C. WHEREAS, Seller owns and desires to sell to Purchaser all of the assets Seller uses in connection with or which otherwise relate to the Trademarks and Domain Names, including without limitation the following (the "Related Assets"):

all right, title, and interest in and to the Trademarks and the goodwill of the business associated therewith, including renewal rights therein, and the exclusive right to use the Trademarks and to obtain registrations associated with the Trademarks in the United States and throughout the world (including, without limitation, foreign trademark applications filed in Canada, Turkey and Pakistan) in the sole name of the Purchaser, its successors, and assigns; and

exclusive right to enforce and obtain registrations of the Domain Names, both now existing as well as accrued and/or filed prior to the date of this Agreement, in the United States in the sole name of the Purchaser, its successors, or assigns;

Collectively, the Trademarks, Domain Names, and Related Assets may be collectively referred to as the "Assets"; and

D. WHEREAS, Purchaser desires to purchase the Assets from Seller, and Seller desires to sell the Assets to Purchaser, pursuant to the terms of this Agreement;

E. WHEREAS, Purchaser desires to begin using the Assets immediately.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

#### SECTION 1 - TERMS OF LICENSE, PURCHASE AND TRANSFER

- 1.1 **Recitals.** The foregoing recitals are true and correct, and are incorporated herein by this reference.
- 1.2 **Purchase of Assets.** In consideration of and in reliance upon the recitals, terms, conditions, and mutual promises contained herein, Purchaser hereby purchases and accepts, and Seller hereby sells, assigns, transfers, conveys, and delivers the Assets to Purchaser effective upon the payment in full of the sums contemplated in Section 1.4 below.
- 1.3 **No Assumption of Obligations, Liabilities and Indebtedness.**
  - a) Except for obligations reflected within the terms and conditions of this Agreement, Purchaser does not assume, in any way become liable for, or otherwise agree to pay any obligations, liabilities, or indebtedness of or relating to the Assets and/or the Seller. Notwithstanding the foregoing, Purchaser acknowledges that it shall be solely responsible for any maintenance fees to be paid to the U.S. Patent & Trademark Office ("USPTO") pursuant to Section 1.8 below.
  - b) Any and all of Seller's obligations, liabilities, or indebtedness relating to the Assets, whether currently known or unknown including, but not limited to, contingent liabilities, liabilities relating to patent, trademarks, copyright or other business infringement, and/or tort liability, shall remain the sole and separate responsibility of Seller.
  - c) Seller does not assume or in any way become liable for any future obligations or liabilities relating to the Assets or Purchaser that arise from the business and operations of Purchaser after the Effective Date of this Agreement. Notwithstanding the immediately preceding sentence, Seller agrees that Seller

shall, upon Purchaser's request and at Purchaser's sole expense, cooperate with Purchaser as required under Section 1.8 below.

- 1.4 **Purchase Price.** In consideration for the transfer of all right, title, and interest in and to the Assets and other rights conferred under this Agreement, Purchaser shall pay to Seller the principal sum of seven hundred thousand dollars and zero cents (\$700,000.00), (the "Purchase Price") together with interest as contemplated in Section 1.5 below. Purchaser acknowledges that Seller's obligation to assign all right, title, and interest in and to the Assets is conditioned upon Purchaser's payment of the sums contemplated in this Section 1.4 in the manner provided in Section 1.5 below, and that such payment is a material inducement for Seller to enter into this Agreement. Purchaser further acknowledges that it shall not be deemed the owner of any right, title or interest in the Assets until such time as the full Purchase Price has been paid to Seller.
- 1.5 **Payment of Purchase Price and Interest.** Payment of the Purchase Price shall be made as follows: one hundred thousand dollars and zero cents (\$ 100,000.00) shall be due and payable upon execution of this Agreement by both parties (an "Initial Payment"); one hundred fifty thousand dollars and zero cents (\$ 150,000.00) plus interest at a rate of one and a half percent (1.5%) on amounts owed to Seller (an "Installment"), shall be due and payable upon each anniversary of the Effective Date, beginning on November 15, 2017 and continuing until the earlier of November 15, 2020 or until Purchaser has paid the entire Purchase Price. Purchaser shall pay the Initial Payment and Installments by delivering to Seller a wire transfer or certified check in the applicable amount.
- 1.6 **Guaranty.** Guarantor agrees that, with or without notice or demand, he shall pay Seller all sums due from Purchaser, to the extent Purchaser fails to pay such sums when they are due. This guaranty shall be deemed a continuing guaranty and shall remain in full force and effect until such time as all sums contemplated in this Agreement have been paid. This is a guaranty of payment and not of collection and Guarantor waives any right to require that any action be brought against Purchaser or any other person.
- 1.7 **License to Use the Assets.** Upon the execution of this Agreement, Purchaser shall have the right and obligation to use the Assets. Purchaser acknowledges that all goodwill associated with the use of the Trademarks shall inure to the benefit of the owner of the Trademarks. Purchaser shall market, advertise, promote, and sell or provide goods and services in a manner that reflects favorably at all times on Trademarks and the good name, goodwill, and reputation of Seller and consistent with good business practiced, in each case using best efforts to employ the Assets in a professional manner that is consistent with high quality that is associated with the Trademarks. Purchaser also acknowledges that its use of the Trademarks is subject to control by Seller, and that under the license contemplated in this Section 1.7, Seller may instruct the Purchaser to discontinue certain uses of the Trademarks or activities that Seller, in its sole and unfettered discretion, believes may reflect poorly or otherwise tarnish the reputation and goodwill associated with the Trademarks. This License shall automatically terminate upon Purchaser's payment in full of the Purchase Price, at which time Purchaser will be deemed the sole and exclusive owner of the Assets.

