**SUPERPRIORITY TRADEMARK SECURITY AGREEMENT**

**Superpriority Trademark Security Agreement**, dated as of October 11, 2022 by K & N Engineering, Inc. (“**Grantor**”), in favor of ANKURA TRUST COMPANY, LLC, in its capacity as collateral agent pursuant to the Credit Agreement (in such capacity, the “**Collateral Agent**”).

**W I T N E S S E T H:**

WHEREAS, each Grantor is party to a Superpriority Security Agreement dated as of the date hereof (as amended, amended and restated, supplemented or otherwise modified from time to time, the “**Security Agreement**”) in favor of the Collateral Agent pursuant to which each Grantor is required to execute and deliver this Superpriority Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Collateral Agent, for the benefit of the Secured Parties, to enter into the Credit Agreement, each Grantor hereby agrees with the Collateral Agent as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, capitalized terms defined in the Security Agreement and used herein have the meaning given to them in the Security Agreement.

SECTION 2. Grant of Security Interest in Trademark Collateral. Each Grantor hereby grants and pledges to the Collateral Agent, its successors and assigns, for the benefit of the Secured Parties, a continuing security interest in all of its right, title and interest in, to and under all the following Collateral (excluding any Excluded Assets) of each Grantor:

(a) all registered Trademarks and pending applications for Trademarks of each Grantor, in each case, that constitute Collateral, including such Trademarks that constitute Collateral listed on Schedule I attached hereto; provided that, in no event shall any security interest be granted in any “intent-to-use” application for registration of a trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant to Section 1(c) of the Lanham Act with respect thereto, to the extent that, and during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law (it being understood that after such period such intent-to-use application shall be automatically subject to the security interest granted herein);

(b) all income, fees, royalties, damages and payments then and thereafter due and/or payable to any Grantor with respect to any of the foregoing, including damages, claims, and payments for past, present or future infringements thereof; and

(c) all rights to sue for past, present and future infringements thereof.

SECTION 3. The Security Agreement. The security interest granted pursuant to this Superpriority Trademark Security Agreement is granted in conjunction with the security interest granted to the Collateral Agent pursuant to the Security Agreement and each Grantor hereby acknowledges and affirms that the rights and remedies of the Collateral Agent with respect to the security interest in the Trademarks made and granted hereby are more fully set forth in the Security Agreement. In the event that any provision of this Superpriority Trademark Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control unless the Collateral Agent shall otherwise determine.

SECTION 4. Termination. Upon the termination of the Security Agreement in accordance with Section 6.11 thereof, the Collateral Agent shall, at the expense and reasonable request of each Grantor, execute, acknowledge, and deliver to such Grantor an instrument in writing in recordable form releasing the lien on and security interest in the Trademarks under this Superpriority Trademark Security Agreement, without recourse to or representation or warranty by the Collateral Agent of any kind.

SECTION 5. Counterparts. This Superpriority Trademark Security Agreement may be executed in any number of counterparts, all of which shall constitute one and the same instrument, and any party hereto may execute this Superpriority Trademark Security Agreement by signing and delivering one or more counterparts.

SECTION 6. Governing Law; Jurisdiction; Venue; Waiver of Jury Trial; Consent to Services of Process.

(a) The terms of Sections 10.15 and 10.16 of the Credit Agreement (as defined in the Security Agreement) with respect to governing law, submission of jurisdiction, venue and waiver of jury trial are incorporated herein by reference, *mutatis mutandis*, and the parties hereto agree to such terms.

(b) Each party to this Superpriority Trademark Security Agreement irrevocably consents to service of process in the manner provided for notices in Section 6.01 of the Security Agreement. Nothing in this Superpriority Trademark Security Agreement will affect the right of any party to this Superpriority Trademark Security Agreement to serve process in any other manner permitted by Law.
