ASSIGNMENT OF TRADEMARK RIGHTS

This ASSIGNMENT OF TRADEMARK RIGHTS (“Assignment”) is made effective as of the 8th day of September, 2022 (the “Effective Date”), by and between OSRAM SYLVANIA Inc. (“Assignor”), a Delaware Corporation, and Traxon Technologies Limited (“Assignee”), a Hong Kong Corporation.

WITNESSETH

WHEREAS Assignor is the owner of the trademarks listed in Appendix A and referred to herein as the PROPOINT trademark family (the “Transferred Trademarks”); and

WHEREAS Assignee wishes to acquire the Transferred Trademarks so as to make use of these in their business activities, and Assignor wishes to so transfer the Transferred Trademarks to Assignee;

NOW, THEREFORE, intending to be legally bound, and in consideration of the mutual covenants and agreements set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignment. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby conveys, transfers, and assigns to Assignee all of Assignor's right, title, and interest in and to the Transferred Trademarks, together with all the goodwill of the business symbolized by the Transferred Trademarks and all rights to sue for past, present, and future infringement or misappropriations of the Transferred Trademarks including all claims, in particular damage claims, against any third parties (excluding Affiliates of Assignor) in relation to an infringement of the Transferred Trademarks prior to the Effective Date.
2. Recordation. The Assignor hereby authorizes the Commissioner of Patents and Trademarks in the United States Patent and Trademark Office, and the corresponding entities or agencies in any applicable foreign countries or multinational authorities, to record the Assignee as the assignee and owner of the Transferred Trademarks and to deliver to the Assignee, and to the Assignee's attorneys, agents, successors or assigns, all official documents and communications as may be warranted by this Assignment.
3. Further Assurances. Assignor further covenants that it will take all actions that may be necessary for securing, completing, or vesting in the Assignee full right, title, and interest in the Transferred Trademarks. Assignor shall perform all acts, including executing documents or certificates, as may be reasonably required by the Assignee in order to carry out the intent and purposes of this Assignment, provided, however, that

Assignee shall bear all costs of any such acts and shall promptly reimburse Assignor its reasonable costs incurred in taking any such acts.

4. Counterparts. This Assignment (a) may be executed in multiple counterparts, each of which as so executed shall be deemed to be an original, but all of which together shall constitute one instrument, and (b) shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

IN WITNESS WHEREOF, each of Assignor and Assignee has caused this Assignment of Trademark Rights to be duly executed as of the date first written above.
