks.

4. This Trademark Assignment may be executed in counterparts, each of which will be deemed an original, but all of which together constitute one and the same original.

IN WITNESS WHEREOF, the undersigned have caused this Trademark Assignment to be duly executed as of the date first written above.
