TRADEMARK ASSIGNMENT AGREEMENT

BY AND AMONG

3M COMPANY

AND

GARDEN SPINCO CORPORATION

DATED AS OF AUGUST 31, 2022

TRADEMARK ASSIGNMENT AGREEMENT

This TRADEMARK ASSIGNMENT AGREEMENT (this "Agreement"), dated as of August 31, 2022, is entered into by and between 3M Company, a Delaware corporation ("Assignor"), and Garden SpinCo Corporation, a Delaware corporation ("SpinCo" or "Assignee" and, together with Assignor, the "Parties").

RECITALS

WHEREAS, pursuant to that certain Separation and Distribution Agreement (the "SDA"), dated as of December 13, 2021, by and among 3M Company ("Company"), Assignee and Neogen Corporation ("Parent"), the parties have agreed that the Company will separate the SpinCo Business (as defined in the SDA) from the Company Business (as defined in the SDA) and to cause the SpinCo Assets (as defined in the SDA) to be transferred to SpinCo and its Subsidiaries upon the terms and subject to the conditions contained in the SDA; and

WHEREAS, in connection with the transactions contemplated by the SDA, Assignee has agreed to purchase and accept and Assignor has agreed to sell, transfer, convey and assign to Assignee all of Assignor's right, title and interest in and to the Trademarks identified in Appendix A hereto and any registrations, and renewals of, the foregoing (the "Transferred Trademarks").

NOW, THEREFORE, in consideration of the mutual agreements, covenants and other premises set forth herein and in the SDA and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged and accepted, the Parties, intending to be legally bound, agree as follows:

1. Assignment. Assignor hereby sells, conveys, assigns and transfers unto Assignee all of Assignor's entire worldwide right, title and interest in, to and under the Transferred Trademarks, together with the goodwill symbolized by the Transferred Trademarks or associated therewith, including, without limiting the generality of the foregoing, all rights in and to all income, royalties, damages and payments and to sue and recover damages with respect thereto, all causes of action (whether in law or in equity) with respect thereto, the right to sue, counterclaim and recover or obtain equitable relief for past, present and future infringement, misappropriation or other violation thereof and to fully and entirely stand in the place of such Assignor in all matters related to the Transferred Trademarks, all said rights to be held and enjoyed by Assignee for its own use and enjoyment and for the use and enjoyment of its successors and assigns to the full end of the term for the Transferred Trademarks as fully and entirely as the same would have been held by Assignor had this assignment and sale not been made.

2. No Warranties. EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT, THE SDA OR ANY OTHER TRANSACTION DOCUMENT, NO EXPRESS OR IMPLIED WARRANTIES ARE GIVEN BY ASSIGNOR WITH RESPECT TO ANY TRANSFERRED TRADEMARKS REGARDING THE VALIDITY, REGISTRABILITY, TITLE, SCOPE, ENFORCEABILITY OR NON-INFRINGEMENT OF ANY TRADEMARKS SUBJECT TO THIS AGREEMENT.

3. Further Assurances. Assignor shall execute and deliver such additional documents, papers, instruments, conveyances, assurances, forms, and authorizations, and take such other actions as may be reasonably required to carry out the provisions hereof and give effect to the transactions contemplated by this Agreement, including any actions reasonably required and necessary to assist Assignee in its filing and recordation of this Agreement, or the equivalent of this Agreement to the extent required with the United States Patent and Trademark Office or any relevant offices in non-U.S. jurisdictions as necessary to record Assignee as the assignee and owner of the Transferred Trademarks. Assignee shall be responsible for and, pursuant to Section 2.12 of the SDA, Assignee shall bear all costs and expenses incurred in assigning, transferring and recording the transfer of the Transferred Trademarks hereunder, including the filing and recordation of assignment and other instruments.

4. Due Authorization. Assignor hereby authorizes and requests the Commissioner for Transferred Trademarks of the United States and any other official of any applicable governmental authority to record Assignee as the assignee and owner of the Transferred Trademarks.

5. General Provisions. Capitalized terms used but not otherwise defined herein shall have the meanings ascribed thereto in the SDA. This Agreement, Appendix A hereto and the SDA constitute the sole and entire agreement of the Parties with respect to the subject matter contained herein and therein, and supersede all other prior representations, warranties, understandings and agreements, both written and oral, with respect to such subject matter. Notwithstanding any other provision of this Agreement to the contrary, in the event and to the extent that there shall be a conflict between the provisions of this Agreement and the provisions of the SDA, the provisions of the SDA shall control (unless this Agreement expressly provides otherwise). This Agreement shall not be amended, modified or supplemented except by an instrument in writing specifically designated as an amendment hereto and executed by each of the Parties. Neither any course of conduct or failure or delay of any Party in exercising or enforcing any right, remedy or power hereunder shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy or power hereunder, or any abandonment or discontinuance of steps to enforce such right, remedy or power, or any course of conduct, preclude any other or further exercise thereof or the exercise of any other right, remedy or power. This Agreement shall be binding upon and inure solely to the benefit of each Party and its successors and permitted assigns.

6. Governing Law; Jurisdiction and Venue. This Agreement and all matters arising out of or relating to this Agreement or any of the transactions contemplated hereby, including all rights of the Parties (whether sounding in contract, tort, common or statutory law, equity or otherwise), shall be interpreted, construed and governed by and in accordance with the internal Laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Law of any jurisdiction other than those of the State of Delaware. Each of the Parties consents to submit itself to the exclusive jurisdiction of the courts of the State of Delaware and the federal courts of the United States of America located in Wilmington, Delaware in any Legal Proceeding arising out of or relating to this Agreement or any of the transactions contemplated by this Agreement.

7. **Counterparts**. This Agreement may be executed in facsimile and in any number of counterparts, each of which shall be deemed to be an original and all of which together shall be deemed to be one and the same instrument.
