TRADEMARK SECURITY AGREEMENT

This **TRADEMARK SECURITY AGREEMENT** (this “Trademark Security Agreement”) is dated as of May 3, 2022, by **NCS MULTISTAGE, LLC**, a Texas limited liability company, and **NCS MULTISTAGE INC.**, a corporation incorporated pursuant to the laws of the Province of Alberta, Canada (collectively, jointly and severally, “Grantors” and each individually “Grantor”), in favor of **JPMORGAN CHASE BANK, N.A.**, in its capacity as administrative agent for the Lenders (in such capacity, together with its successors and assigns in such capacity, “Administrative Agent”).

WITNESSETH:

WHEREAS, the Grantors have entered into a Credit Agreement dated as of the date hereof (as amended, restated, supplemented, or otherwise modified from time to time, the “Credit Agreement”), by and among the Grantors, certain Affiliates of the Grantors party thereto from time to time as Loan Parties, the other Loan Parties party thereto, the Lenders party thereto, and Administrative Agent, pursuant to which the Lenders have agreed to make certain financial accommodations available to Borrowers from time to time pursuant to the terms and conditions thereof;

WHEREAS, in connection with the Credit Agreement, the Grantors and the other Loan Parties party thereto have executed and delivered to Administrative Agent, on behalf of and for the benefit of the Secured Parties, that certain Pledge and Security Agreement, dated as of the date hereof (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the “Security Agreement”); and

WHEREAS, pursuant to the Security Agreement, Grantors have granted to Administrative Agent, on behalf of and for the benefit of the Secured Parties, a continuing security interest in the Trademark Collateral (as defined herein).

NOW, THEREFORE, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby agrees as follows:

1. **DEFINED TERMS**. All initially capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement or, if not defined therein, in the Credit Agreement, and this Trademark Security Agreement shall be subject to the rules of construction set forth in **Article I** of the Security Agreement, which rules of construction are incorporated herein by this reference, *mutatis mutandis*.

2. **GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL**.

(a) Each Grantor hereby pledges, assigns and grants to the Administrative Agent, on behalf of and for the ratable benefit of the Secured Parties, to secure the Secured Obligations, a continuing security interest (referred to in this Trademark Security Agreement as the “Security Interest”) in all of such Grantor’s right, title and interest in, to and under the following, whether now owned or hereafter acquired or arising (collectively, the “Trademark Collateral”):

- (i) all of its Trademarks, including those referred to on Schedule I;
- (ii) all goodwill of the business connected with the use of, and symbolized by, each Trademark and each application therefor; and

(iii) all products and proceeds (as such terms are defined in the UCC) of the foregoing, including any claim by such Grantor against third parties for past, present or future (i) infringement or dilution of any Trademark, including right to receive any damages, (ii) injury to the goodwill associated with any Trademark, or (iii) right to receive license fees, royalties, and other compensation with respect to any Trademarks.

(b) Notwithstanding anything in Section 2(a), no grant of any security interest shall be deemed granted hereunder on or in any "intent to use" application for trademark registration filed in the United States Patent and Trademark Office, pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. Section 1051, for which a Statement of Use or Amendment to Allege Use, as applicable, has not been filed and accepted, solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent to use application under applicable federal law.

3. PURPOSE; AUTHORIZATION TO FILE. The Grantors are required to put all third parties on notice of the Administrative Agent's interest in the Trademark Collateral. This Trademark Security Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office and the Canadian Intellectual Property Office, as applicable.

4. SECURITY FOR SECURED OBLIGATIONS. This Trademark Security Agreement and the Security Interest created hereby secures the payment and performance of the Secured Obligations, whether now existing or arising hereafter. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts which constitute part of the Secured Obligations and would be owed by Grantors, or any of them, to Administrative Agent, the other Secured Parties, or any of them, whether or not they are unenforceable or not allowable due to the existence of an insolvency proceeding involving any Grantor.

5. SECURITY AGREEMENT CONTROLS. The Security Interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interests granted to Administrative Agent, for the benefit of the Secured Parties, pursuant to the Security Agreement. Each Grantor hereby acknowledges and affirms that the rights and remedies of Administrative Agent with respect to the Security Interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. To the extent there is any inconsistency between this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

6. AUTHORIZATION TO SUPPLEMENT. If any Grantor shall obtain rights to any new Trademarks that are subject to the security interest granted pursuant to the Security Agreement, the provisions of this Trademark Security Agreement shall automatically apply thereto. Without limiting Grantors' obligations under the Security Agreement, each Grantor hereby authorizes Administrative Agent unilaterally to modify this Trademark Security Agreement by amending Schedule I to include any such new Trademark rights of each Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule I shall in any way affect, invalidate or detract from Administrative Agent's continuing security interest in all Collateral, whether or not listed on Schedule I.

7. COUNTERPARTS. This Trademark Security Agreement is a Loan Document. This Trademark Security Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Trademark Security Agreement. Delivery of an executed counterpart of this Trademark Security Agreement by telefacsimile

or other electronic method of transmission shall be equally as effective as delivery of an original executed counterpart of this Trademark Security Agreement. Any party delivering an executed counterpart of this Trademark Security Agreement by telefacsimile or other electronic method of transmission also shall deliver an original executed counterpart of this Trademark Security Agreement but the failure to deliver an original executed counterpart shall not affect the validity, enforceability, and binding effect of this Trademark Security Agreement.

8. CHOICE OF LAW; CONSENT TO JURISDICTION; WAIVER OF JURY TRIAL.
This Trademark Security Agreement shall be subject to choice of law, consent to jurisdiction and waiver of jury trial provisions set forth in Article 8 of the Security Agreement, which provisions are incorporated herein by this reference, *mutatis mutandis*.
