INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (this "Assignment"), is made and entered into as of the 2nd day of August, 2022 (the "Effective Date") by and between Vivial Mobile LLC, a Limited Liability Company of the State of Delaware, having its principal place of business located 160 Inverness Drive West, Suite 250, Englewood, Colorado 80112, United States of America ("Assignor") and Thryv, Inc., an Incorporation of the State of Delaware, having its principal place of business located 2200 West Airfield Drive, D/FW Airport, Texas 75261-9810 ("Assignee").

WHEREAS, Assignor is the owner of the trademarks and related trademark registrations described in Schedule "A" (the "Intellectual Property"), attached hereto and incorporated by reference herein;

WHEREAS, Assignor desires to convey, transfer, assign, deliver, and contribute to Assignee, and Assignee desires to receive, all of its right, title, and interest in and to the Intellectual Property.

NOW, THEREFORE, for five dollars (\$5.00) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

(1) Assignor hereby irrevocably conveys, transfers, assigns, delivers, and contributes to Assignee all of Assignor's right, title, and interest of whatever kind in and to (i) the Intellectual Property in the United States and all jurisdictions outside the United States, (ii) all inventions and improvements disclosed and described in the Intellectual Property, (iii) all divisional, continuation, continuation-in-part, and foreign-counterpart applications describing in whole or in part the said inventions and improvements disclosed and described in the Intellectual Property, (iv) any trademark registrations, patents issued or reissued and any extensions of the aforementioned, (v) the right to apply for patent applications within or outside the United States based in whole or in part upon the Intellectual Property, and any priority right that may arise for the Intellectual Property, (vi) all goodwill of the business connected with and symbolized by the Intellectual Property; and (vii) all rights to sue for and recover damages and profits based on any past, present, or future infringement and/or dilution of any of Assignor's rights in or to the Intellectual Property or injury to the goodwill associated with the Intellectual Property, whether known or unknown, all of the foregoing to be held and enjoyed by Assignee as fully and entirely as said interest could have been held and enjoyed by Assignor had this sale, assignment, transfer and conveyance not been made.

(2) Assignee shall pay to Assignor an additional amount based on the value of the foregoing Intellectual Property as determined by an independent valuation thereof conducted by an independent evaluator.

(3) Assignor irrevocably authorizes the United States Patent and Trademark Office and other empowered officials in any applicable jurisdictions outside the United States to record the transfer of the registrations set forth on Schedule "A" to Assignee as assignee of Assignor's entire right, title, and interest therein. Within thirty (30) days after the date hereof, Assignor shall provide Assignee with evidence satisfactory to Assignee that recordation of the transfer of the trademark registrations set forth on Schedule "A" has occurred.

(4) Assignor shall, at any time and from time-to-time after the date hereof, upon the reasonable request of the Assignee, execute, acknowledge and deliver to Assignee all such further deeds, assignments, transfers, conveyances, powers of attorney and assurances, and take all such further actions, as Assignee deems necessary or desirable to give effect to the transactions contemplated by this Assignment. In the event Assignor does not promptly take such action as reasonably requested by Assignee, Assignor shall be deemed to have granted to Assignee as Assignor's true and lawful attorney-in-fact and agent with full power of substitution and reconstitution for Assignor and in its name, place and stead in any and all capacities to execute in the name of Assignor any and all such further reasonable actions as Assignee deems necessary or desirable to give effect to the transactions contemplated by this Assignment, granting unto said attorney-in-fact and agent full power of authority to do and perform each and every reasonable action required or necessary to be done to give effect to the transactions contemplated by this Assignment, as fully as Assignor might or could do in person, hereby ratifying and confirming all actions that said attorney-in-fact and agent or its substitute or substitutes may lawfully do or cause to be done.

(5) This Assignment shall be governed by and construed in accordance with the laws of the State of Georgia, without giving effect to such State's conflict of laws.

(6) This Assignment may be executed in any number of counterparts and signatures may be delivered by electronic mail in portable document format (PDF), each of which may be executed by less than all parties, each of which shall be enforceable against the parties actually executing such counterparts, and all of which together shall constitute one instrument.

IN WITNESS WHEREOF, the undersigned have executed this Intellectual Property Assignment effective on the date first written above.