- 1.8 **Payment of Costs Associated with Maintenance of Trademarks and Acquisition of Additional Trademark Rights; Selection of Counsel.** Purchaser acknowledges and agrees that after the Effective Date of this Agreement, it shall be solely responsible for any maintenance fees to be paid to the USPTO and any other trademark office in connection with the Trademarks, as well as any other costs or expenses, including without limitation attorney's fees and costs, associated with maintaining the Assets (including without limitation any fees and costs associated with foreign trademark applications and/or registrations). Purchaser further acknowledges and agrees that it shall be solely responsible for the payment of all fees to be paid to the USPTO in connection with the Federal Applications and any additional trademark applications that Purchaser may wish to file in connection with the Trademarks. While Purchaser shall be responsible for paying all such expenses, including attorney's fees and costs associated with such matters, Seller shall have the right to select the lawyer or law firm that will handle such filings with the USPTO, and Purchaser shall pay such lawyer or law firm all amounts as may become due. Seller shall cooperate with Purchaser as necessary or required so that Purchaser may continue prosecuting applications in the name of Seller, as well as filing any additional trademark applications in the name of Seller, prior to the transfer of ownership of the Trademarks; however, any such additional trademarks or applications shall thereafter be considered to be included in the Trademarks governed by this Agreement. Notwithstanding the foregoing, Seller shall be solely responsible for the costs or expenses, including without limitation attorney's fees and costs, associated with the trademark applications previously filed and currently pending in Canada, Turkey and Pakistan, and shall remain responsible for such costs and expenses until such applications mature into registrations or are otherwise rejected.
- 1.9 **Access to Domain Names.** In order to facilitate Purchaser's use of the Domain Names, Seller shall change the domain name registrations so that the Name Servers for each of the Domain Names points to the Name Server of Purchaser's choice. Purchaser shall, as soon as reasonably practicable after the execution of this Agreement, provide Seller with the necessary Name Server information so that Purchaser may provide same to the applicable domain name registrar.
- 1.10 **Transfer of Domain Names and Websites.** Within thirty (30) days after the final payment pursuant to Section 1.5, Seller shall transfer or cause to be transferred to Purchaser all of the Domain Names; if reasonably necessary or upon request from Seller, Purchaser shall initiate the transfer process, and Seller shall thereafter confirm to the applicable registrars that the Domain Names may be transferred to the Purchaser. If, after execution of this Agreement but prior to the payment in full of the Purchase Price, additional, similar domain names incorporating any of the Trademarks or any terms confusingly similar to the Trademarks become available, Purchaser may register such domain names (the "Additional Domain Names"); however, the Additional Domain Names shall thereafter be considered to be included in the Domain Names, governed by this Agreement, and transferred to Seller in the event that Purchaser fails to pay the Purchase Price in full.
- 1.11 **Execution of Additional Documents.** Upon Purchaser's payment in full of the Payment Price, Seller shall cooperate with Purchaser or its designees and will execute all documents of assignment, oaths, declarations, or other documents, including without limitation short

form assignment agreement(s) to be filed with the USPTO, as may be requested by Purchaser and which shall be prepared by Purchaser or its designees, without additional compensation, to effect the assignment of rights in connection with the Assets.

- 1.12 **Failure to Pay Purchase Price.** In the event that Purchaser breaches the payment obligations under Section 1.5 or any of the other obligations under Section 2.2 below, and such breach is not cured within thirty (30) days following notice of same from Seller (a "Notice of Breach"), then i) the License in Section 1.7 above shall automatically terminate, ii) Purchaser's right to purchase the Assets shall terminate and be null and void, iii) all right, title, and interest in and to all Additional Domain Names shall immediately transfer to Seller (and Purchaser shall be obligated to execute such documents and take such steps as Seller may reasonably request in order to accomplish the transfer of Additional Domain Names to Seller); iv) Seller shall be entitled to retain all payments made pursuant to Section 1.5; and v) Purchaser shall not be entitled to reimbursement of any expenses (including attorney's fees or costs) paid pursuant to 1.8.
- 1.13 **Delivery of Trademark Specimens and Related Materials.** Within ten (10) days of the Effective Date of this Agreement, Seller shall deliver to Purchaser specimens evidencing the use of the Trademarks in connection with all of the goods described in the Federal Registrations together with specimens evidencing the use of the Trademarks in connection with any other goods or services. Within ten (10) days of the Effective Date of this Agreement, Seller shall deliver to Purchaser representative materials bearing or related to the Trademarks, including without limitation, samples of advertising and marketing materials bearing the Trademarks, graphic design materials relating to the Trademarks, and any remaining inventory of goods bearing the Trademarks.
- 1.14 **Seller to Discontinue Use of Marks.** The Seller shall discontinue and cease using the Trademarks, including without limitation the manufacture or sale of any products bearing any of the Trademarks, as of the Effective Date of this Agreement.

## SECTION 2 - REPRESENTATIONS AND WARRANTIES
