## INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT, dated as of September 12, 2022 (as it may be amended, supplemented or otherwise modified from time to time, this "Agreement"), is made by **Travel Sentry Inc.** (the "Debtor") in favor of **Banque Internationale à Luxembourg (Suisse) SA**, as Lender (in such capacity, together with its successors and assigns in such capacity, the "Lender").

### Recitals

The Debtor is a party to that certain Security Agreement, dated as of September 12, 2022 (as amended, supplemented or otherwise modified from time to time, the "Security Agreement"), among the Debtor and the other debtors that are parties thereto and the Lender, pursuant to which the Debtor granted a security interest to the Lender in such Debtor's Intellectual Property Collateral (as defined below) and is required to execute and deliver this Agreement.

### Agreement

Accordingly, in consideration of the foregoing and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Debtor hereby agrees with the Lender as follows:

#### 1. Defined terms

Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the meanings given to them in the Security Agreement.

#### 2. Grant of security interest in Intellectual Property Collateral

##### 2.1 Grant of security interest

The Debtor hereby grants to the Lender, for its benefit and the benefit of the Lender, a security interest in and continuing lien on all of the Debtor's right, title and interest in, to and under the following, in each case whether now owned or existing or hereafter acquired, developed, created or arising and wherever located (collectively, the "Intellectual Property Collateral"): all United States and foreign registered and applied-for trademarks, service marks, business names, trade names, designs, logos, indicia, and/or other source and/or business identifiers and the goodwill of the business relating thereto and all registrations or applications for registrations that have heretofore been or may hereafter be issued thereon (including, without limitation, the registered trademarks and trademark applications listed on Schedule A attached hereto); as well as all United States registered and applied-for patents, patent applications, inventions, formulas, processes, designs, diagrams, drawings, flow charts, programs, methods, know-how, apparatus, software, hardware, ideas, improvements, discoveries, systems, techniques, devices, models, prototypes, business slogans, trade secrets, written materials, and any other work product of any nature; and all common law and other rights in and to all of the foregoing; the right to sue for all past, present and future infringements of any of the foregoing; and all common law and other rights in and to all of the foregoing; in each of the foregoing cases whether now existing or hereafter created or acquired and wherever located throughout the world.

## 2.2 Certain limited exclusions

Notwithstanding anything herein to the contrary, in no event shall the Intellectual Property Collateral include or the security interest granted under Section 2.1 hereof attach to any "intent-to-use" application for registration of a trademark or service mark filed pursuant to Section 1(b) of the Lanham Act, 15 U.S.C. § 1051, prior to the filing of a "Statement of Use" pursuant to Section 1(d) of the Lanham Act or an "Amendment to Allege Use" pursuant to Section 1(c) of the Lanham Act with respect thereto, solely to the extent, if any, that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of any registration that issues from such intent-to-use application under applicable federal law.

## 3. Security Agreement

The security interest granted pursuant to this Agreement is granted in conjunction with the security interest granted to the Lender pursuant to the Security Agreement, and the Debtor hereby acknowledges and affirms that the rights and remedies of the Lender with respect to the security interest in the Intellectual Property Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

## 4. Governing law

This Agreement shall be governed by, and construed in accordance with, the law of the State of New York. The parties hereby submit to the exclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York State court sitting in New York City for purposes of all legal proceedings arising out of or relating to this Agreement or the transactions contemplated hereby. Each party irrevocably waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of the venue of any such proceeding brought in such a court and any claim that any such proceeding brought in such a court has been brought in an inconvenient forum.

## 5. Counterparts

This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page of this Agreement by telecopy or in electronic (*e.g.*, "pdf" or "tif") format shall be effective as delivery of a manually executed counterpart of this Agreement.

Accordingly, the Debtor has caused this Agreement to be executed and delivered by its duly authorized officer as of the date first set forth above.
