AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT

This AMENDED AND RESTATED TRADEMARK SECURITY AGREEMENT (this "Agreement"), dated as of September 26, 2018, is made between Agri-Mark, Inc., a Delaware corporation (the "Grantor"), and CoBank, ACB, a federally chartered corporation, as Administrative Agent (the "Grantee").

WITNESSETH:

WHEREAS, the Grantor and CoBank, ACB are parties to that certain Trademark Security Agreement dated May 17, 2007, as amended (the "Existing Security Agreement");

WHEREAS, the Grantor, Grantee, and the Guarantors and Lenders now and hereafter party thereto are parties to that certain Amended and Restated Credit Agreement, dated as of September 26, 2018 (as amended, restated and/or replaced from time to time, the "Credit Agreement");

WHEREAS, pursuant to the Credit Agreement, the Grantor is required to execute and deliver this Agreement, amending and restating the Existing Security Agreement, and to grant to the Grantee, and to continue in effect the existing grant of, a continuing security interest in all of the Trademarks (as defined below) to secure all of the Secured Obligations, as defined in the Credit Agreement; and

WHEREAS, the Grantor has duly authorized the execution, delivery and performance of this Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in order to induce the Grantee and the Secured Parties, as defined in the Credit Agreement, to make loans and other financial accommodations described in and pursuant to the Credit Agreement, the Grantor agrees as follows:

Section 1. Definitions. Unless otherwise defined herein or the context otherwise requires, capitalized terms used in this Agreement, including its preamble and recitals, have the meanings provided in the Credit Agreement.

Section 2. Grant of Security Interest. The Grantor hereby grants to the Grantee a continuing security interest in all of the Grantor's right, title and interest in, to and under the following property, whether now or hereafter existing, adopted or acquired by the Grantor (the "Trademarks"):

All trademarks, trade names, corporate names, company names, business names, fictitious business names, trade dress, service marks, logos and other source or business identifiers, and all goodwill associated therewith, all registrations and recordings thereof, and all applications in connection therewith, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States, any state thereof or any other country or any political subdivision thereof, or otherwise, and all common-law rights related thereto, including, without limitation, those referred to in Item A of Schedule I attached hereto, and the right to obtain all reissues and renewals thereof, and all Trademark Licenses (as

hereinafter defined), including, without limitation, those referred to in Item B of Schedule I attached hereto, all other general intangibles, intellectual property and other rights pertaining to any of the foregoing, together with the goodwill associated therewith, all income, royalties and other Proceeds of any of the foregoing and any causes of action arising prior to or after the date hereof for infringement of the foregoing or unfair competition regarding the same.

For purposes hereof, the term "Trademark License" shall mean any agreement, whether written or oral, providing for the grant by or to the Grantor of any right to use any Trademark. Notwithstanding the foregoing, "Trademarks" shall not include any general intangibles or other rights arising under any contracts, instruments, licenses or other documents relating to any of the foregoing Trademarks as to which the grant of a security interest would (i) constitute a violation of a valid and effective restriction in favor of a third party on such grant, unless and until any required consents shall have been obtained or (ii) give any other party to such contract, instrument, license or other document the right to terminate its obligations thereunder pursuant to any valid and effective provision thereof.

Section 3. Security Agreement. This Agreement has been executed and delivered by the Grantor for the purpose of recording the security interest of the Grantee in the Trademarks with the United States Patent and Trademark Office and corresponding offices in other countries of the world. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interests granted to the Grantee under that certain Amended and Restated Security Agreement of even date herewith between the Grantor and the Grantee (as amended, supplemented or modified from time to time, the "Security Agreement"), and the security interest granted hereby is made to secure satisfactory performance and payment of all of the Secured Obligations. The Security Agreement (and all rights and remedies of the Grantee thereunder) shall remain in full force and effect in accordance with its respective terms.

Section 4. Representations and Warranties.

(a) Trademarks. Schedule I accurately lists all Trademarks owned or controlled by the Grantor as of the date hereof and accurately reflects the existence and status of such Trademarks and all applications and registrations pertaining thereto as of the date hereof; provided, however, that Schedule I need not list common law marks (i.e., Trademarks for which there are no applications or registrations) which are not material to the Grantor's business. At the time of the delivery of the Compliance Certificate for each fiscal quarter ending December 31, the Grantor will provide an updated Schedule I, if necessary, to accurately reflect the existence and status of applications and registrations pertaining to the Trademarks, which, upon acceptance by the Grantee, shall become part of this Agreement. The Grantor hereby authorizes the Grantee to modify this Agreement without the necessity of the Grantor's further approval or signature, solely to amend Schedule I hereto and to include any future or other Trademarks and to file such amendments with the United States Patent and Trademark Office.

(b) Title. The Grantor has absolute title to each Trademark listed below its name on Item A of Schedule I, free and clear of all Liens, other than Permitted Liens. The Grantor (i) will have, at the time it acquires any rights in Trademarks hereafter arising, absolute

title to each such Trademark free and clear of all Liens, other than Permitted Liens, and (ii) will keep all Trademarks free and clear of all Liens, other than Permitted Liens.

(c) Grantee's Right to Take Action. If the Grantor fails to perform or observe any of its covenants or agreements set forth in this Section 4 or in the Security Agreement, and if such failure continues for a period of fifteen (15) Business Days after the Grantee gives the Grantor written notice thereof, the Grantee may (but need not) perform or observe such covenant or agreement on behalf and in the name, place and stead of the Grantor (or, at the Grantee's option, in the Grantee's own name) and may (but need not) take any and all other actions which the Grantee may reasonably deem necessary to cure or correct such failure.

(d) Cost and Expenses. Except to the extent that the effect of such payment would be to render any loan of money usurious or otherwise illegal under any applicable law, the Grantor shall pay to the Grantee on demand the amount of all moneys expended and all costs and expenses (including reasonable attorneys' fees and disbursements) incurred by the Grantee in connection with or as a result of the Grantee's taking action under subsection (c) or exercising its rights under Section 4 or the Security Agreement, together with interest thereon from the date expended or incurred by the Grantee at the highest default rate applicable to the Grantor's other obligations to Grantee.

Section 5. Acknowledgment. The Grantor does hereby further acknowledge and affirm that the rights and remedies of the Grantee with respect to the security interest in the Trademarks granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein.

Section 6. Termination. This Agreement shall remain in full force and effect until Payment in Full of the Secured Obligations, at which time the Grantee shall promptly release all of the liens and security interests hereunder in the Trademarks. In the event that all or any part of the payments described in this Section 6 are rescinded or recovered directly or indirectly from the Grantee as a preference, fraudulent transfer or otherwise (whether by demand, settlement, litigation or otherwise), such rescinded or recovered payments shall constitute Secured Obligations and the obligations of the Grantor hereunder shall continue and remain in full force and effect or be reinstated, as the case may be.

Section 7. Governing Law. This Agreement and any claims, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the law of the State of Colorado.

Section 8. Counterparts. This Agreement may be executed by the parties hereto in several counterparts, each of which shall be deemed to be an original and all of which shall constitute together but one and the same agreement. Delivery of an executed counterpart of a

signature page of this Agreement by telecopy or in a PDF format by electronic mail shall be effective as delivery of a manually executed counterpart of this Agreement.
