TRADEMARK SECURITY AGREEMENT

This **TRADEMARK SECURITY AGREEMENT** (including all annexes, exhibits and schedules hereto, as the same may be amended, restated, amended and restated, modified and/or supplemented from time to time, this “**Trademark Security Agreement**”) dated as of September 12, 2022, is made by Adaptive Biotechnologies Corporation (“**Grantor**”) in favor of OrbiMed Royalty & Credit Opportunities IV, LP, as Purchaser Agent (in such capacity, together with its successors and permitted assigns, “**Agent**”) for the Secured Parties (as defined in the Purchase Agreement referred to below).

WITNESSETH:

WHEREAS, pursuant to that certain Purchase Agreement, dated as of September 12, 2022 (as the same may be amended, restated, amended and restated, modified, and/or supplemented from time to time, the “**Purchase Agreement**”), by and among Adaptive Biotechnologies Corporation, a Washington corporation (the “**Company**”), Agent and the Purchasers, the Company has sold, transferred, assigned and conveyed to Purchasers, and Purchasers have purchased acquired and accepted from the Company, all of the Company’s right, title and interest in and to the Revenue Interests, for the consideration and on the terms and subject to the conditions set forth in the Purchase Agreement;

WHEREAS, each Grantor (other than the Company) has agreed, pursuant to a Guaranty and Security Agreement of even date herewith in favor of Agent (the “**Guaranty and Security Agreement**”), to guarantee the Obligations (as defined in the Purchase Agreement) of the Company; and

WHEREAS, Grantor is a party to the Guaranty and Security Agreement pursuant to which the Grantor is required to execute and deliver this Trademark Security Agreement.

NOW, THEREFORE, in consideration of the premises and to induce the Purchasers and Agent to enter into the Purchase Agreement and to induce the Purchasers to make their respective extensions of credit to the Company thereunder, Grantor hereby agrees with Agent as follows:

1. **Defined Terms.** Capitalized terms used herein without definition are used as defined in the Guaranty and Security Agreement.

2. **Grant of Security Interest in Trademark Collateral.** Grantor, as collateral security for the prompt and complete payment and performance when due (whether at stated maturity, by acceleration or otherwise) of the Obligations of such Grantor, hereby mortgages, pledges and hypothecates to Agent for the benefit of the Secured Parties, and grants to Agent for the benefit of the Secured Parties a Lien on and security interest in, all of its right, title and interest in, to and under the following Collateral of such Grantor (the “**Trademark Collateral**”):

- (a) all of its Trademarks providing for the grant by or to such Grantor of any right under any Trademark, including, without limitation, those referred to on Schedule 1 hereto;
- (b) all renewals and extensions of the foregoing;
- (c) all goodwill of the business connected with the use of, and symbolized by, each such Trademark; and
- (d) all income, royalties, proceeds and liabilities at any time due or payable or asserted under and with respect to any of the foregoing, including, without limitation, all rights to

sue and recover at law or in equity for any past, present and future infringement, misappropriation, dilution, violation or other impairment thereof.

3. Guaranty and Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to Agent pursuant to the Guaranty and Security Agreement and each Grantor hereby acknowledges and agrees that the rights and remedies of Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Guaranty and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Guaranty and Security Agreement, the provisions of the Guaranty and Security Agreement shall control.

4. Grantor Remains Liable. Each Grantor hereby agrees that, anything herein to the contrary notwithstanding, such Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with their Trademark Collateral subject to a security interest hereunder.

5. Counterparts. This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

6. Governing Law. This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.

7. Agent Entitled to Protections. Agent shall be afforded in this Trademark Security Agreement all of the same rights, powers, protections, immunities and indemnities of the Agent set forth in the Purchase Agreement and the Guaranty and Security Agreement, as if such rights, powers, protections, immunities and indemnities were specifically set forth in this Trademark Security Agreement.
