ITEM 2
Receiving Party

	Entity	Address	Type of Entity	Jurisdiction
1.	The Bank of New York Mellon, as Notes Collateral Agent	240 Greenwich Street New York, NY 10286	Bank	USA

FIRST LIEN TRADEMARK SECURITY AGREEMENT

This **FIRST LIEN TRADEMARK SECURITY AGREEMENT**, dated as of September 30, 2022 (as it may be amended, restated, supplemented or otherwise modified from time to time, this “**Agreement**”), is made by the entities identified as grantors on the signature pages hereto (collectively, the “**Grantors**”) in favor of **The Bank of New York Mellon**, as collateral agent for the Noteholder Secured Parties (in such capacity, together with its successors and permitted assigns, the “**Notes Collateral Agent**”).

WHEREAS, the Grantors are party to the U.S. Pledge and Security Agreement dated as of September 30, 2022 (as amended or otherwise modified, the “**Security Agreement**”), between each of the Grantors and the other grantors party thereto and the Notes Collateral Agent pursuant to which the Grantors granted a security interest to the Notes Collateral Agent in the Trademark Collateral (as defined below) and are required to execute and deliver this Agreement.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Grantors hereby agree with the Notes Collateral Agent as follows:

SECTION 1 Defined Terms

Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the respective meanings given to them in the Security Agreement.

SECTION 2 Grant of Security Interest in Trademark Collateral

SECTION 2.1 Grant of Security. Each Grantor hereby grants to the Notes Collateral Agent, for the benefit of the Noteholder Secured Parties, a security interest in and continuing lien on all of such Grantor’s right, title and interest in, to and under the following, in each case whether now owned or hereafter acquired by such Grantor or in which any Grantor now has or hereafter acquires any right, title or interest and wherever the same may be located (collectively, the “**Trademark Collateral**”):

all United States and foreign trademarks, trade names, trade dress, corporate names, company names, business names, fictitious business names, Internet domain names, service marks, certification marks, collective marks, logos, other source or business identifiers, designs and general intangibles of a like nature, whether or not registered, and with respect to any and all of the foregoing: (i) all registrations and applications therefor including, without limitation, the registrations and applications listed in Schedule A attached hereto, (ii) all extensions or renewals of any of the foregoing, (iii) all of the goodwill of the business connected with the use of and symbolized by any of the foregoing, (iv) the right to sue or otherwise recover for any past, present and future infringement, dilution or other violation of any of the foregoing or for any injury to the related goodwill, (v) all Proceeds of the foregoing, including, without limitation, license fees, royalties, income, payments, claims, damages and proceeds of suit now or hereafter due and/or payable with respect thereto, and (vi) all other rights of any kind accruing thereunder or pertaining thereto throughout the world.

SECTION 2.2 Certain Limited Exclusions. Notwithstanding anything herein to the contrary, in no event shall the Trademark Collateral include or the security interest granted under Section 2.1 hereof attach to any Excluded Assets, including, without limitation, any “intent-to-use” application for registration of a Trademark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a “Statement of Use” pursuant to Section 1(d) of the Lanham Act or an “Amendment to Allege Use” pursuant

to Section 1(c) of the Lanham Act with respect thereto, solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable Federal law.

SECTION 3 Security Agreement; Intercreditor Agreement

The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Notes Collateral Agent for the Noteholder Secured Parties pursuant to the Security Agreement, and the Grantors hereby acknowledge and affirm that the rights and remedies of the Notes Collateral Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

Notwithstanding anything herein to the contrary, (i) the liens and security interests granted to the Notes Collateral Agent pursuant to this Agreement are expressly subject to the First Lien Intercreditor Agreement and the Second Lien Intercreditor Agreement (as applicable) and (ii) the exercise of any right or remedy by the Notes Collateral Agent hereunder is subject to the limitations and provisions of the First Lien Intercreditor Agreement and the Second Lien Intercreditor Agreement (as applicable). In the event of any conflict between the terms of the First Lien Intercreditor Agreement and the terms of this Agreement, the terms of the First Lien Intercreditor Agreement shall govern. In the event of any conflict between the terms of the Second Lien Intercreditor Agreement and the terms of this Agreement, the terms of the Second Lien Intercreditor Agreement shall govern.

SECTION 4 Governing Law

THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND SHALL BE CONSTRUED AND ENFORCED IN ACCORDANCE WITH, THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES THEREOF.

SECTION 5 Counterparts

The parties may sign multiple counterparts of this Agreement. Each signed counterpart shall be deemed an original, but all of them together represent the same agreement. The words "execution," "signed," "signature," and words of like import in this Agreement or in any other certificate, agreement or document related to this Agreement shall include images of manually executed signatures transmitted by facsimile or other electronic format (including, without limitation, "pdf", "tif" or "jpg") and other electronic signatures (including, without limitation, DocuSign and AdobeSign). The use of electronic signatures and electronic records (including, without limitation, any contract or other record created, generated, sent, communicated, received, or stored by electronic means) shall be of the same legal effect, validity and enforceability as a manually executed signature or use of a paper-based record-keeping system to the fullest extent permitted by applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, and any other applicable law, including, without limitation, any state law based on the Uniform Electronic Transactions Act or the Uniform Commercial Code.
