INTELLECTUAL PROPERTY ASSIGNMENT

This Intellectual Property Assignment agreement, effective on the date it is fully executed by both parties, is entered into by and between Mission Pets, Inc., a Delaware corporation ("Assignor"), and SportPet Designs LLC, a Delaware limited liability company ("Assignee").

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignor hereby assigns and transfers to Assignee all right, title, and interest in and to the trademarks identified in Exhibit A and all other registered and unregistered trademarks, service marks, trade dress, trade names, company names, logos, slogans, and other indicia of source or origin owned by Assignor in any jurisdiction (the "Marks") and all common law rights in the Marks, together with the goodwill of the business symbolized by the Marks and its right to sue for past infringement of the Marks and to recover any and all damages and awards for such infringement, provided that, with respect to United States intent-to-use applications, the transfer of such applications shall not be effective until a statement of use or amendment to allege use has been filed with the United States Patent & Trademark Office.
2. Assignor hereby transfers and assigns to Assignee all right, title, and interest in and to the patent identified in Exhibit A (the "Patent"), the same to be held and enjoyed by Assignee, for its own use and enjoyment, as fully and entirely as is legally permissible; together, without limitation, with (a) all patents or rights that may issue or arise from the Patent throughout the world and all domestic and foreign counterparts, divisionals, continuations in whole or in part, reexaminations, reissues, substitutions, renewals, extensions, or other rights obtained through proceedings related to the Patent, and the right to claim priority to the same; (b) all claims for damages or other relief by reason of past infringement of the Patent; and (c) the right to sue for damages and other relief, and collect and obtain the same for its own use and behalf, and for the use and behalf of its legal representatives, successors, and assigns, to the full end of the term of the Patent and its counterparts, divisionals, continuations in whole or in part, reexaminations, reissues, substitutions, renewals, extensions, or other rights obtained through proceedings related to the Patent.
3. Assignor hereby assigns to Assignee all of Assignor's right, title, and interest throughout the world in and to the works identified in Exhibit A and any other registered and unregistered works owned by Assignor in any jurisdiction (the "Works"), including, without limitation, the copyrights and proprietary rights therein and any renewals and extensions thereof, and further including any and all causes of action for infringement of the same, past, present, and future.
