**TRADEMARK SECURITY AGREEMENT**

**(TRADEMARKS AND TRADEMARK APPLICATIONS)**

**NOVEMBER 29, 2021**

WHEREAS, Clark-Reliance LLC, a Delaware limited liability company (the "Borrower"), Oil Filtration Systems, LLC, an Ohio limited liability company ("OFS"), and Ernst Flow Industries, LLC, an Ohio limited liability company ("EFI") and, together with the Borrower, OFS, and EFI, the "Grantors" and each a "Grantor"), own the Trademarks listed on Schedule 1 annexed hereto;

WHEREAS, reference is made to that certain Credit Agreement dated as of the date hereof (as amended, amended and restated, supplemented and/or modified from time to time, the "Credit Agreement") by and among the Borrower, CR Intermediate LLC, a Delaware limited liability company ("Holdings") and the other Grantors party thereto, in favor of BMO Harris Bank N.A., as administrative agent for the Lenders (including the Swingline Lender) and L/C Issuers; and

WHEREAS, pursuant to the terms of the Guaranty and Security Agreement dated as of the date hereof (as amended, amended and restated, supplemented and/or modified from time to time, the "Security Agreement"; unless otherwise defined herein, terms defined in the Security Agreement and used herein have the respective meanings given to them in the Security Agreement) by and among the Borrower, Holdings, and the other Grantors party thereto, in favor of BMO Harris Bank N.A., as administrative agent for the secured parties referred to therein (in such capacity, together with its successors in such capacity pursuant to the terms of such Security Agreement, "Grantee"), each Grantor has granted to Grantee for the ratable benefit of such secured parties a continuing security interest in or other Lien (as defined in the Credit Agreement) on substantially all the assets of such Grantor, including all right, title and interest of such Grantor in, to and under the Trademark Collateral (as defined below), whether now owned or existing or hereafter acquired or arising, to secure the Secured Obligations;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor does hereby grant to Grantee, to secure the Secured Obligations, a continuing security interest in all of such Grantor's right, title and interest in, to and under the following (all of the following items or types of property being herein collectively referred to as the "Trademark Collateral"), whether presently existing or hereafter created, arising or acquired:

- (i) each Trademark owned by such Grantor, including, without limitation, each Trademark registration and application referred to in Schedule 1 hereto, and all of the goodwill of the business connected with the use of, or symbolized by, each such Trademark;
- (ii) all income, royalties, damages and other payments now and hereafter due and/or payable with respect to each Trademark (including, without limitation, payments under all licenses entered into in connection therewith, and damages and payments for past, present, or future infringements thereof);

(iii) the right to sue or otherwise recover for any and all past, present, and future infringements and other violations of each Trademark, including the goodwill associated therewith, and all other rights or benefits of any kind whatsoever accruing thereunder or pertaining thereto; and

(iv) any and all products and proceeds of the foregoing.

Notwithstanding the foregoing, and solely to the extent, if any, that, and solely during the period, if any, in which the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law, the Trademark Collateral shall not include any applications filed in the United States Patent and Trademark Office or the Canadian Intellectual Property Office, as applicable, to register trademarks or service marks on the basis of any Grantor's "intent to use" such trademarks or service marks unless and until the filing of a "Statement of Use" or "Amendment to Allege Use" has been filed and accepted, whereupon such applications shall be automatically subject to the security interest granted herein; provided, further, that the definition of Trademark Collateral shall not include any Excluded Property.

Each Grantor hereby irrevocably constitutes and appoints Grantee and any officer or agent of Grantee with full power of substitution as its true and lawful attorney-in-fact with full power and authority in the name of such Grantor, from time to time, in Grantee's discretion, so long as any Event of Default (as defined in the Credit Agreement) shall have occurred and be continuing, to take with respect to the Trademark Collateral any and all appropriate action which such Grantor might take with respect to the Trademark Collateral and to execute any and all documents and instruments which may be necessary or desirable to carry out the terms of this Trademark Security Agreement and to accomplish the purposes hereof.

Except to the extent permitted in the Security Agreement or the Credit Agreement, each Grantor agrees not to sell, license, exchange, assign or otherwise transfer or dispose of, grant any rights with respect to or mortgage or otherwise encumber any of the foregoing Trademark Collateral.

The foregoing security interest is granted in conjunction with the security interests granted to Grantee pursuant to the Security Agreement. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of Grantee with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

Each Grantor authorizes the Commissioner for Trademarks, the Canadian Intellectual Property Office and any other government officials to record and register this Trademark Security Agreement upon request by Grantee.

This Trademark Security Agreement is made under and governed by the laws of the State of New York applicable to contracts made and to be performed entirely within such State, without regard to conflicts of laws principles.
