INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (this "Assignment") is made as of October 19, 2010 by MacLean-Fogg Company, a Delaware corporation ("Assignor") and MacLean Power, L.L.C., a Delaware limited liability company ("Assignee").

RECITALS

WHEREAS, Assignee is a subsidiary of Assignor;

WHEREAS, Assignee is selling certain of its equity interests pursuant to that certain Contribution Agreement by and among Assignor, Assignee, TCP IV MacLean A, LLC, a Delaware limited liability company, TCP IV MacLean B, LLC, a Delaware limited liability company, TCP IV MacLean C, LLC, a Delaware limited liability company, and TCP IV MacLean Holding LLC, a Delaware limited liability company (collectively, other than Assignor and Assignee, the "Buyer Parties"), dated as of September 27, 2010 (the "Contribution Agreement");

WHEREAS, Assignor will derive substantial benefit from the consummation of the transactions contemplated by the Contribution Agreement;

WHEREAS, the execution, delivery and continued existence and enforceability of this Assignment is a material inducement to the willingness of each Buyer Party to enter into the Contribution Agreement; and

WHEREAS, to the extent that Assignor has any interest in, to and under the intellectual property set forth on Schedule A (the "Assigned Intellectual Property");

WHEREAS, Assignor now desires to assign to Assignee all of its right, title and interest in, to and under the Assigned Intellectual Property, and Assignee desires to acquire all of Assignor's right, title and interest in and to said Assigned Intellectual Property.

NOW, THEREFORE, in consideration of the aforesaid Recitals and the promises and mutual covenants and agreements hereinafter set forth, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignee and Assignor hereby agree as follows:

1. Assignor hereby transfers and assigns to Assignee all of Assignor's right, title and interest in, to and under the Assigned Intellectual Property, which includes:

(a) the United States and foreign jurisdiction trademarks, services marks and trade names set forth on Schedule A hereto under the heading "Trademarks" and the trademark registrations, applications and the common law rights pertaining thereto and all the goodwill of the business associated therewith and which is symbolized thereby (the "Trademarks");

(b) the United States and foreign jurisdiction patents and patent applications set forth on Schedule A under the headings "Registered Patents" and "Pending Patent Applications" and any patents that may be issued or granted thereon, or similar legal protection to be obtained not only in the United States and its territorial possessions, but in all countries foreign thereto, and to any patent application and patent based on any continuation, continuation-in-part, division, renewal, substitute, reissue, and extension thereof, or any legal equivalent thereof in the United States or a foreign country, for the full term or terms for which the same may be granted (the "Patents"). This Assignment includes the grant by Assignor to Assignee of the right to claim priority for the applications contained in the Patents under the International Convention for the Protection of Industrial Property and under any other applicable international agreements and laws;

(c) the domain names set forth on Schedule A under the heading "Domain Names" and the corresponding registrations; and

(d) all rights under the foregoing, including the right to enforce the Assigned Intellectual Property and to sue and recover damages for, and obtain all other remedies in respect of, past, present and future infringements, misappropriations, and other violations (whether known or unknown) of any of the foregoing, whether arising prior to or subsequent to the date of this Assignment, and any and all renewals and extensions thereof that may hereafter be secured under the laws now or hereafter in effect in the United States and in any other jurisdiction, the same to be held and enjoyed by the Assignee, its successors and assigns from and after the date hereof as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

2. Assignor hereby authorizes and requests the Commissioner of the United States Patent and Trademark Office, and any official of any country or countries foreign to the United States whose duty it is to issue patents, trademark registrations or other evidence or forms of industrial or intellectual property protection on applications as aforesaid, to issue Letters Patent, trademark registrations or any legal equivalent thereof to Assignee, its successors legal representatives and assigns, in accordance with this Assignment. Assignor covenants that Assignor will, upon Assignee's reasonable request, promptly provide Assignee with documents relating to the Patents and Trademarks as identified in the attached Schedule A and legal equivalents as may be known and accessible to Assignor and execute and deliver to Assignee or its legal representative any and all papers, instruments or affidavits required to apply for, obtain, maintain, issue and enforce said Patents and Trademarks as identified in the attached Schedule A and said equivalents in the United States or in any foreign country, which may be necessary or desirable to carry out the purposes hereof.

3. Assignor hereby authorizes the division of the information provided in Schedule A by the Assignee in order to facilitate the conveyance, transfer and assignment, consolidation, vesting and recording in Assignee, full ownership of the Patents, Trademarks and domain names contained in Schedule A attached hereto. Assignor shall duly execute and deliver or cause to be executed and delivered all

instruments of sale, conveyance, transfer and assignment, and notices, releases, acquittances and other documents and perform such further acts, as may be necessary to convey, transfer, assign and deliver to, and consolidate, vest and record in Assignee, full ownership of the Patents, Trademarks, domain names and other rights conveyed herewith.

4. Assignor covenants and agrees that it has the right to convey the interest herein assigned.

5. All questions concerning the construction, validity, enforcement and interpretation of this Assignment shall be governed by the internal law of the State of Delaware without giving effect to any choice of law or conflict of law provision or rule (whether of the State of Delaware or any other jurisdictions) that would cause the application of the laws of any jurisdictions other than the State of Delaware.

6. This Assignment may be executed in any number of counterparts, including counterparts transmitted by facsimile or electronic transmission, each of which shall be an original as against any party whose signature appears thereon and all of which together shall constitute one and the same instrument.

[signature page follows]

Assignor and Assignee have caused their duly authorized officers to execute this Assignment as of the date first above written.
